Student Information Systems Project Now Hiring a Student Quality Assurance Assistant

Wanted: Students to Transform the Student Technology Experience at UC Berkeley
The Student Information Systems Project (sisproject.berkeley.edu) is replacing the current admissions, enrollment, registration, financial aid, student accounts, and advising systems with a modern, nimble and effective vendor-supported system. The Quality Assurance Assistant will become a part of the UCB Student Information Systems Testing Team and help us locate flaws in new CalCentral functionality before it is launched to campus. You’ll be part of a multi-disciplinary team consisting of professional and student developers, designers, project managers, and support staff. The position starts immediately and lasts through the summer. Pay is $15/hour. For more information, review the job description (https://tinyurl.com/n52sq83) and see Handshake Job ID# 761669. To apply, send a cover letter and resume to Keerthy Puttangunta–keerthyp@berkeley.edu

Research Assistant Job Opening, Starkey Hearing Research Center

Wanted: Research Assistant with Enthusiasm for Auditory Science!
This paid position will give you an opportunity to become part of a hardworking Starkey Hearing Research Center (SHRC) team! Research Assistants should be willing to interact with research participants, read/keep up with relevant literature, work with other researchers to achieve goals in a timely manner, and be self-motivated to tackle new projects as they arise.

Current research focuses include behavioral and EEG studies.

Rate: $17.50/ hour
Time requirement: 20 hours (maximum) a week, starting immediately
Location: 2150 Shattuck Ave, Ste 408, Berkeley CA 94704-1362 (Office is on the 4th floor)
Application deadline: Friday, June 9th (5 pm)
Number of Positions: 2 available

If you are interested in the position, please email a copy of your Resume/CV, Cover Letter, and two references’ contact information to:

Research Associate Job Announcement

Lawrence Berkeley National Laboratory (LBNL) addresses the world’s most urgent scientific challenges by advancing sustainable energy, protecting human health, creating new materials, and revealing the origin and fate of the universe. Founded in 1931, Berkeley Lab’s scientific expertise has been recognized with 13 Nobel prizes. The University of California manages Berkeley Lab for the U.S. Department of Energy’s Office of Science.
About this Job

Berkeley Lab’s Molecular Biophysics & Integrated Bio imaging Division has an opening for a Research Associate to provide research support for a program of brain imaging research. This project involves recruiting and scanning individuals using MRI and PET scanning. This position will play a key role in recruitment of subjects. The Research Associate will assist during the acquisition of PET and MRI data and be involved in quality control of images acquired, as well as data analysis of these images.

What You Will Do:

- Recruitment of subjects to the experimental protocol.
- Assisting during scanning, including assisting other research assistants and operating scanner consoles.
- Utilize existing programs for obtaining quantitative metrics from brain images, including structural MRI scans, functional MRI scans and PET scans, to manage and log datasets.
- Modify existing programs/processing pipelines using a variety of scripting or programming languages.
- Prepare databases of quantitative data from brain images.
- Analyze data using software for statistical hypothesis testing.
- Prepare reports in both statistical analytic formats and graphs/figures.
- Maintain adequate logs and records of all analyses.

What Is Required:

- Undergraduate major in psychology, neuroscience, cognitive science, or related field.
- Basic knowledge of statistics.
- Experience using computer software to analyze medical images of the brain such as fMRI, structural MRI or PET.
- Experience and proficiency working with statistical hypothesis testing software.
- Experience documenting research results and record keeping.
- Experience with human subject research.
- Good organizational skills and attention to detail.
- Good communication skills.

Additional Desired Qualifications:

- Experience with studies of higher cognitive function (such as memory, language, etc) in humans.
- Experience with Python or MATLAB.

Hiring passionate activists to defend the CFPB

U.S. PIRG is a consumer group that stands up to powerful interests whenever they threaten our health and safety, our financial security, or our right to fully participate in our democratic society.

Right now U.S. PIRG is fighting to defend the Consumer Financial Protection Bureau (CFPB) from legislation that would gut Wall Street reforms and destroy the CFPB as we know it.

The CFPB is the first federal agency devoted to protecting consumers in the financial marketplace. You may recall that in 2016 the CFPB held Wells Fargo accountable for unfair treatment of its customers. The enforcement action the CFPB took against Wells Fargo was one of many times the CFPB has required banks and other financial companies to pay fines and compensate customers for wrongdoing.

That is why we need your help. In order for us to mobilize widespread support to protect the CFPB, we are hiring people who are passionate about advocating for our citizen’s best interests.

U.S. PIRG fellows work hard to advocate for the public interest — whether it’s by developing campaigns, building coalitions, mobilizing and organizing the public, showcasing our work online and in the media, or making our case directly to decision makers.

Learn more about our full-time positions on our website.

UCLA 4KEEPS Research Coordinator Position

Research Coordinator Position at UCLA
Applications due July 1st

We are hiring a full-time research coordinator to assist in the conduct of two collaborative community-based studies of evidence-based practices (EBPs) in children’s mental health and school settings. Under the direct supervision of Dr. Anna Lau, the coordinator will work on the 4KEEPS Project focused on “Identifying Quality Indicators within Multiple EBP Delivery in Child Mental Health Services” and the TEAMS Study focused on “Translating Evidence-Based Interventions for Autism Spectrum Disorder (ASD): A Multi-Level Implementation Strategy”.

About 4KEEPS
This is a two-site (UCLA and UCSD) NIMH-funded project focused on community therapists implementation of multiple evidence-based practices for children’s mental health within a system-driven reform in Los Angeles County. The aims of the new study are to develop a pragmatic quality assessment tool to assess therapist delivery of EBP strategies associated with positive client outcomes. This study is being conducted by Drs. Lauren Brookman-Frazee and Anna Lau.

About TEAMS
This is a set of two coordinated NIMH-funded studies that will test ways to support community providers in their learning and delivery of treatments for ASD. TEAMS is being carried out in three-sites (UCLA, UC Davis and UCSD) under the direction of Drs. Lauren Brookman-Frazee, Aubyn Stahmer and Anna Lau.

Responsibilities:
Data collection with study participants in community mental health agencies and public schools
Training and management of research assistants
Observational coding of recordings of EBP delivery in the community
General project tasks including data tracking and management and analyses, preparing study materials, literature searches, report and manuscript preparation.

Preferred Qualifications:
Bachelor’s degree in Psychology, Education, or related field
Experience with data entry/management programs (e.g., SPSS)
Observational coding experience
Research methods coursework, mentored research experience, or equivalent
To apply send CV and letter of interest to Dr. Anna Lau alau@psych.ucla.edu.

➢ Job opportunities for recent grads with PIRG Campus Action

As you know, the PIRG Campus Action team thinks the best time to start solving any big social problem is now. The best place to start? Right here on college campuses. The best people to take it on? Us and anybody we can get to join us.

We are organizing campaigns to urge communities and companies to switch to 100 percent renewable energy from California to New England.

Going renewable is just one way we’re tackling climate change, and our climate is just one of the problems we’re out to solve.

That is why we need your help.
We are looking to hire our next class of organizers who will help us make an impact. This fall we need to hit the ground running with a team of dedicated activists. We are looking for people with the passion and the drive it takes to fuel the power of student activism, win positive change, and build for even more victories in the future.

You can learn more about PIRG Campus Action and apply here.

Job opportunities for recent grads with U.S. PIRG's Higher Education Project

Are you a recent graduates who is passionate about helping their peers and students across the country by working to make college education more affordable? If so, then you might be a good fit for our open Higher Education Fellowship.

That is why U.S. PIRG's Higher Education Project is working to:

1. **Keep loans affordable:** U.S. PIRG is campaigning to prevent interest rates from doubling and advocating for more and better repayment options once a student graduates.

2. **Increase grant aid to students, such as the Pell Grant:** The Pell Grant provides scholarship aid to almost 10 million students of modest income each year. U.S. PIRG is making sure that every student can rely on their grant to stay in school and make it to graduation.

3. **Make textbooks affordable:** The average student is now paying over $1,100 every year for textbooks. U.S. PIRG is fostering competition in the textbook marketplace by promoting more affordable options like open textbooks.

We are looking for a fellow to join our Higher Education Team to help us fight for past, current, and future students.

PIRG fellows work to mobilize political and public support for our campaigns including getting media hits, building coalitions, and raising money.

Work Study Position: Peer Nutrition Educator for University Health Services, Social Services

$15/hour x 64 hours/semester
Position: #1917491295.
(Approximately 4 hours per week x 16 weeks. Days and times TBD, occasional evenings.) One-year commitment strongly preferred, academic year 2017-2018
Work Opportunities – 06.26.2017

The UHS Peer Nutrition Educators broaden the reach of UHS nutrition services and enhance student wellness through three main services: **body image training**, **nutrition education**, and **food and cooking skills development**. Under the supervision of a UHS Wellness Dietitian, Peer Nutrition Educators will be trained in the three major topics as well as presenting and teaching skills, and participate in several outreach activities on campus. Outreach activities will take place at various campus locations and will be planned in advance or by request. Possible outreach activities may include: providing nutrition education for the student food pantry, giving a presentation for a student group or club, creating a short educational video, or leading a body image workshop at a residence hall or co-op.

**Qualifications:**
- Interest in learning more about nutrition, food, cooking, and body image. (Expertise in these topics *not* required, though some previous education will be helpful.)
- Willingness to follow through on commitments.
- Flexibility and willingness to work occasional evening events.
- Must enjoy interacting with people or be willing to develop interpersonal skills.
- This position is *not* appropriate for students currently or recently struggling with eating disorders or disordered eating.

**Wanted: Lab Manager for UC Berkeley Auditory Perception Lab!**

This paid position will give you an opportunity to manage the research in Professor Hafter’s auditory perception lab at Cal! The Lab Manager should be willing to interact with research participants, read/keep up with relevant literature, work with other researchers to achieve goals in a timely manner, and be self-motivated to tackle new projects as they arise.

Bilingual: Spanish/English a plus, but not required.

Current research focuses involve the cocktail party problem and studies of attention in diverse listening environments.

Rate: $17.22/ hour

Time requirement: 20 hours (maximum) a week, starting immediately

Location: Tolman Hall, B-50, UC Berkeley

Application deadline: Friday, June 25th

Number of Positions: 1 available

If you are interested in the position, please email a copy of your Resume/CV, Cover Letter, and two references’ contact information to:

The Sutardja Center for Entrepreneurship and Technology (SCET)

The Sutardja Center for Entrepreneurship and Technology (SCET) at UC Berkeley is looking to hire a current UCB student to work as the Global Engagement Coordinator whose primary responsibilities are to assist with communicating, developing, and managing relationships with the global partners/affiliates of the center. Applicants must be available to start at the beginning of August, and ideally remain in the position until the end of the Academic year.

Students with strong organization and communication skills, and the ability to work with people of diverse backgrounds are strongly encouraged to apply. The pay rate is $15 p/h and work-study is preferred, but not required. Interested applicants should send a brief statement of interest (one paragraph) and a copy of their resume as one document to: Susan Giesecke (sgiesecke@berkeley.edu)
