➤ The Sutardja Center for Entrepreneurship and Technology (SCET)

The Sutardja Center for Entrepreneurship and Technology (SCET) at UC Berkeley is looking to hire a current UCB student to work as the Global Engagement Coordinator whose primary responsibilities are to assist with communicating, developing, and managing relationships with the global partners/ affiliates of the center. Applicants must be available to start at the beginning of August, and ideally remain in the position until the end of the Academic year. Students with strong organization and communication skills, and the ability to work with people of diverse backgrounds are strongly encouraged to apply. The pay rate is \$15 p/h and work-study is preferred, but not required. Interested applicants should send a brief statement of interest (one paragraph) and a copy of their resume as one document to: Susan Giesecke (sgiesecke@berkeley.edu)

➤ Career Opportunity for Recent Graduates/ Soon to be Graduates

We are large non-profit organization that seeks to end family homelessness in the SF Bay Area. To do this, we are hiring passionate, smart, and dedicated individuals to help support our mission. This is part of a large public-private partnership campaign called Heading Home, which commits to serving 800 homeless families by 2020.

We would love to connect with students at your university who will soon be graduating or are looking to work full time while they study.

Specifically, we'd be delighted to come present at classes in relevant disciplines, present and answer questions for on-campus recruiting opportunities, and/or share collateral and postings with your career office.

Hamilton Families

Join the Heading Home team and help Hamilton Families end family homelessness in SF by 2020

We are currently hiring Housing Navigation Specialists, Housing Retention Specialists, and Landlord Liaisons.

Check out more about us on our website or contact Janelle Charles at jcharles@hamiltonfamilies.org if you would like to learn more about our work.

➤ **Postdoc & full time RA positions at the Wisdom & Culture Lab in Waterloo**

Postdoctoral Research Fellowship in Psychology University of Waterloo, Ontario, CANADA

The Wisdom and Culture Lab in the Department of Psychology at the University of Waterloo (uwaterloo.ca/wisdom-and-culture-lab), directed by Professor Igor Grossmann, is seeking applications for a 2-year Post-Doctoral Research Associate, beginning Spring/Summer 2018. The postdoc is broken into two one year segments, with opportunity for renewal at one year mark assuming excellent performance.

POSITION DESCRIPTION: The successful candidate will work closely with Dr. Grossmann on projects funded by the Ontario Early Researcher Award and the Pathways to Character Initiative, examining the topics at the intersection of cognitive science, reasoning and meta-cognition, stress and emotion regulation, social ecology, and computer science (with a special focus on machine learning and mobile physiology assessment). Our interdisciplinary team is at the forefront of experimental wisdom research and the post-doctoral associate will have an opportunity to learn about the lab's methodological advances and contribute to their further development. The postdoc will enjoy unique opportunities to collaborate on ongoing research, develop new studies, co-author publications, forge new scholarly connections within the Department, and advance his/her independent program of research.

QUALIFICATIONS. Competitive candidates will have: a PhD in psychology or a related discipline by the time of appointment; a strong track record of research and interest in topics such as stress/emotion regulation, meta-cognition, reasoning, social ecology, machine learning, excellent quantitative statistical skills, and excellent manuscript writing skills. Extensive programming and/or big data analytic experiences are greatly desired.

Salary will be benchmarked above the SSHRC postdoctoral fellowship pay scale at approximately \$45K per annum plus benefits. Postdoctoral candidates who have their own funding may also apply.

APPLICATION INSTRUCTIONS. Please submit the following materials to Ms. Sonia Vintan by email (<mailto:svintan@uwaterloo.ca>): a cover letter; CV; a 2-3 page personal/research statement containing biographic information, relevant research experience, and career goals; up to three sample publications; and the contact details of three referees. Review of applications will continue until the position is filled.

Please direct inquiries to Dr. Grossmann by email (<mailto:igrossma@uwaterloo.ca>).

Seeking Postdoctoral Associate and Full-Time Research Assistant
University of Waterloo Department of Psychology
Waterloo, CANADA

Overview: We are now hiring to fill 2 new research positions in Psychology at the University of Waterloo, located about 1 hr from Toronto. Applications are sought for (1) a Postdoctoral Associate and (2) a full-time Research Assistant (RA). Successful candidates will work closely with Dr. Igor Grossmann to coordinate and initiate new research on a wide range of topics represented in the Wisdom and Culture Lab (uwaterloo.ca/wisdom-and-culture-lab).

Postdoc Position: Applicants for the postdoc position must have a PhD in Psychology or related field and strong interpersonal, writing, quantitative, and programming skills. Though not essential, candidates should preferably have a specialization in Cognitive or Social Psychology, an interest/background in research on cognitive science, stress/emotion regulation, and/or big data analytics. The position has a flexible timeline, with preference for a 2-year commitment. A competitive salary, including benefits, will be provided. Postdoctoral candidates who have their own funding may also apply. Participation in department-wide activities and collaborations will be encouraged, as applicable.

Full-time RA Position: Applicants for the full-time RA position should have an undergraduate degree in Psychology or related field, with a desire to gain valuable research experience before applying to graduate school. The position has a flexible timeline, with preference for a 2-year commitment. A competitive salary, including benefits, will be provided. The position will involve coordination of grant-funded research studies, including participant recruitment and data collection and management. The successful applicant will benefit from unique opportunities to participate and train in experimental, survey, and big data research methods within an academic setting and to gain exposure to a community population from the greater Waterloo area. Preferred qualifications include an excellent academic record, strong interpersonal, leadership, writing, and organizational skills, programming skills (R, Python), background in psychophysiology, and experience with data management and analyses.

How to apply: All interested applicants for either position should contact Igor Grossmann directly at igrossma@uwaterloo.ca to signal their desire to apply or seek additional information. Review of applications will begin immediately and continue until the positions are filled.

➤ Career Opportunities with Seneca for Students

Clinical Opportunities

Seneca Family of Agencies is dedicated to providing unconditional care for over 18,000 vulnerable youth and families each year through community based, education, and permanency programs.

Our Unconditional Care model is strengths-driven, family centered, and rooted in the communities we serve.

All of our clinician positions include ongoing individual and group supervision, advanced clinical workshops, a clinical training stipend, and pathways towards clinical supervision and program management.

*"I work with **creative**, clinically-minded individuals with **fresh** and **exciting** approaches to **social work**. I'm encouraged to think outside the box and provided the **professional development** to do so."*

-Seneca Employee

Impact Youth in Your Community With a Career at Seneca!

In the last year:

- Seneca supported **871** children and youth through intensive home-based mental health services
- Seneca served **900** children through clinic-based services
- Seneca diverted from hospitalization **1027** youth experiencing acute crisis, through crisis intervention and stabilization programs

➤ **National Institutes of Mental Health (NIMH)**

Intramural Research Training Award (IRTA) Position

Research Assistant Position

The Department of Health and Human Services (DHHS), National Institutes of Health (NIH), National Institute of Mental Health (NIMH), Emotion and Development Branch, Section on Mood Dysregulation and Neuroscience (SMDN), in Bethesda, Maryland, seeks qualified individuals to fill IRTA (Intramural Research Training Award) positions, with employment starting late May/early June 2018. SMDN conducts research on the brain mechanisms and treatment of mental illness in youth. Our particular research interest involves the investigation of the brain mechanisms associated with chronic irritability in children and adolescents, and in using this brain-based knowledge to develop new treatments. These new treatments include computer-based psychological interventions and new applications of Cognitive Behavioral Therapy (CBT).

The full-time positions require a bachelor's degree and a U.S. citizenship or permanent resident status (resident alien). A minimum commitment of one year is expected; however, a two-year commitment is strongly preferred.

Duties and responsibilities include assistance with and participation in all aspects of the research enterprise: patient and healthy volunteer screening and recruitment; protocol implementation; data collection, entry, and analysis; and manuscript preparation. This work involves using computer statistical and graphics programs, preparing blood samples, and researching scientific literature. In addition, the position involves regular patient contact during outpatient cognitive behavioral therapy (CBT) and computer-based psychological treatment clinic visits. IRTAs can observe diagnostic interviews with patients and become familiar with standard psychometric procedures. IRTAs are also involved in training subjects to participate in neuroimaging and analyzing neuroimaging data.

IRTAs will work as part of a multidisciplinary research team including physicians, psychologists, clinical social workers, and psychiatric nurses at the nation's largest medical research center, the NIH in Bethesda, Maryland. Successful applicants will be awarded post-baccalaureate Intramural Research Training Award (IRTA) Fellowships, which provide opportunities for recent college graduates to spend time engaged in biomedical investigation. During their tenure in the program, post-baccalaureate fellows are also expected to initiate the application process for graduate or medical school.

Interested individuals should complete the online application found at the following website (link can be found under "Application Procedure"):

https://www.training.nih.gov/programs/postbac_irta

Following completion of the online application, individuals should also forward a letter of interest and resume to:

Julia Brooks
National Institute of Mental Health
National Institutes of Health
Department of Health and Human Services
julia.brooks@nih.gov
301-435- 6647

➤ **Psychological Assistant Opportunity**

Private practice in San Francisco, CA is seeking a psychological assistant to provide substance abuse treatment to adolescents, adults, families, and groups. There is also opportunity for administering psychodiagnostic assessments. Benefits of this position include supervision and training on harm reduction psychotherapy, accrual of hours toward licensure, and learning to establish a private practice.

The office is located in the Sunset District of San Francisco. Supervision will be provided for obtaining post-doc hours toward licensure. The assistant will also learn the marketing and networking skills necessary to establish their own private practice upon licensure.

The position is part-time with the opportunity to increase hours if desired. Must be able to work Mondays and Fridays. Hours are flexible, although weekday evening hours are most likely to fill first.

This position is ideal for a motivated, high-achieving self-starter, who is eager to hone their psychotherapy skills via supervision, reading, and training. Interest in developing own client base and referral sources via networking is also a critical component of this position.

Training will be provided, but the clinician is expected to work on growing their own practice.

Qualifications:

PhD or PsyD in Clinical Psychology from an accredited university

Completion of a pre-doctoral internship

Current valid registration as a Psychological Assistant with the Board of Psychology of the State of California by start date

Excellent clinical skills with references that can confirm level of clinical skill, knowledge of laws/ethics, and professionalism

Experience with insight-oriented and evidence-based therapies applied to diverse patient populations

Knowledge of addiction and experience working with dual diagnosis patient populations

Excellent report writing skills, if interested in administering assessments

Previous experience working with LGBTQ and POC a plus

Spanish-speaking bilingual preferred, but not necessary

Application process:

If interested, please respond to drfernandez@poweroveraddiction.com with the following:
Current CV, with references

A brief cover letter describing your interest in the position, how you meet the required qualifications, and your experience working with addiction

A sample of your report writing, if interested in assessments

➤ **Two Positions in the Georgetown Lab for Relational Cognition**

The Laboratory for Relational Cognition at Georgetown, directed by Dr. Adam Green, is seeking a full-time lab manager and a half-time study coordinator to contribute to neurocognitive research on learning, reasoning, and creativity in high school students and young adults.

For more information on the lab, see our [website](#). For more information on the positions, please see the attached description. With any questions, please contact Nhi Dinh at cnglab@georgetown.edu.

➤ **International Opportunities**

COSTA RICA: Domestic Violence - Spanish fluency required - great place to get experience!

Work in the shelter: do crisis, individual or group counseling and/or play therapy with the kids; advocacy in court;
community education; help women become economically independent so they can leave abusive relationships.

UGANDA: Secondary School - another great place to get experience!

This is an excellent place to get counseling experience, especially if it is your first experience.

Help counseling students about their goals and how to get to them.

Most come from poor farming villages and Uganda has few jobs. But you can help as a "guidance counselor."

PERU: Goal Counseling - Spanish fluency needed

This is the prototype for the above program in Uganda.

A psychotherapist launched a great initiative to help kids with their goals & steps to them.

Many of the youth in this program previously were shining shoes to support their families.

The tutoring part of the program helps them succeed in school and is a ticket out of poverty.

Can you help them envision a brighter future & how to get to it? Great way to get youth and counseling experience.

This is in an extremely beautiful mountain setting.

KENYA: Counseling Kids

This is another great place to get beginning counseling experience.

Work with kids whose parents have died of AIDS, or abandoned their kids because of alcohol or drug addiction.

Do individual or milieu/activities therapy, and work in community doing (extended) family/home visits.

LEBANON: Counseling and/or Outreach to Syrian Refugees

Lebanon does fascinating psycho-social work in via their mobile Educational unit to do outreach to Syrian refugees.

Art therapy is especially useful. Or help do case work with refugees.

If you can speak Arabic and have strong counseling skills, you can actually help with counseling.

CAMEROON: Alternatives to Violence

When a social worker from Canada asked an audience of 50 men, how many of them beat their wives. 48 hands went up!

"Why" "How else would you get them to mind?" You will also see corporeal punishment in schools and homes.

Are you comfortable with public speaking? Come teach positive reinforcement and other ways of interacting.

LEBANON: Activities Therapy with Seniors (80% Syrian refugees)

The most active and enthusiastic program in their community centers are with the seniors!

Come get experience planning outings and activities - baking, ceramics, gardening, singing. Because this is activity based not as essential to speak Arabic.

INDIA: Geriatric

Do you have working with seniors or in home health care or any part of Gerontology?

Help the equivalent of a local community college develop curriculum in Geriatric Work: half practice; half theoretical.

THAILAND: Dance, Music, Art & Drama Therapy

Work with innovative organization that helps kids with developmental disabilities through dance, music, art or drama therapy.

Use behavioural therapies to help kids attend, focus, interact and learn social skills.

INDIA: Training Barefoot Counselors

This program was started by an Indian social worker. Because language poses a barrier to

actually counseling,
they ask for people that can train their staff in mental health issues such as depression, suicide, abuse and psychosis.

NEPAL: Trafficking

Sex traffickers prey on young women in rural Nepal that want out of poverty.

Traffickers promise them a job; instead girls are tricked into prostitution and sexual exploitation in India.

Come help in the remote rural villages: teach English and literacy to create another life for these girls.

This position does not involve counseling but it is a rare opportunity to help with sex trafficking.

The following positions require more experience:

UGANDA: Trauma Counseling with Child Soldiers & Sex Slaves

We need psychotherapists with extensive trauma experience - 10 or many more years.

Why? What these former child soldiers experienced is horrific.

When they were first captured, most had to kill their family or be killed.

They still experience nightmares & flashbacks & what locals describe as "demonic possession"

and have only had some help from World Vision when they first were released.

Are you up for the challenge? We need the best and the brightest.

KENYA: Sexual Abuse

While physical abuse/ domestic violence is beginning to be addressed throughout the world, sexual abuse is still taboo and unaddressed. This program is an exception for Africa.

Experienced in trauma, sexual abuse, gender based violence, EMDR and/or PTSD? We need you here!

Therapists with backgrounds in music, art or dance therapies especially helpful as Freudian based therapies and most talk therapy is very new and foreign in Kenya.

Interested?

Please read NGOabroad website

<http://www.ngoabroad.com/>

and send answered Questionnaire and resume to:

info@NGOabroad.com

These are volunteer opportunities.

Both students & seasoned professionals are needed.

Applications are accepted on a rolling basis.

➤ **Destination College Advising Corps: Now Accepting Applications! 3/5/18**

DESTINATION COLLEGE ADVISING CORPS (DCAC) IS RECRUITING FULL-TIME COLLEGE ADVISER FELLOWS

Interested in increasing educational opportunities for youth and creating a college going culture in schools?

DCAC places recent college graduates at partner school sites located in Alameda, Contra Costa, Santa Clara, and Solano County to be a resource for students in their pursuit of post-secondary education. College Adviser Fellows take part in a one-month College Advising Institute during the summer prior to school site placements and receive continual training throughout the academic year.

➤ **Psychology summer job opportunities: Johns Hopkins, Center for Talented Students**

Summer 2018 Employment Opportunities

Psychology Instructor and Teaching Assistant

CTY offers challenging academic programs for highly talented elementary, middle, and high school students from across the country and around the world. We are currently seeking highly motivated and qualified candidates to work in our summer programs. Information regarding employment and our summer programs can be found at cty.jhu.edu/jobs/summer.

We are currently seeking individuals for the following psychology-related courses:

- [The Sensory Brain](#) (grades 5 and 6)
 - [Foundations of Psychology](#) (grades 7 and above)
 - [Cognitive Psychology](#) (grades 7 and above)
 - [Neuroscience](#) (grades 7 and above)
 - [Madness and Insanity: A Social History](#) (grades 10-12)
 - [The Psychology of Religion](#) (grades 10-12)

Why teach for CTY?

- opportunity to teach motivated and talented students a subject they love
- limited class size (maximum of 18 students) ensures a low student-teacher ratio
- all classes are taught by both an instructor and a teaching assistant
- opportunity to work in an environment with colleagues who share similar interests
- competitive salary plus room and board at our east and west coast residential sites

2018 Program Core Dates*

- Session 1: June 21 - July 14, 2018
- Session 2: July 14 - August 4, 2018

*Some sites run one week later than these dates. For a full list of locations and dates, please visit www.cty.jhu.edu/jobs/summer/sites_dates.html.

Terms of Employment

- Starting salary for two sessions is \$4,800 - \$6,000 for instructors and \$2,400 for TAs
- Room and board are provided at residential sites.

Desired Qualifications

- **Teaching assistant candidates** are generally graduate or undergraduate students with experience tutoring or as a TA.
- **Instructor candidates** generally have independent classroom teaching experience and are graduate students or faculty.

More Information

- Instructor and Teaching Assistant positions: <http://cty.jhu.edu/jobs/summer/positions>
- Employment with CTY: www.cty.jhu.edu/jobs/summer
- Questions? Please feel free to contact us via email at ctysummer@jhu.edu or by calling [410-735-6185](tel:410-735-6185).

➤ **Seeking Research Coordinator - NYU Anxiety and Complicated Grief Program**

The Research Coordinator will be responsible for managing studies focusing on the phenomenology, biology, and treatment of anxiety, grief, and stress related disorders. Applicants must be available to start the position in Summer 2018.

Responsibilities

- Manages federally-sponsored and privately-funded research on the etiology and treatment of anxiety, traumatic stress disorders, and complicated grief, including oversight of research data, organization of regulatory binders, and management of study databases
- Serves as the liaison between the Principal Investigator and Institutional Review Board. Responsibilities include preparing and modifying ethics committee proposals and communicating with the IRB regarding ongoing studies
- Designs and manages advertisement campaigns to recruit specific populations for research studies
- Performs data entry, cleaning, and analysis
- Conducts literature reviews for grant submissions and ongoing research work at the center
- Assists in dissemination efforts on finding of research studies, including preparation of posters, presentations, and manuscripts
- Conducts phone interviews to assess fit with study inclusion/exclusion criteria and match participants to studies for initial screening visit
- Observe and assist with treatment groups, as necessary for ongoing treatment studies
- Provides referrals for patients who do not qualify for current research studies
- Acts as the primary research contact for patients enrolled in studies
- Manage patient charts and visit schedules
- Administers laboratory tests, including vital signs, electrocardiogram, urine toxicology, and phlebotomy
- Collects and processes patient blood and saliva samples

Qualifications

- To qualify you must have a BA or BS in psychology or related field
- Minimum of two years of progressively responsible project coordination experience, preferably in a research setting.
- Excellent interpersonal skills for work in collaborative research environment and with clinical population
- Attentive to detail and flexible in fast-paced work environment
- Exceptional organizational and time-management skills
- Statistical knowledge and experience with data management and analysis
- Competency in Microsoft Office, as well as standard statistical analysis tools
- Proficient written and verbal communication skills
- Prior experience working in research laboratory or related clinical setting preferred

Interested applicants should email the program coordinator, Rebecca Lubin, at Rebecca.Lubin@nyumc.org with their cover letter, unofficial transcript, and curriculum vitae or résumé.

➤ **CNR is hiring for a work study office assistant position**

The College of Natural Resources undergraduate office is looking for a friendly and detail-oriented student with work study status to join our team!

Responsibilities include:

- General office duties such as reception, filing, copying, data entry, campus deliveries, managing supplies,
- Designing and updating flyers and handouts,
- Assisting with special events and projects, and more!

Only non-CNR students may apply due to privacy rules.

Required skills:

- Basic computer skills,
- General knowledge of campus,
- Effective communication skills,
- Ability to maintain confidentiality with regard to the information being processed,
- Ability to work with minimal supervision,
- Quick learner, detail-oriented, and reliable

Preferred skills:

- Adobe Creative Suite and other technology/social media experience

Schedule/Pay:

The ideal candidate would be available to work ~15 hours per week between 8am-5pm Monday, Wednesday, and/or Friday. Availability on Wednesday mornings from 9am-11am is critical. The position begins at the start of Spring 2018 semester and runs through the end of Spring 2018 semester with the potential to continue in Summer and/or Fall 2018.

Pay is \$14 hourly.

To apply, submit a statement of interest and resume to Anna Hoehenrieder at cnrteaching@berkeley.edu. **Applications are being reviewed on an on-going basis, as we would like to fill the position as soon as possible.**

➤ **PAID Research Assistant Postions at the SFVAMC, 2/28/18**

The Job: Dr. Linda Chao is looking for a research coordinator to coordinate her IRB approved study “Pilot Test of Telephone-Delivered Cognitive Behavioral Therapy for Insomnia for Veterans with Gulf War Illness.”

Location: SFVA Medical Center (4150 Clement St. SF, CA)

Commitment: 1 year

Work Opportunities – Week of February 12, 2018

Hours: Full-time with benefits, could be part-time

Contact: Please send an introduction and CV/resume to Nina at nina.alpert@va.gov

Deadline to Apply: **February 28, 2018**

Start Date: April 2018

Recruit

- Serve as the primary contact for the study.
- Responsible for recruiting subjects into the study. Recruitment includes identifying potential subjects through phone screening and enrolling appropriate subjects.
- Work closely with the Principal Investigator to develop recruitment strategy and materials, to recruit research participants, and to ensure adherence to the enrollment goals of the study.

Coordinate

- Coordinate the daily study operations.
- Responsible for providing and documenting the Informed Consent.
- Schedule all assessment study visits and study procedures.
- Maintain rapport with study participants.
- Manage the relationship between the study and the study subjects, tracking and insuring continued participation of subjects over the extended study period.
- Coordinate monthly lab meetings for the study.
- Coordinate with graduate students, PIs, and study therapists to ensure the best outcomes for study participants.

Manage

- Oversee systems for tracking and monitoring study progress to ensure adherence to timelines, standard operating procedures (SOPs), and applicable regulations.
- Maintain essential research study documentation.
- Provide various degrees of data processing and database management, including coding and scoring data, data input, data retrieval, and maintaining computer and paper data files.

Other Duties

- Perform other duties as assigned.
- Attend lab meetings with the Stress & Health Group at the SFVAMC
- Administer and scores neuropsychological and other cognitive assessments, structured psychological and psychiatric interviews, and psychological questionnaires when necessary.
- Obtain literature reviews and conducts library research. Abstracts and analyzes published and unpublished documents, patient records, and other pertinent research databases.

- Performs other general office duties or other research tasks identified as important by the project Investigators

➤ **UCSF Hoeft Lab hiringSEEKING FULL- TIME RESEARCH ASSISTANT**

The Hoeft Cognitive Neuroscience Laboratory (brainLENS.org) at University of California San Francisco (UCSF) combines cutting edge, interdisciplinary research methods in neuroimaging, cognitive sciences, computer science and education, interested the neuroscience of brain maturational processes, skill acquisition such as reading and dyslexia, and affective processes that impact skill acquisition. UCSF is a premier biomedical research institution, ranked within the top 5 in the world for Neuroscience and Behavior by US News.

We are currently recruiting for full-time research associates to join our team!

Description:

We are in need of full-time research associates to run laboratory operations and manage research projects. The position would be situated at the UCSF Parnassus campus within the Department of Psychiatry and Weill Institute for Neurosciences. This is an excellent opportunity for those who are enthusiastic about learning new research skills, being involved in a rapidly growing laboratory, and going to graduate school. Responsibilities may include, but are not limited to:

- Lab/Project management including hiring, IRBs, grants, meetings, and outreach events.
- Data management including cleaning, coding, entry and storage
- Data collection, including scheduling, neuropsychological, and/or neuroimaging and followup
- Independently analyzing data and writing up findings for publication and/or dissemination

Required Qualifications:

- BA/BS in Neuroscience, Psychology, or related field
- Ability to start in May 2018 and commit to minimum of 2 years
- Residence in the Bay Area

Preferred Qualifications:

- Excellent organization and interpersonal skills
- Ability to prioritize and work independently as well as collaboratively with local and remote collaborators
- Technical skills such as programming, neuroimaging data collection and analyses, and IT
- Flexibility with work hours and responsibilities
- Prior research experience

If interested in the above position, please send your CV and a cover letter outlining your interests to brainLENS@ucsf.edu with "[Your Name] Full Time RA" in the subject line. Candidates may be asked to come in for interviews and provide letters of recommendation as next steps. Please feel free to contact us if you have any questions.

Research assistants from our lab have gone onto a range of graduate schools and programs at institutions such as Stanford University, Harvard University, and Columbia University

➤ **New Directions for Young Adults: Program Support/Mentor Position**

New Directions for Young Adults (www.NDFYA.com) is an adult multidisciplinary clinical day Program. We support young adults with high functioning autism (ASD), learning disabilities, and other developmental challenges. Our clients live independently in their own apartments and receive customized supports from a variety of providers. Services provided by New Directions include life management skill training (LMS) (i.e., learning how to cook & clean, etc.), financial skills management, academic support, vocational counseling, social skills training, social activities, and more.

We are a growing company and are looking for professional, reliable, organized and compassionate employees to join our close knit, collegial and fun treatment team.

You will be provided with training and instruction and then asked to work with program clientele teaching life skills, providing transportation, offering supervision during social outings, providing some basic academic support services, and other various support services.

Ideal Applicants will be/have:

Highly reliable, organized, possess computer skills with Microsoft products, will have strong written and verbal communication skills, strengths in the life management skills, be enthusiastic, and possess empathy, patience, and a genuine interest in working with young adults with disabilities.

Must have a clean criminal background and driving record (a criminal background and driving record check is required).

Ideal applicants might also possess:

Have some previous mentoring experience (i.e., camp counselor, teacher's aide, etc...)

Ability to help clients with basic financial management skills

Ability to tutor basic college courses (not mandatory) (i.e., freshman English, basic math)

An interest in helping students pursue their employment/vocational goals

Previous experience with persons with Autism or Asperger's syndrome

Background in psychology or special education

Reside close to our office location.

Experience or willingness to learn to drive a 12-passenger van when needed

This position offers excellent practical and educational experience for those interested in working with our clientele. In addition, there is real potential for growth within our company. Many of our initial hires have moved on to management positions within the company.

This is an ideal job for a graduating senior in psychology who wants to get practical experience with a clinical population before applying to graduate school. We offer dental, medical and vision benefits to FT employees.

If interested in this position, please send a resume and cover letter in to Jobs@NDFYA.com.

Please include your last name and the words "Program Mentor" in the subject line.

➤ **Summer Teaching Opportunities for Graduating Seniors**

- Earn more than \$7,000 during the summer. Teachers typically earn between \$600 and \$800 per week while teaching.
- Gain over 500 hours of teacher-training and teaching experience with a variety of age groups.
- Help students of all ages develop their reading skills and ability to become imaginatively absorbed in books.

The [Institute of Reading Development](http://instituteofreadingdevelopmentteachingjobs.com/) is seeking candidates for summer 2018 teaching positions. We hire people who:

- Have strong reading skills and read for pleasure
- Are responsible, hardworking, and have good communication and organizational skills
- Will be patient and supportive with students

We invite you to submit an online application and learn more about teaching for the Institute at: <http://instituteofreadingdevelopmentteachingjobs.com/>

➤ **Job Opening for Psychology/Neuroscience Research Assistant at Virginia Tech**

Research Assistant (Lab Manager) position available

Virginia Tech Carilion Research Institute
Roanoke, Virginia

A full-time research assistant (lab manager) is sought for the labs of Dr. Pearl Chiu, Dr. Brooks King-Casas, and Dr. Stephen LaConte at the Virginia Tech Carilion Research Institute (<http://research.vtc.vt.edu>). Projects in the labs combine methods from experimental and clinical psychology, neuroscience, and behavioral economics with functional neuroimaging to investigate decision-making in healthy and clinical populations (focusing on adults with mood, anxiety, personality, or substance-use disorders, and at-risk youth). The research assistant will be responsible for recruiting and assessing research participants, implementing all aspects of study

Work Opportunities – Week of February 12, 2018

protocols, and maintaining positive communication with research participants and collaborators. Data collection involves various modalities including: behavior, fMRI, clinical interviews, genetic samples. Additional duties include managing participant databases, organizing project funds, and preparing and tracking IRB protocols. The research assistant is an essential member of the group and will be generally responsible for having overall knowledge of all lab projects and managing day-to-day logistics of ongoing lab projects. Training will be provided for all aspects of the position. For motivated individuals, there are many opportunities to be involved with data analysis. This is an excellent position for candidates interested in graduate school in cognitive or clinical psychology, neuroscience, and related fields. Preference will be given to candidates who are willing to make a two-year commitment.

Minimum requirements include:

- 1) BA/BS in psychology, biology, engineering, or related field;
- 2) two years of research experience;
- 3) ability to work both independently and as part of a team;
- 4) demonstrated organizational skills and attention to detail;
- 5) demonstrated ability and desire to succeed in a fast-paced research environment with multiple concurrent duties;
- 6) excellent written and oral communication skills;
- 7) proficiency with MS Word, Excel, and PowerPoint or equivalent.

Other information: MA/MS candidates with clinical (clinical psychology, psychiatry) training will be considered; salary will be commensurate with experience. Candidates with data analysis and/or computer programming experience will be considered favorably.

Required application materials: Cover letter including statement of interest, CV/Resume, list of references. Two letters of recommendation will be required prior to final consideration.

Consideration of applications **will begin February 12, 2018**, and will end when the position is filled. Expected start date is late Spring/early Summer 2018. Virginia Tech Carilion Research Institute is an Affirmative Action/Equal Opportunity employer and is committed to cultural diversity and compliance with the Americans with Disabilities Act.

Please apply at: <http://www.jobs.vt.edu>, posting # SW0180031

Pre-submission inquiries with CV may be emailed to:

➤ **Nevada Teacher Corps teaching opportunity, 2/20/18**

After graduation, how will you launch a high-impact career in Nevada?

Historically, high-need students in Nevada have not had equal access to an education that adequately prepares them for college and career. [Nevada Teacher Corps](#) trains recent college graduates to become exceptional, certified elementary school teachers. Our fast-paced seven-week summer training program focuses on the essential skills, knowledge, and mindsets that teachers need most to start strong. Fellows repeatedly practice foundational classroom management and instructional techniques, receive direct feedback from skilled coaches, and pass a series of evaluations to be eligible to start teaching in the fall.

➤ **Supportiv: Part Time Jobs for Psychology Majors**

This Friday, February 16, from 5:30-7pm, Supportiv is offering free pizza to any students or community members who join us at 1935 Addison St. to help beta test our Online Peer Support App "Supportiv". RSVPs to: <https://stcare.co/2BXitZv>

We'd like to update the posting for hiring psych majors as part-time, paid moderators for Supportiv's online peer support app:

Supportiv is located in downtown Berkeley and is offering **paid, flexible part-time jobs** starting at \$15/hr and/or **internships**.

Supportiv is launching later this month as an anonymous online peer support forum with live moderation/facilitation. Using natural language processing (NLP), users are matched in real-time for live discussions among small groups of peers experiencing the same type of relationship, family, school, or work stress, anxiousness, sadness, or loneliness. The NLP analyzes similarity between user thoughts, preferences, and emotions to surround users with people who understand exactly what they're going through. More information can be found on our pre-launch site: www.Supportiv.com

Available Positions:

- Online peer group moderators (many openings)
- Campus outreach [launching Supportiv at other university campuses]
- Article and content writers (writing sample requested)
- Social media/growth hacking (previous experience required)

To Apply:

Email your resume + your typical weekly availability (odd hours welcome) to hpz@supportiv.com with "Berkeley + Supportiv" in the subject line.

All questions may be directed to Helena (Co-Founder) at hpz@supportiv.com

Supportiv

ONLINE PEER SUPPORT
Hyper-Targeted // 24 Hours

[\[www.Supportiv.com\]](http://www.Supportiv.com)

About Supportiv

Supportiv is co-founded by serial healthcare entrepreneurs who believe in mental wellness for everyone, everywhere that's pennies-per-minute affordable.

The digital mental health platform funnels each user into a hyper-targeted, dynamic peer group based on his or her needs. The AI-driven platform also delivers personalized content and service referrals that address the user's underlying needs.

➤ Research Assistant Job – UC Hastings

UC HASTINGS

COLLEGE OF THE LAW

EST. 1878

The University of California Hastings College of the Law was founded in 1878 as the law department of the University of California and was the first law school in California. Over the years, it has built a legacy and reputation of being a preeminent institution comprised of renowned faculty committed to the study of legal theory and research, preparing students for careers in the judicial system, public service, and industry.

The College is redefining legal education through an experiential, interdisciplinary, and international approach to the law. By integrating rigorous academics with hands-on practice, the College is preparing its graduates to tackle the legal challenges—and leverage the opportunities—of the 21st century.

Research Assistant (Temporary) Center for WorkLife Law

Classification: Level 1/ Class Code 1640/ Non-Exempt/ Represented

Hours: 10-20 hours/week depending on applicants' availability & the project's needs

Hiring Pay Range: (commensurate with qualifications)

Posting Date: February 5, 2018

ABOUT THE CENTER FOR WORKLIFE LAW

The [Center for WorkLife Law](#) (WLL), housed at the University of California, Hastings College of the Law, is one of the nation's leading nonprofit research organizations devoted to advancing gender and racial equality in the workplace and in education. WorkLife Law's current initiatives include:

- Social science research on bias in the legal profession, STEM, and other industries;
- [Bias Interrupters](#), an innovative metrics-based approach to workplace diversity;
- Research on how gender bias differs by race;
- A path-breaking [study on fair work schedules for hourly workers](#); and
- Programs and best practices for advancing women in the workplace ([Women's Leadership Edge](#) and [Hastings Leadership Academy for Women](#)).

THE ROLE

The Research Assistant will work under the supervision of the Research Director to collect and catalogue research pertaining to current and past projects of the Center for WorkLife Law. The research assistant will compile citations, articles, and information to develop WLL's database of research. Substantive areas include employment discrimination, labor law, gender and racial bias, and work/family balance.

This is a temporary 3-6 month appointment.

RESPONSIBILITIES

Typical duties and responsibilities:

- Maintain a master database where articles are stored for researchers
- Create an organization system for research articles
- Categorize research according to subject

- Identify and correct any incorrect or missing information in the database
- Obtain research articles that have been identified as relevant
- Collaborate with WLL researchers across projects to address research storage needs

REQUIREMENTS

EDUCATION AND EXPERIENCE

- Bachelor's degree in progress or completed, particularly in a field of study relevant to the research being conducted such as political science, social work, sociology, psychology, business etc.
- A minimum of two years of relevant research or work experience preferred.

KNOWLEDGE, SKILLS & ABILITIES

- Strong verbal and written communication skills
- Excellent organizational skills and attention to detail
- Ability to work independently and as part of a team
- Experience reading academic material and keeping accurate and detailed records and notes
- Excellent interpersonal skills
- Willingness and desire to support the work of others
- A commitment to WLL's values and its philosophy of principled pragmatism in defense of women's advancement and work-life balance for both men and women

BENEFITS

- Subject to benefits in accordance with University health and welfare and retirement benefits in accordance with the benefits eligibility requirements of the University of California Employee Benefits Program and Retirement System regulations.

THE HIRING PROCESS

To apply, send your resume, cover letter, and two references to Rachel Korn at kornrachel@uchastings.edu.

Failure to provide the information as required, including attaching a cover letter and a resume shall immediately disqualify an applicant from employment consideration.

Federal law requires employers to provide reasonable accommodation to qualified individuals with disabilities. Please contact Human Resources if you require a reasonable accommodation to apply for a job. Examples of reasonable accommodation include making a change to the application process, providing documents in an alternate format, using a sign language interpreter, or using specialized equipment.

WHAT TO EXPECT

Applicants who meet the position requirements will be competitively evaluated to identify the individuals whose breadth and depth of experience and education most closely relate to the stated requirements and the needs of the College. Depending on the quality and number of the applications received, only the better qualified applicants may be contacted for an interview.

The position is open until filled.

UC Hastings College of the Law is an Equal Opportunity Employer
