UCSF Psychiatry in the PART Lab with Dr. Rachel Loewy

**EARLY PSYCHOSIS RESEARCH LAB**

Looking for Volunteers - Clinical Research Assistants

The Prodrome, Assessment, Research and Treatment (PART) Program is based out of the University of California, San Francisco Department of Psychiatry. The PART Program conducts research with adolescents and young adults who are at high risk for developing schizophrenia, as well as young people recently diagnosed with schizophrenia. We are interested in 1) identifying young people at risk for a psychotic disorder; 2) studying risk factors for psychosis onset; and 3) testing prevention and early intervention treatments. Our program integrates psychosocial and neurobiological approaches to understanding major mental illness.

Principal Investigator: Rachel Loewy, PhD

**Duties:**
- Administrative/Clerical Duties such as data entry, data cleaning, research records review, etc.
- Participation in weekly clinical research meetings.
- Great experience to put on your resume for graduate or medical school.

**Skills:**
- Prefer Psychology Major
- Organizational skills are key
- Detail oriented
- Familiarity with Microsoft Office, Excel and SPSS
- Previous research experience a plus but not necessary

We are looking for individuals who can commit about 8-15 hours per week for one year to our research lab. This would be an excellent opportunity for undergraduate students.

If you are interested in working with our dynamic, growing research program, please email your resume and cover letter to the lab manager, Catalina Ondrice, at ondrico@uscf.edu.

Research Internship with NCCD, 9/17/18

The National Council on Crime and Delinquency (NCCD) is currently seeking a part-time research intern at our office in downtown Oakland for the fall semester. This is a paid opportunity for students to build quantitative and qualitative research skills, and to learn about the translation of research to practice. Please see the attached PDF for more details, or visit http://www.nccdglobal.org/about-us/employment-internship/internships. You may distribute this posting widely to both graduate and undergraduate departments. The application deadline is September 17, 2018.

Contact:

Laya Cooperman | Researcher | National Council on Crime and Delinquency

1970 Broadway, Suite 500, Oakland, CA 94612

(800) 306-6223 | (510) 874-5476
Internship and Volunteering Opportunities: Week of September 10, 2018

cooperman@nccglobal.org | www.nccglobal.org

Research Intern—Oakland, CA

The National Council on Crime and Delinquency (NCCD) works to improve social systems that serve society’s most vulnerable individuals and families. Our research and training help these systems achieve better outcomes for incarcerated and neglected children, juvenile justice-involved youth, re-reoffending individuals, and older adults.

NCCD is recruiting a part-time research intern in our Oakland office. This individual will work with NCCD staff on a variety of research and policy projects in the areas of child welfare, juvenile justice, and re-entry justice.

Qualifications

- An-accredited interest in research and policy and a strong commitment to social justice.
- Pursuing a graduate degree in criminology, ethnic studies, public policy, social work, sociology, psychology, or another relevant field. Upper level undergraduates may be considered as well.
- Familiarity with quantitative and qualitative research methods and analysis.
- Strong written and verbal communication skills.
- Proficiency in Microsoft Office suite (Word, Excel, PowerPoint).
- Experience using ArcGIS or other qualitative analysis software is a plus.
- Knowledge of database software packages (e.g., SPSS) is a plus.
- Detail-oriented, organized, and able to work independently; problem-solve; and take initiative.
- Individuals with relevant life or work experience are also encouraged to apply.

More About the Research Internship

The research intern will gain marketable real-world skills by working with our experienced, supportive research team on one or more projects. The intern will take part in child welfare, juvenile justice, and crime/punishment research that affects communities and policy. Tasks may include conducting literature reviews, assisting with development of data collection tools and documents (e.g., surveys, interview guides, and consent forms); assisting with quantitative and/or qualitative data collection; entry, cleaning, coding, and analysis; helping to draft reports; and grant proposals. Listing entities for NCCD websites, and other documents and attending and taking notes for meetings with NCCD staff, our partners, and our funders.

Rate

$15.25/hour

More About NCCD

We are a century-old nonprofit organization of 100-plus motivated and mission-driven employees with offices in Madison, WI, and Oakland, CA.

At NCCD, we value and look to support diversity and inclusion, both in our external work and among staff. While we take pride in the various aspects of our work, our casual workplace environment and culture make for a laid-back day. Through monthly staff lunches and other regular events for learning and socializing, NCCD offers opportunities for staff to have fun and build camaraderie. For a peek inside NCCD, visit our photo gallery.

EEO Statement

NCCD provides equal employment opportunities to all candidates regardless of age, religion, sex, physical disability, mental condition, marital status, color, reassignment, race, national ancestry, or any other protected category.

Join Us

If developing your research skills to affect system change appeals to you, email your resume, cover letter, and three references (with contact information), and a three to five-page writing sample to internships@nccglobal.org. Please submit application materials in MS Word or PDF attachments. In your cover letter, please indicate when you are available to work on a weekly basis for eight to 16 hours during regular business hours (Monday through Friday, approximately 9 a.m. to 5:00 p.m.) and where you saw the ad for this position. Applications will be reviewed as they are received. The deadline to apply is September 17, 2018.

Visit our website at www.nccglobal.org for more information.
Paid Research Assistants for Dr. Zachary Shore, History Department

Blind historian seeks reliable readers and research assistants for work at home and in library. Must be able to read aloud clearly and quickly. Some research experience is useful.

$15/hour. Flexible hours.

Please email resume and cover letter to: Z @ ZacharyShore.com

Research Assistants for THRIVE Lab

Dr. Aoife O’Donovan at the University of California, San Francisco (UCSF) and the San Francisco Veterans Affairs Medical Center (SFVAMC) is seeking applicants for volunteer research assistants to work at the THRIVE Lab. The goal of THRIVE Lab is to uncover how traumatic psychological stress increases risk for physical and mental health problems.

The successful applicant will be working closely with psychologists, medical doctors, graduate students, medical students and other trainees in a dynamic and friendly environment. They will assist with running participants on a variety of projects investigating the effects of traumatic psychological stress on mental and physical health. Our new project, which is focused on uncovering how inflammation might affect the brain using functional magnetic resonance imaging and experimental methods, will give interns the opportunity to learn about sophisticated brain imaging and psychophysiological protocols. The scope of responsibilities may also include helping with the development of the study, managing computerized psychological tasks, literature review, data management and analysis, and manuscript preparation.

Past research experience is not required, but applicants must have a strong willingness to learn research methods and a passion for science and health. This is an ideal position for someone interested in learning more about clinical research, and may turn into a longer-term position for the right individual. We are looking for students with a high GPA, who can make a year long commitment to the lab working for at 2 full days a week (9AM-5PM). Applicants must be willing and able to travel to the SFVAMC. Individuals majoring in psychology, neuroscience, cell biology, immunology, computer science and engineering, as well as post-baccalaureate students and those who have completed a college degree are encouraged to apply.

Please send a brief cover letter and resume (including your GPA and a description of your relevant course work) via email to: Mary Smirnova, laboratory manager, UCSFThriveLab@gmail.com.
Casa de Esperanza Hands of Hope Internship

Hands of Hope is Casa de Esperanza’s internship program which recruits recent college graduates and other highly qualified young adults, from throughout the United States. These interns have a desire to help abused, neglected and HIV positive children through work with our agency. This program brings together approximately 25 young adults annually to live and work with some of our society’s most vulnerable children. The Residential Program is the backbone of Casa de Esperanza, and at its core are the Hands of Hope Interns. Hands of Hope Interns commit one year to live and work with these vulnerable children in the Residential Program’s agency foster homes. Responsibilities include daily care of the children, household management, and the coordination of medical appointments and therapy sessions. The Hands of Hope Interns also work with caseworkers, psychological staff and community volunteers on a routine basis to ensure that the children in placement receive the highest quality of care.

Ensuring the safety of the children in placement and meeting their emotional and developmental needs are the primary responsibilities of the Hands of Hope Interns. There is only one reason a child ever comes to Casa de Esperanza – because they are not safe. Almost all children arrive having experienced trauma, neglect or chaos in their short lives. Their need for safety, stability and reassurance is immediate and often intense. The children require a great deal of time, energy and emotional resources from the house parents. For this reason, the Hands of Hope Interns participate in an extensive 2-week training program to enhance their abilities to meet the needs of the children. We strive to educate all interns on the importance of early intervention when working with emotionally and behaviorally challenged, and often medically fragile, children. The skills cultivated while participating in the Hands of Hope internship program are excellent life and work experiences for individuals pursuing careers in social work, medicine, psychology, education, public health, non-profit management, and social justice.

Qualifications

• At least 21 years old
• Willingness to make a one-year commitment
• College degree preferred
• Ability to establish and maintain positive relationships with others
• Flexibility and Patience
• Good general health, with a high energy level, and able to lift 35-40 pounds
• Valid U.S. Driver's License

A criminal history and background check of each Hands of Hope Intern will be completed prior to placement with the agency.

Responsibilities

• To care for the children placed in your home
• To promote skills to develop healthy attachments
Internship and Volunteering Opportunities: Week of September 10, 2018

• To participate as a team member in implementing the children's Plan of Service and therapeutic regime
• To complete household duties including, but not limited to: cooking, cleaning, laundry and maintaining the house, and vehicles
• To transport and participate in medical and therapy appointments
• To support the children's primary attachment to biological parents
• To complete all necessary paperwork in a timely manner
• To communicate regularly with supervisors regarding the welfare of the children
• To complete 20 hours of ongoing training on an annual basis
• To follow the policies of Casa de Esperanza at all times

Living Arrangements
Typically, four Hands of Hope Interns live in an agency foster home with four or five children under the age of six. One of the interns will be licensed as the foster parent. Together, the Hands of Hope Interns share responsibility for providing 24-hour care to the children in the home.

Compensation and Benefits
• Housing
• Monthly stipend of $600/month
• Health Insurance
• Life Insurance
• Two weeks paid vacation per year
• Successful Completion of Internship Award

Application Instructions
Applicants may submit their application here or contact Jordan Chismar at 713-818-0130 or the main office number at 713-529-0639.

Project Access/ UC Berkeley Volunteers

About Project Access:

Project Access provides free, confidential, online and comprehensive mental health screening to adults in the San Francisco Bay Area with mental health concerns and helps them to find treatment providers, learn more about common mental health conditions that may be affecting them, and connect with members of the community who are going through similar experiences.

We are seeking volunteer(s) to assist with validating our doctor database. Project Access is completely volunteer run. Our Medical Professionals would offer to provide supervision to UC Berkeley volunteers about clinical care navigation in the mental health system.
Information being collected and validated would be done electronically or by phone and consist of – areas of expertise, treatment modalities, insurance providers accepted, etc.

For more information, please email our volunteer coordinating efforts Preston Zorner at preston@sfprojectaccess.com with Project Access in the subject line.

We look forward to hearing from you!

➢ Standardized Patient Opportunity in PTSD Research Study

We are looking to hire psychology students to be standardized patients in a PTSD research study at the San Francisco VA Medical Center. Standardized Patient hires will be trained to act as veterans with PTSD during interviews with our research participants (Primary Care Providers). The position will begin with a 2.5 day training at the San Francisco VA Medical Center during the summer. During the subsequent year, the time commitment will be as need and likely occur during the lunch hour and evenings. The ideal candidate will be flexible and accommodating to the schedule of our research participants. Hires will be paid a modest hourly rate.

Please email Coleen Hill at coleen.hill@va.gov for more information.

➢ VITAS Healthcare Employment Opportunity

VITAS is one of the leading providers of hospice care in the country. Hospice work offers support and care for individuals living with a terminal illness, and support for their loved ones as well. Our interdisciplinary team includes physicians, nurses, home health aides, chaplains, social workers, bereavement specialists, and the heart of hospice: volunteers and interns.

Volunteers and interns provide companionship and emotional sustenance, hold a hand, listen to life stories, offer respite to caregivers, read to patients, and/or play music for patients. Generally, they serve to add an extra dose of attention to people at the most intense time of their lives – when facing their own mortality. Additionally, volunteers and interns can provide administrative support and expertise in our offices.

VITAS Healthcare has hosted and mentored dozens of students over the years, including: MSW interns, Healthcare Administration interns, RN and LVN preceptorships and rotations, Sociology/Psychology/Pre-Med/Health Science majors, Massage/Music/Art Therapy majors, Child Life Specialists (our patients range in age from newborn to 100+), Human Resource Management Interns, Paw Pals (therapeutic pet visits), hair stylists, and more! Within the last seven years, we have hired at least 20 of our former interns based on their performance (including myself!).
If interested in working with VITAS through our potentially life changing volunteer and internship opportunities, please contact attara.lahiji1@vitas.com with questions or any additional information.

➢ Test Library Volunteer

Volunteer Job Duties

Test Librarian
Psychology Clinic, Clinical Science Program
One Volunteer needed at 9 hours per week
Location: Psychology Clinic (2121 Berkeley Way)
Phone: 510-642-2055 (Cynthia Baker-Smith)

We are seeking a volunteer assistant to help with day-to-day tasks in our psychology services clinic testing center. This provides a valuable learning opportunity in the tests used in applied psychological assessment, including socio-emotional, cognitive/neuropsychological and educational/learning evaluations.

Library duties for the Psychology Clinic Test Library:
Check in/out testing materials for graduate students conducting Psychological Assessments
Identify inventory needs
Keep the Library well-organized
Assist, as needed, graduate students with test scoring
Complete in-house training in ethical and confidentiality standards and security related to Protected Health Information
Photocopy, scan and file, as needed by Clinic staff

Requirements:
Psychology undergraduate preferred
Must have excellent organizational skills
Professionalism
Interpersonal skills
Comfort working with spreadsheets
Scheduling flexibility (preferred)
Available at least 1- evenings per week (preferred)

➢ Tobacco Cessation Clinical Trial: Volunteer Opportunity

The Prochaska Lab with Stanford Prevention Research Center is looking for highly motivated student volunteers to assist with a smoking cessation clinical trial at the San Francisco Employment Development Department (located at 801 Turk St, in San Francisco) and the Marin Employment Connection (located at 120 North Redwood Drive in San Rafael).
Volunteer duties include outreach to study participants to schedule assessments, screening participants for eligibility and conducting follow-up assessments, participating in literature review, data coding and analysis, team meetings, and helping out with general office management.

Students will need their own transportation to the recruitment sites (either SF or Marin). Candidates should have a firm background in psychology (classwork, clinical and/or research experience) and should excel in working with people from a diversity of urban backgrounds. We are looking for volunteers who learn quickly, work autonomously, and are personable. We ask for a minimum of 6-8 hours per week for a 1 year commitment.

Please send your resume and a brief statement of purpose to tobaccotx@stanford.edu specifying your location preference.

Feel free to email or call 415-216-5853 with any questions.

Become a Mentor with The Space

The Space is a non-profit dedicated to revolutionizing the way students interact with their education and develop a love for learning. Our goal at The Space is to help students develop their intrinsic motivation for knowledge during their middle school years because we believe that students who love to learn will have positive academic, professional, and psychological outcomes.

In the current state of the union, we need students who are motivated to be agents of change and connect their skills and expertise with real-world problems. Through The Space, we can foster a relationship between student engagement and critical information. We plan to do this by developing personalized lessons for students based on their interests. For example, a student likes to bake? Perfect! We can create lessons about ratios/fractions, chemistry, ethnic studies, and more to connect personal interest and grade level standards. Could you imagine what education would look like if we revitalized the way students learned?

We are currently looking for mentors to join us in revolutionizing the way students will learn and develop a sense of ownership over their education.

Responsibilities:

- Mentor students Mondays, Tuesdays, and Thursdays from 3:30-6:30
- Develop relationship with students beyond teacher/student while remaining professional
- Push student thinking by setting high expectations
- Utilize provided curriculum to develop personal connection to grade level content
- Provide feedback on structures, systems, and curriculum
- Report on student progress weekly
- Be collaborative team players to provide the highest quality support for students
Internship and Volunteering Opportunities: Week of September 10, 2018

• Lead a workshop on your own personal area of skill/expertise

Requirements:
• Have own transportation to school site (Madison Park Business and Art Academy in East Oakland)
• Mentor Mondays, Tuesdays, and Thursdays from 3:30-6:30
• Have a skill/expertise that is not solely academic (plays guitar, knows three languages, coder, chef, etc.)
• Have a high school degree
• Complete fingerprint scan (will be done after acceptance into program)

Compensation:
• The Space cannot currently offer monetary compensation but can offer letters of recommendation and college credit upon completion of the semester

We would love for you become a part of The Space! If interested, please fill out this application: https://tinyurl.com/thespaceapp

If you have any questions, please e-mail us at the.space.edu@gmail.com

➢ Crestwood Healing Center Internship
Crestwood Healing Center is a residential mental health facility serving 80 residents living with diagnoses. With programs ranging from Dialectical Behavior Therapy to martial arts to art and meditation groups, there is something for everyone, staff members and residents alike.

The Crestwood Healing Center Internship Program is a 10 hour per week, 12 week long program designed to provide interns with a comprehensive overview of residential mental health through both instructional and hands on approaches. The first third of the program is focused on introduction to community mental health, its challenges, and how our programs and building function. The latter two thirds allow interns to propose and develop their own projects within the building, ideally creating relationships with both our staff and our residents as well as working toward solving a problem and/or furthering progress toward a goal.

Interested parties should email a cover letter and resume to Darby Witherspoon, dwitherspoon@cbhi.net.

➢ International Research Assistant Position at Mathematica in Seattle and Princeton, NJ

https://careers.mathematica-mpr.com/job/seattle/international-research-assistant/727/8148126
Join the Mathematica Team: Make a Difference

Mathematica Policy Research is recruiting college graduates at all levels—including bachelor's, master's, and doctoral degree recipients from a variety of academic backgrounds—who are highly motivated to help improve public well-being through the highest-quality research.

We seek graduates who are interested in contributing to work ranging from quantitative data analysis to focus group management for qualitative studies to project management and budget analysis.

WHO ARE WE?

For more than four decades, Mathematica has been dedicated to conducting objective, rigorous, evidence-based research to help improve the lives of our nation's—and our world's—most vulnerable citizens. Our staff includes national leaders recognized for their contributions to shaping policy in:

- Health
- Labor
- Education
- Disability
- Early Childhood
- International Development
- Family Support
- Data Analytics
- Nutrition

DECEMBER 2015

MATHEMATICA-MPR.COM

PRINCETON, NJ • ANN ARBOR, MI • CAMBRIDGE, MA • CHICAGO, IL • OAKLAND, CA • WASHINGTON, DC
WHY JOIN US?

Mathematica is committed to collaboration, collegiality, and accountability. Our more than 1,200 employees contribute in many ways to the collection, analysis, and dissemination of research and data that stand up to the most demanding review and scrutiny and that have real-world impact. We bring the highest standards of objectivity and excellence to developing solutions for federal agencies, state and local government, foundations, universities, professional associations, and businesses to inform evidence-based decision making across the country and around the world.

GIVING BACK TO THE COMMUNITY

Closer to home, Mathematica employees make a difference too. Across the country, our employees volunteer in the communities where we live and work. Their spirit, dedication, and compassion put our mission into action. You’ll find our staff working in soup kitchens and food pantries, building homes for the homeless, mentoring at-risk youth, and lending their professional expertise in areas such as evaluation and website design to organizations that aim to improve public well-being.

Mathematica recognizes these efforts through a corporate giving philosophy that translates volunteer work hours into direct financial support to each organization. Together, through sweat equity and direct support, we are making a difference.

INTERESTED?

Contact our Human Resources Department or visit our website at www.mathematica-mpr.com for information on becoming part of the team.
Fall '18 Education Internship at Children's Creativity Museum [SF], 9/4/18

Applications for our Fall 2018 Education Internship program are now being accepted, and we look forward to meeting more excellent candidates!

Flyer and job description attached below. Candidates can apply through our website at https://creativity.org/programs/application-education-internship-program/. We will accept applications through Tuesday, September 4th, and Orientation will take place on September 11th, 2018.

What is the Children's Creativity Museum?
The Children's Creativity Museum is a hands-on, multimedia arts and technology experience for children and families. We nurture creativity and collaboration in all children and families. We believe that creative expression, innovation, and critical thinking are core to fostering the next generation.

What's in it for you?
- Hands-on teaching experience and college credit (when applicable)
- A chance to learn about museum operations and programming
- Experience working in a leading children's museum
- Learn stop-motion animation, green screen technology, computer programming, and more
- Creative and supportive work environment surrounded by fun and innovative co-workers

What do you need?
- Strong interest in art, education, museum studies, or media studies strongly desired
- Experience working with children
- Good computer skills on both Mac and PC platforms
- Fluency in another language is a plus
- Experience working with families and community groups
- Creativity!

For more information email: education@creativity.org
To apply, fill out an online application at:
http://www.creativity.org/programs/application-education-internship-program
Start date: Tuesday, September 11th, 2018 (full-day Orientation)
End date: Sunday, December 30th, 2018
Volunteer at the Community Awareness & Treatment Services, Inc. (CATS)

Here at CATS we believe the homeless residents of SF are our neighbors. Some of them are struggling with mental health issues, so we offer supportive services at most of our programs. Some are simply struggling. We have a program that offers respite beds to homeless residents and three meals each day.

Thank you for your help in bringing students into the community to create a better San Francisco!
Register for Bay Area Vision Research Day (BAVRD)

The Bay Area Vision Research Day (BAVRD) is a one-day research conference devoted to bringing the vision research community of the Bay Area together to present and to discuss new and exciting findings in the fields of ophthalmology, optometry, biology, neuroscience, visual psychophysics, and computer vision.

Registration for BAVRD is now open: https://berkeley.us11.list-manage.com/track/click?u=8c355119e9a7439cebff3912a&id=84b4e1733b&e=1e8b600b3a.
Internship and Volunteering Opportunities: Week of September 10, 2018

BAVRD is FREE and includes breakfast, lunch, a light refreshment and a wine reception following the talks.

We encourage researchers throughout the Bay to submit posters that present novel data or unpublished data related to the study of vision. Also, we are excited to announce a call for submissions for the BAVRD “Blink-of-an-Eye” lightning talk competition.

Date and Location:
Friday, September 14, 2018
8:30am to 5:30pm
Pauley Ballroom
University of California, Berkeley
Berkeley, CA

Please feel free to contact us if you have any questions about this year's BAVRD. berkeleybavrd@gmail.com

➢ Research Participant Volunteers Needed

RESEARCH PARTICIPANTS NEEDED

$20 for 1.5 hours

Would you like to participate in a study about women in their first year of college?

I am a clinical psychology doctoral student attending The Wright Institute in Berkeley, California. I am looking for volunteers to participate in my confidential study exploring the experiences of women who moved away from home to attend college.

Who is Eligible?
• Women in their freshman or sophomore year of college
• Age 18 to 22 years old
• Having moved 200 miles away from home to attend college
• Must be comfortable being interviewed in English

What you will be asked to do?
• Attend a 1.5 hour confidential meeting with the researcher
• Complete a questionnaire about your background
• Answer questions about your move away from home and freshman year experience
• Agree for the interview to be audio taped

What you will receive?
• A $20 gift card upon completion of the interview
• The opportunity to speak about your experience leaving home for college
• The opportunity to contribute research about this life transition

If you, or someone you know, is interested in participating in this study please contact me for more information:

Rebecca Weinstein, M.A. rweinstein@wi.edu (510) 842-6153

Dr. Susana Winkel, Dissertation Chair, swinkel@wi.edu
LifeLong Medical Care AmeriCorps Health Fellows

LifeLong Medical Care AmeriCorps Health Fellows Program - NOW RECRUITING! Interested in Clinical, Social Work, and Public Health related fields? This could be the perfect fit for YOU!

LifeLong Medical Care is committed to provide high-quality health care services in Alameda, Contra Costa, and Marin County and also developing tomorrow’s health care workforce. The AmeriCorps Health Fellows program is a community service and professional development opportunity wrapped into one, this experience enables individuals to provide service for communities in need while getting in-person training and exposure in the health care field. Our program is a one–year commitment (minimum of 1,700 service hours over a 10 to 12 month period) as a full-time (40 hrs/wk) AmeriCorps Health Fellow. The AmeriCorps Fellow will provide culturally and linguistically appropriate health education, outreach, referrals, and enrollment into programs directly to community members while getting the skills they need to pursue a health profession. We are looking for someone who is passionate about health equity and social justice, and anyone who is considering public health, medicine, social work, and mental/behavioral health for their higher education/career goals.

We are recruiting to fill 20 full-time positions by the start date of early/mid- September 2018. If you are interested in applying or would like to get more information about the program position, please visit our website.

NOTE: In order to be eligible for the position, you must submit both the MyAmeriCorps and Supplemental applications. Please read through the website link above carefully to submit your applications correctly, thank you!

If you have any questions, please let our program staff know. Thank you for your time!

Program Staff:

Program Manager: Bilan Jirde
Email: bjirde@lifelongmedical.org

Program Assistant: Keren Vargas
Email: Kvargas@lifelongmedical.org
Gavin Newsom for Governor - Campaign Internship Opportunities

Gavin Newsom’s campaign for Governor of California is seeking energetic, hardworking interns to join our Northern California team, starting immediately after Labor Day!

Our interns play a crucial role in supporting the campaign’s voter engagement efforts and staff. You’ll help with a range of projects and tasks – including policy research and analysis, database maintenance, fact checking, content editing, and fundraising. Previous campaign experience is valuable but not necessary, as training for all aspects of the internship program will be provided.

We are looking for reliable students who are organized, self-motivated, and have an interest in politics. Strong communication skills are a must, as is the ability to complete detail-intensive tasks on tight deadlines. Course credit is available, and hours are flexible.

If you are interested in joining us as a campaign intern, please send a current resume to griselda@gavinnewsom.com including your contact information, and availability. Please be sure to put “Campaign Intern” in the subject line.

Eye to Eye – Volunteering Opportunity

Eye to Eye is a national mentoring program where undergraduates with learning differences/ADHD are paired with middle schoolers with similar labels. There are 120 chapters across the United States and the UC Berkeley chapter is currently looking for dedicated mentors.

Through an art-based curriculum mentors teach their mentees about self-advocacy, metacognition, proactive learning strategies, and academic accommodations. In addition, mentors share their stories to empower mentees to embrace and understand their learning styles. Every week there is a new objective for mentees to learn about. They are given an art project to work on, with the mentor’s help, to create a conversation about their learning difference/ADHD. Mentors help engage their mentees in this discussion, and share skills they developed throughout their life.
Our chapter will have community bonding events so that mentors can get to know each other better. In February, we will have on-campus events to raise awareness of learning differences/ADHD.

Requirements are:
- Passing a background check.
- Participating in a mentor training.
- Availability on Thursdays 3-4 to go to our partner middle school.

For more information, go to this website: [http://eyetoeynational.org/about/about.html](http://eyetoeynational.org/about/about.html)
Questions? Email [ucbeyetoeye@gmail.com](mailto:ucbeyetoeye@gmail.com)

If interested, please fill out this application: [https://www.tfaforms.com/431921](https://www.tfaforms.com/431921)

➤ Research Assistant/Undergraduate Mentor

Description
The role of Research Assistant/Undergraduate Mentor will be to assist with The Wright institute’s Pipeline to Advanced Degrees in Clinical Psychology (WiPAD) program ([https://wipipeline.wordpress.com](https://wipipeline.wordpress.com)) and participate in the mentorship of six high school students from Life Academy Health & Bioscience in Oakland. Under the supervision of Dr. Anastasia Kim, the RA will help with database development, data collection and consolidation, administrative tasks, and program operation tasks. Hours will vary between 3-4 hours a week. The ideal individual is dependable, organized, proactive, prompt, and a good communicator.

Requirements
- Interest in a career in Clinical Psychology or related field
- Interest in being mentored by Clinical Psychology Doctoral Students
- Interest in working with underrepresented/marginalized populations
- Interest in developing research & teaching/leadership skills
- Openness to learning
- Spanish speaking skills a plus
- Digital/computer imaging skills a plus
- Must be available to attend one weekly seminar (with doctoral students and high school students) on either Tuesdays or Wednesdays from 2:15pm-4:30pm at The Wright Institute.

Benefit
- Research and work experience
- Mentorship by Clinical Psychology Doctoral students and Dr. Anastasia Kim
- Exposure to graduate school
- Opportunity to learn about Clinical Psychology.
- Letter of recommendation

Please send resume & availability to Erika Bookman: ebookman@wi.edu or Amelia Jayanty: ajayanty@wi.edu
➢ Take Part and Be Compensated in a Research Study on Food and Beverage Opinions

Researchers at the UC Berkeley School of Public Health invite you to take part in a research study on food and beverage opinions. In the short 20-minute online survey, you will view images of cafeteria options and answer questions about yourself and your opinions. As a “thank you” for completing the survey, you will receive a $5 Amazon E-gift card. Please contact us with a valid undergraduate UC Berkeley email address at yabah@berkeley.edu.

➢ Volunteer Opportunity at Tenderloin After-School Program (TASP)

The Tenderloin After-School Program (TASP), run by TNDC, is a free, non-profit, after-school program that offers a wide variety of services to children and youth between the ages of 7-17. We are open Monday through Friday from 1pm-6pm, and Saturdays from 10am-5pm. We also have extended hours for teen participants on Tuesdays and Wednesdays, 6-8p for homework tutoring, and Fridays 6-8p for social activities. TASP serves about 250 kids annually, but on an average day we see between 65 and 80 participants. Our participants come mostly from the Tenderloin neighborhood, but not exclusively, and they attend a variety of primary and secondary public and private schools in the Bay Area.

The primary role of volunteers is to help with daily homework. Volunteers usually commit for one, two-hour shift per week, with start times between 2:30p and 4pm. We are looking for volunteers who can maintain a regular schedule, rather than dropping in or changing days every week, so ideally students would commit for the full semester.

Please contact Michele Walker at Mwalker@tndc.org for more information.
