Health Service Internship (HSI), April 2

Are you interested in public health, non-profits, a great internship, and earning units? Apply now to the **Health Service Internship (HSI) program** for a semester-long, 3 unit Pass/No Pass service learning opportunity!

HSI consists of two main components: a 10-12 week internship with a local Bay Area non-profit organization focused on supporting underserved communities and a two-hours weekly discussion section on systemic health inequities and public health-oriented solutions.

APPLY NOW: tinyurl.com/HSIAppFall23 due on Sunday 4/2 at 11:59pm!

For more information, visit our website at <https://tinyurl.com/HSIweb>. Additionally, check out our Facebook (Health Service Internship - HSI at UC Berkeley) or Instagram (@cal_hsi) to stay updated!

Seeking Volunteers at Berkeley Free Clinic, April 16

The Information Resource Collective (IRC) at the Berkeley Free Clinic is currently recruiting for new volunteers! We would especially love to recruit folks from the many communities that we serve, including people of color; LGBTQIA+ folks; formerly incarcerated folks; asylees, refugees, and immigrants - people with diverse lived experiences in general, especially folks who have been marginalized by the healthcare system.

The IRC works with the clinic to answer the front door, answer the phones, provide referrals for requests outside of the Berkeley Free Clinic's scope, distribute essential resources like hygiene kits and harm reduction supplies, and keep our lobby space safe for all while medical services are being rendered. It's a great role for people that like working with other people, multi-taskers, and those that enjoy being an advocate.

SEEKING VOLUNTEERS!

BERKELEY FREE CLINIC

INFORMATION RESOURCE COLLECTIVE

The IRC, or the Information Resource Collective, is a group of folks at the Berkeley Free Clinic who help run the front desk, answer the phones, and distribute essential materials to folks who come through our door, such as hygiene kits, safe sex supplies, and harm reduction materials. **We keep the clinic safe and accessible for all!**

APPLICATIONS DUE APRIL 16TH, 2023

Volunteers for a UCSF Study

Volunteer Research Assistants Needed for a study of opioid use disorder.

Volunteer research assistants are needed for a study funded by the National Institute on Drug Abuse (Grant R21DA050038), which is titled “Expanding Access to Buprenorphine Treatment among Homeless Persons with Opioid Use Disorder.” The principal investigator of the study is Carmen L. Masson, Ph.D., a clinical psychologist and Professor, Department of Psychiatry and Behavioral Sciences, University of California, San Francisco.

In this volunteer position, volunteer research assistants work with a study Clinical Research Coordinator and Principal Investigator to recruit, interview, and collect survey data for a study of people who are both homeless and have opioid use disorders.

The research position entails going out into the homeless community in San Francisco and recruiting participants from places, such as homeless shelters and syringe exchange programs. Buprenorphine is a partial mu agonist medication used for the treatment of opioid use disorder. People who are homeless may not have the personal resources, such as a stable place to store medications, to use buprenorphine effectively, and one of the main aims of the study is to find ways that people who are homeless and use opioids can fit buprenorphine treatment into their lifestyle.

Research assistants will be given volunteer positions at the University of California, San Francisco. To apply, contact Dr. Michael Shopshire at Michael.shopshire@ucsf.edu.

Health Worker Program Application Now Open

The Health Worker Program application is now open! This is a peer health education program dedicated to promoting healthy personal and residential community practices, including self-care, risk management, and use of UHS health care services. Health Workers work individually and as part of a team, and typically serve for 1-2 years in their residential or academic community. Make sure whoever is applying reads the 2023-24 Role & Responsibilities for Coordinator (<http://bit.ly/38CpMoA>) and/or Health Worker (<http://bit.ly/3i5zUcs>) and our HWP Professional Standards (<https://bit.ly/2GU6MpM>) before filling out [this application](#).
