AAPI General Wellness Guide Resources

Here is the AAPI Wellness Guide 2021.

It is one of many products from the AAPISC, led by Lisa Hirai Tsuchitani and Marcia Gee Riley. AAPISC is an inaugural advisory body to the Chancellor and her Cabinet under the executive sponsorship of VCEI Oscar Dubón that was created in 2019 to increase awareness about and address campus climate issues for AAPI undergraduate and graduate students, staff, and faculty: https://diversity.berkeley.edu/aapisc

Soros Fellowship for New Americans, 10/28

Students interested in learning more about the Paul & Daisy Soros Fellowship for New Americans are welcome to make an individual advising appointment with Keila Diehl (ourschol-coordinator@berkeley.edu).

The Paul & Daisy Soros Fellowships for New Americans is a two-year, merit-based fellowship exclusively for immigrants and children of immigrants, age 30 or younger, who are pursuing graduate work in any degree-granting program in any field at any university in the United States. Selection is based on merit, with an emphasis on creativity, originality, initiative, and sustained accomplishment. Neither financial need nor distributive considerations are taken into account in the selection process.

In addition to the children of immigrants, Green Card holders, naturalized citizens, and Deferred Action for Childhood Arrivals (DACA) recipients, the Fellowship also supports individuals who have come to the United States as refugees or asylum seekers and who have received a Green Card or become naturalized US citizens. The Fellowship also supports immigrants who were born abroad and graduated from both high school and college in the United States. Each year, fellows receive $25,000 in stipend support, as well as up to $20,000 toward tuition.

For more information, visit: https://scholarships.berkeley.edu/soros
Applications for the 2022 cohort are due **October 28, 2021**.

**UJRP Call for Submissions, 11/15**

CALL FOR UNDERGRADUATE RESEARCH PAPERS

Have you completed a research paper in a psychology-related field (i.e. psychology, cognitive science, neuroscience, linguistics)? Are you looking for a platform to publish your work? If so, The Undergraduate Research Journal of Psychology at UCLA (URJP) WANTS YOU to submit your papers for our annual publication, expected to be released Spring 2022.

URJP is an organization dedicated to informing the community of psychological findings through research run by undergraduates from all universities. Last year, we received submissions ranging from local to international universities. URJP is one of the few established psychology journals that publishes undergraduate psychological research.

To submit, the papers must fulfill the requirements below:

- Original work completed by undergraduates (Includes senior honors theses, independent research, reviews, theoretical papers, and other scholarly writing)
- Never before been published

If you have not completed an independent research project, we still encourage you to apply by submitting a “literature review article” which does not require access to research data.

The **deadline to submit papers is November 15, 2021 at 11:59 P.M. PST**. Multiple submissions from one author are welcome. If you would like to submit an article for consideration, please complete the following:

- Replace any identifying information (i.e. author name, institution) with *empty brackets*, to ensure anonymity within the selection process
- Visit our website's submission page.
- Read our submission criteria.
- Once you have filled out the form linked on the submission page, send the following in an email to psychjournal.ucla@gmail.com
  - In the body of the email, include the following information: (1) your full name, (2) full article title, (3) article type (i.e., literature review, research article), (4) your email address
More information regarding our submission criteria and types of articles accepted can be found on our website, [https://urjp.psych.ucla.edu/](https://urjp.psych.ucla.edu/). To view our prior publications, please visit our website at [https://urjp.psych.ucla.edu/publications/](https://urjp.psych.ucla.edu/publications/).

If you have any questions or concerns, please contact us at psychjournal.ucla@gmail.com for further information. We look forward to reviewing your submissions!

**Center for Race and Gender (CRG) Research Grants, 11/15**

The Center for Race & Gender welcomes proposals from undergraduate students to support research or creative projects. Project topics should be consonant with CRG’s mandate to support critical student research on race, gender, and their intersections in a wide variety of social, cultural, and institutional contexts. **Proposals that address both race and gender will be prioritized, and proposals that do not address race at all will be de-prioritized.** Projects may be oriented toward academic research or may approach race and gender issues from the perspectives of the media, fine arts, and performing arts.

**Fall 2021 Deadline**
Monday, November 15 2021 by 5pm
Accepting applications in early September 2021.

To learn more about eligibility and the application, please visit the [Center for Race and Gender website](https://urjp.psych.ucla.edu/).
L&S Career Events for Fall 2021

**FALL 2021**

**L&S Majors Events**

**AUG 24**
L&S/RCNR Career Kickstart
5:00pm - 7:00pm

**SEP 14**
Law School Admissions Panel & Networking
12:00pm - 1:30pm

**SEP 22**
Social Impact Opportunities: UC Berkeley
4:00pm - 5:00pm

**SEP 23**
How to Be Competitive as an L&S Student in the World of Work
5:00pm - 6:00pm

**SEP 28**
Alumni Career Chat: International Affairs
12:00pm - 1:00pm

**OCT 06**
Social Impact Opportunities: Bay Area
4:00pm - 5:00pm

**OCT 07**
Alumni Career Chat: Educational Leadership
4:00pm - 5:00pm

BIO Need-Based FA Applications Open

Berkeley International Office offers limited, need-based tuition and fee grants as well as parent grants to international students who have completed at least one academic year in their current visa status. Our Fall 2021 applications are open from August 31st, 2021 to October 3rd, 2021.

- BIO Need-based award for international undergraduates - This award goes toward tuition and fees only.
- BIO Need-based awards for international graduate students - These awards go toward tuition and fees and also offer aid to graduate student parents.

If you are an international student who has unexpected financial needs, please apply for a BIO award.

More information on the awards and links to the applications are on BIO's Financial Aid page.
CampusPrep LSAT and GRE Courses

Are you interested in going to GRAD school, but can't afford to pay $1200+ for LSAT or GRE prep classes?

There will be another set of low-cost, high quality, LSAT and GRE prep courses offered live online this fall for Cal students and alum. You can apply for the live courses (and see testimonials, etc.) at campusprep.org.

Fast Facts:
- Campus Prep has built a reputation for helping students get great point gains for little cost. We have run the low-cost LSAT prep courses at UCLA, UC Davis, and other schools for the past 10 years.
- Our students who complete the course average a 9-point gain on the LSAT.
- We are able to offer these courses for so much cheaper than any similar courses because of our partnerships with law schools, departments, and student groups.

$275 LSAT Course
The comprehensive course preps you for the November and January test dates. This 27-hour, live course includes 3 practice exams and costs $275 ($225 if you qualify for financial aid from us).

The course is taught by a high-scoring, expert instructor.
LSAT PREP COURSE SCHEDULES:

Live Online LSAT
Wednesdays 4-7pm Pacific
9/22, 9/29, 10/6, 10/13, 10/20, 10/27

Live Online LSAT
Tuesdays 6-9pm Pacific
9/28, 10/5, 10/12, 10/19, 10/26, 11/2

$275 GRE PREP COURSE
This comprehensive course consists of 18 hours of live prep with a top-scoring instructor. The comprehensive course normally costs $275 ($225 if you qualify for financial aid from us).

The instructor is a top scorer on the GRE and an expert on the test. He has taught the test professionally for 21 years.
GRE PREP COURSE SCHEDULES:

**Live Online GRE**
Tuesdays 7-10pm EST
10/12, 10/19, 10/26, 11/2, 11/9, 11/16

**Live Online GRE**
Thursdays 6-9pm Pacific
10/14, 10/21, 10/28, 11/4, 11/11, 11/18

You can try the course by having until midnight on the day of the first class session to receive a full refund for any reason.

Apply ASAP at [campusprep.org](http://campusprep.org), as there will likely be more applications than there are spaces available. Email questions to [admin@campusprep.org](mailto:admin@campusprep.org).
2022 CSULB Psych Grad Program

Master of Arts in Psychological Research
CSULB Psychology Department

What does CSULB MAPR program offer?
The Master's of Arts in Psychological Research (MAPR) program is designed to provide foundational graduate education in the content areas and research of general psychology to prepare for a master's-level career or entrance into a doctoral program.

All graduate seminar courses have an enrollment of 15 or fewer students which facilitates close communication and intellectual stimulation among participants. The program is designed to be completed in two years.

Coursework includes:
- Advanced Statistics
- Cutting-Edge Research Methods

Core seminars offered:
- Cognition
- Learning
- Clinical
- Personality
- Social
- Physiological/Sensory
- Health
- Developmental

Why CSULB MAPR program?
Doctoral programs and employers frequently prefer students with the advanced training and experience provided by our MAPR program.

Outstanding Preparation for Doctoral Programs
Faculty mentors and the Graduate Advisor actively guide and assist students with the Ph.D. program application process. Many of our students enter top-notch doctoral programs throughout the country.

Our graduates who enter the workforce immediately hold positions in:
- Community colleges
- Laboratories using physiological and behavioral research methodologies
- Social service agencies
- Business
- Government

Interested in applying?
For more information visit the CSULB MAPR website
or
Email the CSULB Psychology Graduate Program at pcygrad@csulb.edu
What is Human Factors?

Human factors, also known as ergonomics or engineering psychology, is a scientific discipline which examines human behavior and capabilities in order to find the best ways to design products, equipment, and systems for safe, effective, and satisfying use by people.

Professionals in human factors apply their skills to a variety of areas, including:
- Aerospace and automotive systems
- Computer software and hardware
- Medical systems
- Educational technology
- Consumer products
- Virtual reality

Human factors professionals work in:
- Academic institutions
- Industry
- Military and governmental research centers
- Independent consultancy

Our students are successful obtaining Human Factors positions upon graduation!

Some places our alumni work are:

**Industry:**
- Google
- Ring
- Honda
- Pacific Sciences & Engineering
- Insulet
- Chevron

**Government:**
- NASA Ames Research Center
- Edwards Air Force Base
- NASA Jet Propulsion Labs
- Social Security Administration

Human Factors at CSULB

The MS in Psychology, Option in Human Factors, is designed to prepare students to apply research-focused human factors skills to the design of jobs, information systems, consumer products, workplaces, and equipment in order to improve user performance, safety, and comfort. Our Human Factors program is accredited by the Human Factors and Ergonomics Society.

Research Centers and Labs

- Center for the Human Factors in Advanced Aeronautics Technologies (CHAAT)
- Center for Usability in Design and Accessibility (CUDA)
- Miles Action Perception (MAP) Lab
- Stress & Technology Applied Research (STAR) Laboratory

Interested in applying?

For more information visit the [CSULB MSHP website](#) or Email the CSULB Psychology Graduate Program at psygrad@csulb.edu
Master of Science in Industrial-Organizational
CSULB Psychology Department

What does the CSULB MSIO program offer?

The Master's of Science in Industrial-Organizational (MSIO) Psychology program at California State University Long Beach is a rigorous, 36-unit program designed to prepare students to enhance organizational performance and human well-being in professional settings.

Students learn and develop skills through seminars, practicum experience, engagement in research, and development of a professional portfolio or a research thesis.

Coursework includes:

- Personnel Psychology
- Organizational Psychology
- Organizational Development
- Test Construction
- Research Methods
- Practicum in I-O Psychology
- Advanced Statistics

Options for electives include:

- Group Dynamics
- Compensation Analysis
- Qualitative Research Method
- Test Construction
- Research Methods
- Social Network Analysis

The CSULB MSIO program is a two-year, full-time graduate program that embraces a scientist-practitioner model.

Our program consists of a small, cohort-based learning environment characterized by team and experiential learning.

Job titles of CSULB MSIO Alumni include:

- Personnel Analyst
- Organizational Effectiveness Specialist
- Training & Development Manager
- Compensation Analyst, Personnel Director
- Testing and Assessment Specialist
- ...and many more!

Interested in applying?

For more information visit the [CSULB MSIO website](#) or Email the CSULB Psychology Graduate Program at psygrad@csulb.edu

**Sigma Xi Scientific Research Honor Society Interest Form**

Hello and welcome!

If you are interested in joining a growing community of student and faculty researchers, networking, mentorship, learning about others' research, and more, please consider joining Sigma Xi, the Scientific Research Honor Society! Sigma Xi was a huge part our lives (Morgan and Mitch!) in undergraduate and it's an organization we're looking forward to growing here at Berkeley and UCSF for grad and undergrad students. Currently it's only a few students and faculty, but our vision is to make it a big and strong chapter full of life again through mentorship, community outreach, and sharing our science passions! If you're interested in learning more about Sigma Xi or possibly joining, please fill out [this 2 minute form](#) so we can distribute more information! (This is a non-binding interest form and you can opt out of emails at any time!)

If you have any questions, please don’t hesitate to reach out! (morgan.pfaff@berkeley.edu)

**UC Berkeley Statistical Consulting Service**

The Berkeley Statistical Consulting Service is now open for the Fall Semesters. This free consulting service is operated by the Department of Statistics every fall and spring semesters. Advanced graduate students, under faculty supervision, are available during specified hours to answer your questions about statistics and data analysis. We welcome members of the campus community to take advantage of this service at any stage of their research.

To find out more about our service, please visit our website at: [http://statistics.berkeley.edu/consulting](http://statistics.berkeley.edu/consulting)

To schedule a meeting or ask questions about the service, please email: consulting@stat.berkeley.edu

**UCR Brain Game Center-Participants needed!**

Hello!

The UCR Brain Game Center for Mental Fitness and Well-being is recruiting participants for a large online study that is funded by the National Institute of Health to better understand how working memory training may lead to cognitive benefits. The study and its recruitment method has been approved by the Human Subject Review Board at University of California Riverside. I
am forwarding this message as I thought that you may be interested in being part of the study. Participation in the study is strictly voluntary and there will be no penalty to you for not participating.

For more about the study see this new article in Scientific American: https://www.scientificamerican.com/article/does-brain-trainingactually-work/

To enroll, simply follow the link here: https://bgc.ucr.edu/memorytrainingregistration/

You must be 18 years or older to participate and if chosen, you'll be asked to fill out some surveys, conduct a few cognitive tests and complete the working memory training. The study is only 11 business days long and is done all within the comfort of your home on your personal phone or tablet.

Not only will you receive access to our brain training software for free, but there are also give-aways that provide opportunities to win rewards such as gift cards valued $5-100 or the grand prize of a brand new iPad!

If you have further questions, please contact us at bgcsupport@ucr.edu.

Thank you!

Univ. of Kansas, Clinical Child Psychology M.A./Ph.D. Program

The University of Kansas
College of Liberal Arts & Sciences
Clinical Child Psychology Program
Dole Human Development Center, Room 2015 | 1000 Sunnyside Avenue
Lawrence, KS 66045-7555 | (785) 864-4226 | www.ccpp.ku.edu/

The CCPP is accredited by the American Psychological Association as a training program leading to the Doctoral degree (Ph.D.) in the area of Clinical Psychology with a Child Emphasis.* Our mission is to develop leaders in the research, dissemination, and practice of psychological clinical science for children, youths, and their families.

The program faculty is comprised of 6 full-time faculty members, one adjunct clinical supervisor, contributing faculty in several departments at KU, and dozens of affiliates at our
community partners in Lawrence, Kansas City, and the surrounding area. We currently enroll 22 students both on campus and internship - allowing highly individualized attention for research and clinical supervision.

The quality of the CCPP is reflected in the activities of the students, graduates, and faculty. Program students frequently publish empirical articles, chapters, and reviews during their tenure in the program. An extensive list of student-authored publications and conference presentations demonstrates the scientific prowess of the students and the mentoring by program faculty. Please visit our research pages for an introduction to our faculty research labs.

The CCPP has been able to fund 100% of our graduate students every year for the past 10+ years. Student funding comes from Graduate Teaching Assistantships, Graduate Research Assistantships, Graduate Fellowships, as well as research and training grants. These positions typically offer full tuition coverage plus a competitive stipend. Our student funding model and priorities are coordinated with our efforts to recruit and retain a diverse and highly accomplished student body. This includes awards supporting student projects that advance equity or promote social justice (e.g., the Sampilo-Quispe Award for Equity and Social Justice in Clinical Child Psychology), a speaker series to facilitate continuing education (Roberts Equality and Diversity Education Fund), an active CCPP Diversity and Equity Committee, and ongoing efforts to support activities that promote diversity within the field (e.g., conference sponsorships, service to professional organizations and working groups). Our Student Resources page provides more detail about program awards and opportunities.

Consistent with the mission of the CCPP, program graduates fill leadership roles in a range of service settings, including universities, medical centers, government agencies, mental and behavioral health systems, and community mental health centers. Our graduates’ careers are facilitated by extremely high match rates for APA-Accredited pre-doctoral internships at many of the premier pediatric and clinical child internship and residency programs.

CCPP faculty are very active, receiving national and university recognition for their contributions. They all have received teaching and mentorship awards and have received federal and foundation grants to support their research and students. The faculty serve as editors and associate editors and on the editorial boards of major scientific and professional journals, publish books in the specialty, and have significant empirical publishing records—most often co-authoring with students. All of our faculty members are active in national organizations in psychology generally and in the specialty of clinical child and pediatric psychology.

As suggested by the above activities, the CCPP emphasizes the integration of science and practice in all of its endeavors. If you are looking for a clinical doctoral program that will allow
you to conduct research that matters, and are specifically interested in working with children, adolescents, and families, then I hope you will give the CCPP your most serious consideration. We are proud of what we have been able to achieve, and hope that you will have interest in being part of the program.

Please visit us on the web at www.ccpp.ku.edu or on Facebook at https://www.facebook.com/KUClinicalChild, or follow us on Twitter (@KUCCPP; https://twitter.com/KUCCPP) for more information about the program. Admissions information can be found at https://ccpp.ku.edu/admissions.

I look forward to seeing your application this fall. Please let me know if you have specific questions that I can help answer.

Sincerely,
Ric G. Steele, Ph.D., ABPP
Professor and Director

**DLab Consulting Drop in Hours now Open**

D-Lab consultants are available to assist graduate students, undergraduates, visiting scholars, Berkeley faculty, and staff to move forward with world-class research. Check out the website for upcoming events and workshops.

**Join Alt Breaks in Spring 2022 due Oct 25th CEAP Study Psychology Abroad**

Interested in learning more about hurricane recovery efforts, farm worker rights, public health, wealth disparity and more?

Join the [Alternative Breaks](https://alternativebreaks.org) community and explore these social justice issues through community partnership supplemented with education and reflection. Participants enroll in a DeCal course in Spring 2022 to prepare for their spring break trip with community partners.

Our Spring 2022 experiences include:

- Economic Justice in the Bay Area
- Environmental & Food Justice in the Bay Area
- Farmworker Rights in Central Valley
- Hurricane Maria Relief in Puerto Rico
Miscellaneous Opportunities: Week of October 25th, 2021

- Immigration Rights in San Diego
- Urban Health in Los Angeles

Priority deadline: Oct 25 at 11:59pm
Final deadline: Oct 31 at 11:59pm

Link to Spring 2022 Participant Application!

Learn more about our trips here. Check out our Berkeley Life feature here.

Contact us at berkeleyaltbreaks@gmail.com if you have any questions — we're always happy to chat!

USC Rossier PhD in Urban Education Policy program - Open Now through 12/1

We are hoping you can pass along the below information to any undergraduate and master’s students who may be interested in the USC Rossier PhD in Urban Education Policy program (our Program Brochure is available here) which is a funded four-year PhD program. Our applications for a fall 2022 start are open now and due by 11:59pm PST on December 1, 2021. A master’s degree is not required for admission to our program.

Please note that the PhD in Urban Education Policy program recently enhanced its admissions criteria and requirements to continue to ensure that future PhD applicants are evaluated holistically, rigorously, and equitably. Highlights include that 1) GRE scores are neither required nor expected, and 2) a writing sample is now required. To learn more about the rationale for these changes, review our revised GRE admissions policy letter from our PhD faculty.

We encourage applicants to read the PhD Application Requirements webpage in detail before and during your application submission as it contains a lot of helpful information and tips for submitting your PhD application.

We are hosting online information sessions about the PhD program regularly through November 2021 which applicants can sign up for here. We highly encourage applicants to attend a live webinar or listen to a webinar recording as they provide a lot of insight about the PhD program and application process, as well as answers to frequently asked questions. Here is the link to the recording of the 9/27/21 PhD webinar.
The PhD in Urban Education Policy program trains students to become scholars and researchers. It is a funded, 4 years (including 4 summers), full-time, on-campus program and students serve as research assistants under the guidance of a faculty advisor. We have four concentrations within the Urban Education Policy program, which include Educational Psychology, Higher Education, K12 Education Policy and Teacher Education. Students serve as research assistants for 20 hours a week and receive the following benefits:

- Annual stipend of $32,000.
- 12 units of tuition each semester.
- Payment of health and dental insurance premiums.
- Payment of the student health center fee.

Prospective PhD students can contact us anytime by emailing us at rsoephd@rossier.usc.edu. To learn more about master’s and EdD programs at USC Rossier, please visit our programs page.

**CalTeach Info Session for STEM Education - 10/20 & 11/12**

CalTeach is a program for undergraduate STEM majors interested in science and math education (being a STEM major is not required). We offer a minor, as well as the unique opportunity for students to earn a California Preliminary Teaching Credential as an undergraduate, alongside their bachelor's degree.

The CalTeach team will be hosting info sessions on

**Wednesday, Oct. 20, 12:10pm-1pm virtual** (register at tinyurl.com/calteach1)

**Data Peer Consulting Program**

**Data Peer Consulting Services**

Data Peer Consulting is available this spring (started September 7th!) to help you with all of your Jupyter notebook, SQL, data visualization, and other data science needs for free (we’re funded by the [Student Tech Fund](#)). Data Peers are currently hosted at the [D-Lab Frontdesk](#)! Visit our [website](#) to learn more about peer consultants and to find one that can help you! Our services include:
Miscellaneous Opportunities: Week of October 25th, 2021

- Virtual Office Hours
  - Open M-F, 12pm - 4pm

- Appointment Consultations
  - Email us at ds-peer-consulting@berkeley.edu to set up an appointment

- Workshops, Mini Projects, Collaborations
  - Stay tuned on our Facebook Page to learn about upcoming workshops
  - Email us if you'd like to connect!

SLC Writing Program

Midterm season is paper season, which means we at the SLC Writing Program have some words of our own to share. First, we wish you energy, perspicacity, and inspiration galore. Second, no matter the writing assignments on your syllabus, we hope you’ll find your way to our doors!

Whether your focus is a sentence, paragraph, prompt, or paper, we’re here to meet you where you are and help you move your writing forward. For the quickest support to suit your schedule, come visit us Monday through Friday in Drop-in. We’re also adding more Appointment slots this week, so click on an open white box or put yourself on our waitlist to be notified of openings. For a full breakdown of our in-person and virtual options, check out our website.

Finally, if you’re local to campus and haven’t yet come by in person this semester, we really encourage you to make the trip. Not only do our windows overlook redwoods, but the SLC atrium (where we're located) is brimming with workspaces where you can study, create, and connect freely with peers.

From thesis statement to thesis project, our invitation to you is simple: write and thrive in community. Happy mid-semester, and we can’t wait to see you soon!

Full Tuition Graduate Opportunity for Psychology Majors - Open Now through 7/1/22

I am excited to share that Santa Clara University's National Science Foundation Noyce grant is currently seeking a variety of qualified Science, Technology, Engineering, and Math (STEM)
miscellaneous opportunities: week of october 25th, 2021

majors who are dedicated to using education as a tool for social justice and to become middle or high school mathematics teachers in racially, ethnically, linguistically, and economically diverse schools. this fellowship is open to graduates in stem majors, and psychology graduates qualify to apply.

scu nsf noyce fellows will receive:

- full tuition scholarship and $20,000 living stipend to earn a california single subject mathematics teaching credential and master’s degree in one year.
- $10,000 stipend each year for your first four years teaching in a high-need school district.
- extensive professional development during student teaching and for the first four years teaching in a high-need school district.
- many opportunities to become part of a vibrant mathematics education community.

applications are due january 7, 2022.

you can find more information at scu nsf noyce website, which includes the list of qualified stem majors that can apply for this fellowship.

psi chi: the international honor society in psychology
applications open until 11/5

are you interested in getting more involved with the department of psychology? psi chi at berkeley is accepting membership applications until friday, november 5th. psi chi offers opportunities to network and get involved in the field by hosting general meetings with guest faculty speakers, graduate student speaker panels, and socials.

psi chi is the international honor society in psychology for undergraduate and graduate students who have declared a major or minor in psychology (or related program). membership in psi chi is an earned honor which is for life. a permanent record of your membership is preserved at the psi chi national office and may be used for reference purposes such as applications for graduate school and jobs. our psi chi chapter at berkeley is dedicated to providing members the means
necessary to advance in the field of psychology at Berkeley and beyond. Membership is open to qualified candidates of any age, sex, sexual orientation, race, handicap or disability, religion and national and ethnic origin.

**What are the Membership Requirements?**

To be eligible to join Psi Chi, you must:

1. Either have completed or be currently enrolled in nine units of upper-division psychology courses at UC Berkeley
   a. At least three units must be completed by the time of application
2. Have a minimum overall GPA of 3.3 (on a 4.0 scale).
   a. Transfer students may contact us for more information
   b. Graduate students may join with a minimum cumulative GPA of 3.0
3. **Apply by Friday, November 5th at 11:59pm**
4. Pay the one-time initiation fee of $85
   a. You will receive more information about this once your application is reviewed and accepted by Psi Chi
   b. Please reach out via email to request a fee waiver if needed.

***more specific details about membership requirements can be found here***

**How do I apply?**

Fill out and submit the **application form** by **Friday, November 5th @ 11:59pm**.

If you have any questions or concerns, please contact us via email at **psichi@berkeley.edu** or check out our **website** or the **international website**.

Rutgers Bridge to Equity: Clinical PhD Admissions "Open House" Event - 10/28

I’m writing to share some information on an upcoming virtual open house event that our APA- and PCSAS-accredited Clinical Psychology program is hosting on October 28th from 3-5pm. Please forward this to anyone that might be applying to PhD programs this year, especially applicants from historically excluded backgrounds. We’ll focus on information regarding fellowships for students from underrepresented and economically disadvantaged backgrounds as well as training and clinical opportunities with diverse populations.

You can get more information about the program and our application process here: https://www.ruclinpsychadmissions.org/
You can view information specifically about the open house here: https://www.ruclinpsychadmissions.org/projects-2
You can register for the open house here: https://rutgers.zoom.us/webinar/register/YN_ohLORMg6TqGG0cZemyRyyA
