

Sample Schedules

These schedules are examples of how to space out your coursework during your time at UC Berkeley. They need not be followed exactly as they are shown, but rather give you an idea of how to finish your coursework and still graduate on time.

Students who start at UCB as Freshmen:

First Semester, 1st Year	Second Semester, 1st Year
Psych 1	Biological Science Evolution
First Semester, 2nd Year	Second Semester, 2nd Year

Psych Decade (Breadth #1) Psych Decade (Breadth #2) Psych 199**	Psych 101 Psych Decade (Breadth #3) Psych 199**
Third Semester	Fourth Semester
Psych elective (Breadth #4) Psych Seminar* Psych H195A/H194A (Honors)***	Psych elective Psych elective Psych H195B/H194B (Honors)***

- * Seminar courses are those upper division Psychology courses that end in "8" or Psych 192. Please see department for restrictions.
- ** Although we do not require research, we encourage students to become involved in their junior year especially those considering an Honors thesis.
- *** Students who are taking honors should enroll in the Honors seminar (H194AB, optional) and Honors thesis (H195AB, required). Other students may participate in 199 or internship opportunities.
