

➤ **Wright Institute's Adult Assessment**

Hello Berkeley Psych Students!

Want to earn \$60?

The Wright Institute's Adult Assessment course is currently accepting (paid) volunteers for psychological testing. You will be evaluated by a graduate student-clinician who is pursuing a doctoral degree in Clinical Psychology and currently taking a yearlong course in psychological assessment.

Through the use of a variety of standard psychological tests, your student-clinician will practice the administration of tests of cognitive strengths and weaknesses, and personality traits. No feedback is available to volunteers, as students are currently in training. Your participation is for the benefit of your student-clinician's learning.

Participants will be reimbursed a one-time stipend of \$60.

Please contact Kate Petersen (kpetersen@wi.edu) for more information.

Thank you for your interest!

➤ **International Pre-Collegiate Program (IPCP) High School Intern**

Summary of the position

Provide supervision and mentorship for international high school students. Supervision includes daily night roll-call, chaperon on weekend field trips and end-of-program Los Angeles trip. Mentorship includes addressing students' concerns and questions, organizing and leading extracurricular activities.

Term of employment

From June 15, 2017 to August 15, 2017

Salary

\$2200

Benefits

- Off-campus housing offered for the whole duration of the program
- Enhancement of leadership skills
- FUN (theme park, So-Cal beach, field trips, social events, etc.)

Reports to

- Program Coordinator
- Program Directors (when Program Coordinator is unavailable)

Key areas of responsibility (but not limited to)

April 17, 2017: Internship and Volunteer Opportunities

- Greet and Pick up students at SFO at the beginning of each Berkeley summer session (2 times)
- Conduct daily roll call at 9pm (30-60 minutes)
 - Check in with students on how they are doing
 - Organize and lead discussion section on daily (or weekly) topic
 - Address student's concerns and answer their questions
- Chaperone weekend field trips and LA trip
 - Ensure every safety rules are met when students are on field trip
 - Contact students as often as needed and have a general sense of where they are
- Plan and Organize activities
 - Organize group activities, small social events to introduce students to American Culture
 - NOTE: All proposed activities should be reported to Program Coordinator at least one week in advance. Upon receiving permission, interns can carry on the proposed activity. This is required due to safety reasons
- Live in provided dorm
 - Housing will be provided during the duration of employment. Interns are required to live close to students to better assist them
- Enforce rules and policies strictly
 - No alcohol, smoking, or any other unprofessional and unappreciated behavior during the internship. This applies to both interns and students

 - After every roll call
 - When there is emergency (illness, accident, missing student, etc.)
 - Fulfill 5 hours of office workload every week (more details will be announced during training)
- Develop a summer project with fellow interns
- Attend weekly meeting with Program Coordinator and Program Directors
 - Report on the work progress every week
 - Check in with fellow interns
 - Raise questions/concerns and Propose solutions
 - Discuss about summer project (more details will be announced during training)

Please feel free to have them to send resume to this email (ipcp.ucberkeley@gmail.com) if you would like to apply for this internship.

➤ **San Francisco VA Hospital PTSD Research Program** **“Volunteer Sleep and PTSD Research Assistant**

The Stress and Health Research Program at the San Francisco VA Medical Center and the University of California San Francisco (UCSF) is seeking a Volunteer Research Assistant to assist with a running research study focused on PTSD, cognition, and sleep.

The Research Assistant will be responsible for assisting in recruitment, study administration, and data management for the research project. Duties will include assistance with compilation of and distribution of recruitment letters and mailings, screening of potential participants over the phone,

April 17, 2017: Internship and Volunteer Opportunities

administration of sleep and wake EEG and psychophysiology measurements, and data entry, data cleaning and data preparation for analysis.

The Research Assistant will volunteer a minimum of 8 hours per week. Study procedures occur weekly on Friday and Saturday, so availability on Friday or Saturday is strongly preferred. Hours completed M-Th will involve recruitment of new participants, data management tasks, and additional office-related tasks.

The ideal candidate will:

- Possess or be in the advanced stages of a BA/BS degree in psychology
- Possess a minimum 1 year of prior research experience
- Possess strong interpersonal and oral communication skills
- Possess familiarity with diagnostic and therapeutic issues related to PTSD

Additionally:

- 1 year commitment is required
- Prior experience in psychophysiology experiments and EEG acquisition is desirable
- Prior experience in clinical settings is desirable
- Volunteers available on Fridays or Saturdays will receive priority consideration

Individuals who may find this work most rewarding are those with plans to pursue advanced training in a psychology, neurosciences or another health sciences field

If you are interested in applying for this position, please email a cover letter and resume to the following email addresses with the subject heading "PTSD and Sleep Volunteer Position":

➤ anne.richards@ucsf.edu & samantha.hubachek@va.gov

➤ **California Volunteers**

My name is Leah Farkas and I am the lead researcher working on a project aimed at measuring volunteerism inside the California state-run prison system. The project is funded with federal grant money through California Volunteers, Office of the Governor. I am looking for several student volunteers to help me with data entry over the next month or so. The work will be completed at two locations. The first is during the regular work week at the California Volunteers office located in downtown Sacramento across from the Capitol. The second is in the bay area (exact location still to be determined) on April 22nd from 9am-5pm.

April 17, 2017: Internship and Volunteer Opportunities

We are asking for a 6 hour minimum commitment from each student volunteer to be completed in one or two sessions. There is also an opportunity for up to 40 hours of volunteering per student.

Please note that volunteers working inside the CaliforniaVolunteers's office will need to fill out and sign some standard paperwork at the beginning of their first shift. Volunteer shifts are now open and will run through at least the end of April with additional possible opportunities in May depending on work load.

Please contact me directly here or on my cell at [530-848-7020](tel:530-848-7020) to schedule shifts. Also, please feel free to reach out to me with any questions at anytime.

Thank you in advance for you time and efforts.
