I want to go to grad school in Psychology!

1. Why?

To do therapy
- Psy.D. DEBT ALERT!
- M.A. Programs
  - M.A. in Family Therapy, Clinical, etc.
  - Consider M.A. Educational Psychology Programs

To do research & teach
- LCDC the quickest route to becoming a therapist
- Ph.D. in many different non-clinical areas
  - Consider: hot areas of Health Psych, Cognitive Neuroscience, I/O
- Ph.D. in Clinical Psychology HARDEST TO GET INTO!
  - Focus on special populations: Gero, Forensics, Vets, or specific disorders

To do research, teach & therapy
- Consider Ph.D. or Ed.D in Counseling/Educational Psychology

2. High GRE scores, GPA, and research experience?

3. How long to stay in school?

4. What are your specific topics of interest?
