Describe or provide a link to program admissions that allow students to enter with credit for prior graduate work, and the expected implications for time to completion: Previous graduate work is not expected to significantly shorten time to graduation. The Director of Clinical Science will review coursework, together with the instructor of required courses, to determine whether any previously completed courses can be accepted as meeting requirements.

Funding

Financial support is available to all enrolled students. The support comes from different sources: Some students obtain University or national fellowships; others are supported by Graduate Student Instructor (teaching) or Graduate Student Researcher appointments. The support typically pays at least 90% of the resident fees and provides a stipend.

Graduate Student Funding Information, 2012 - 2013

- ✓ These figures are informational only. Registration fees and non-resident tuition are subject to change, and are set by the UC Regents usually in the summer.
- ✓ For Graduate Student Instructor (GSI), the stipend is for a 50% appointment at Step I for ten months (August 2012 – May 2013) based on pay rates for the 2012-2013 academic year.
- ✓ For Graduate Student Researcher (GSR), the stipend is for a 50% appointment at Step V for ten months (August 2012-May 2013) based on pay rates for the 2012-2013 academic year.
- ✓ Non-Resident Tuition is paid by the Department for the first year only. Eligible students are expected to become California residents before the start of their third semester.

LICENSURE

Outcome	2006-2014
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	45
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	35
Licensure percentage	77.7

The Clinical Science Program at the University of California, Berkeley prepares students for professional clinical activities. It is our experience that all of our graduates who are required to obtain state licensure as a psychologist for their employment have done so successfully.

PROGRAM

All Clinical Science students must carry APAIT Student Liability Insurance while conducting clinical work while in residence (therapy, assessments, community work both in the Clinic and while on any Externship assignments). Students apply for this insurance (<http://www.apait.org/apait/>) at the beginning of the first semester upon arrival in the program and renew it annually while in residence. The Clinical Science Program reimburses the cost of the coverage for clinical work conducted in the Psychology Clinic. Copies of the policy must be on file in the Clinic Office. Current APAIT Student Liability Insurance Cost: \$35.00 per annum
