Applications for PDP21 (August 2020 to May 2021) are now open and will close on Monday, January 6, 2020. Come and meet the PDP's Executive Director, Dr. Keith Alexander, and 4 of our current students to learn more about our professional 9-month Master's program in Chemical Engineering. Graduates of the PDP almost exclusively choose to enter industry to embark on a professional or managerial career related to bringing new products and technologies into commercial reality.

Thrive in a close-knit community; Each cohort can only hold up to 50 students.

Guide your coursework by choosing an industry specialization or get creative and create a hybrid.

Instead of a thesis, get industry experience by participating in a field project during your Spring semester where you will work in small teams to solve a product development challenge for a real company.

100% of our students receive financial aid and a limited number of full tuition and fees scholarships are available.

GRE scores will automatically be waived for ALL University of California graduates and GRE score waivers are available for working professionals with 4+ years of relevant industry experience.

※ Latinx Center of Excellence Mentoring Program, 10/18/19 ※

My name is Lissette Flores and I work with the Latinx Center of Excellence (LCOE) at Berkeley Social Welfare. The Center has recruitment, education, and training of Latinx MSW students as its focus. We are currently recruiting undergraduate students interested in learning more about or pursuing a Masters in Social Welfare. Our mentoring program, La Red de Apoyo, pairs Latinx UCB undergrads with current Latinx MSW students for the academic year.

We ask that mentees commit to participating for the remainder of the academic year; that they meet with their mentor once per month, and that they attend the Mentor/Mentee Orientation slated for Saturday, November 2, 2019 from 12-2PM.
We ask that interested students submit an application by October 18.

**2019 UC Davis Pre-Health Conference, 10/19/19**

This conference is one of the largest pre-health conferences in the nation. Each year 3000+ pre-health students come to the UC Davis campus to explore different health related career paths, experience hands-on healthcare activities via interactive workshops, and connect with other pre-health students and health professionals from around the nation.

Additionally, we aim to have over 200 exhibitors from health professions schools from across the nation. This gives advisors and students an opportunity to ask tough questions, connect with representatives. The Pre-Health Fair takes place from 10 am to 3 pm, so there is plenty of time to both visit the Fair and attend a couple of workshops.

The schedule for this year’s Conference is as follows:

- 7-9 am: Check In & Breakfast
- 9-10 am: Keynote Speaker: Dr. Piri Ackerman-Barger, PhD, RN
- 10-11:15 am: Pre-Health Fair
- 11:30 am-12:30 pm: Lunch
12:45-1:45 pm: Workshop Session I
2-3 pm: Workshop Session II
3:15-4:15 pm: Workshop Session III

Group registration is available for 10 or more, which reduces the ticket cost to $10 per person. Please encourage your students to purchase their tickets early, as we have sold out in the past. Bus or shuttle parking is available. Those who drive cars and park in the nearby garage will need to pay for campus parking at $9. Registration fees include: access to the conference, a t-shirt, bag, breakfast and lunch if they choose a sponsored lunch. Lunch may also be purchased on their own or through Eventbrite.

Apply to Health++, Stanford’s Health Hackathon, 10/19-10/20/19

Health++ is Stanford's weekend-long hackathon enabling engineers, designers, entrepreneurs, and healthcare professionals to collaborate on meaningful challenges in the healthcare space.

This year, we're going BIGGER—more prizes, more food, more workshops, more sponsors, more fun workshops and activities. Anyone is welcome to apply, regardless of field of expertise! That means, NO EXPERIENCE IN CS REQUIRED. Our most interdisciplinary teams often create the best hacks!

➢ CFA - KIDS FIRST: David L. Kirp Prize for UCB Undergrads, 10/28/19

Prize for Undergraduates Working to Improve the Future for Children and Youth
Each year the KIDS FIRST: David L. Kirp Prize awards $2,500 to one or more UC Berkeley undergraduates who have developed innovative strategies to increase opportunities for children and youth or who have demonstrated a commitment to improving the future of children and
youth. The prize is open to students from all majors, and the application deadline is October 28, 2019. Application and more details are available here: https://issi.berkeley.edu/kids-first

Eligibility
The prize is open to UC Berkeley undergraduate students from all majors who are registered during fall semester 2019.

Applications for New Media Undergraduate Certificate, 11/1/19

Undergraduate Certificate in New Media
Applications due: November 1, 2019
The Berkeley Center for New Media is an interdisciplinary research center that studies and shapes media transition and emergence from diverse perspectives. Through critical thinking and making, we cultivate technological equity and fairness in our classrooms, in our communities, and on the internet.
A new media certification provides enhanced skills in analyzing and/or designing future media with an awareness of historical, social, and cultural perspectives that might not be visible from a single discipline. Emphasizing a critical understanding of the nature and implications of new media, our students draw on theories and methodologies from the arts, the humanities and social sciences, and science and engineering, to innovate while questioning the impact of new media on the human experience.

Our students are eligible for a host of opportunities through the Center, including our prestigious Eugene Jarvis fellowships, research support, and unique experiences with the world-class speakers we bring to campus.

We are accepting applications for admission to the Designated Emphasis (DE) in New Media Ph.D. program, the Graduate Certificate in New Media M.A. program, and the Undergraduate Certificate in New Media program. All applications for Fall 2019 admittance are due November 1, 2019. Find out more!

When clients get stuck in shame, the most powerful way to help them get unstuck may be to activate their imagination. In the Imaginal Realm, logic and time are fluid and flexible. What actually happened can be explored and changed. What was stuck in the cognitive realm can be reexamined and shifted. Shaming situations from the past can be revisited and resolved. In this workshop, we will utilize techniques from Drama Therapy, Focusing, Expressive Arts Therapy, Jungian creative imagination and Hakomi. We will explore the critical voices and/or the childhood scenes that are still driving the internal shame dynamic in the client.

You will learn to help clients:
- Externalize shame so that it can be worked with directly.
- Work with roles, parts and shame-based introjects.
- Access strength, resilience, inner resources and role repertoire.
- Find a deeper understanding by working with objects you already have in your office.
- Utilize imaginal techniques to give the shame back, so that it stays in the Imaginal Realm.

Once the shame is worked through in the Imaginal Realm, the client can interact with the world differently.

*There is no prerequisite for this course. It can be taken by itself or as part of a sequence.*

TO REGISTER, please visit the Schedule page at [http://www.CenterforHealingShame.com](http://www.CenterforHealingShame.com).
Space is limited.

CALL FOR UNDERGRADUATE RESEARCH PAPERS
Have you completed a research paper in a psychology-related field (i.e. psychology, cognitive science, neuroscience, linguistics)? Are you looking for a platform to publish your work? If so, The Undergraduate Research Journal of Psychology at UCLA (URJP) WANTS YOU to submit your papers for our annual publication, expected to be released Spring 2019. URJP is an organization dedicated to informing the community of psychological findings through research run by undergraduates from all universities. Last year, we received submissions ranging from local to international universities. URJP is one of the few established psychology journals that publish undergraduate psychological research.

To submit, the papers must fulfill the requirements below:

- Original work completed by undergraduates (includes senior honors theses, independent research, reviews, theoretical papers, and other scholarly writing)
- Never before been published
- APA formatted (we can help with this!)

If you have not completed an independent research project, we still encourage you to apply by submitting a “literature review article” which does not require access to research data.

The deadline to submit papers is November 8, 2019. Multiple submissions from one author are welcome. If you would like to submit an article for consideration, please complete the following:

- Replace any identifying information (i.e. author name, institution) with empty brackets, to ensure anonymity within the selection process
- Visit our website’s submission page, https://urjp.psych.ucla.edu/submissions/
- Once you have filled out the form above, send the following in an email to psychjournal.ucla@gmail.com
  - In the body of the email, include the following information: (1) your full name, (2) full article title, (3) article type (i.e., literature review, research article), (4) your email address

More information regarding our submission criteria and types of articles accepted can be found on our website, https://urjp.psych.ucla.edu/
If you have any questions or concerns, please contact us at psychjournal.ucla@gmail.com for further information. To view our prior publications, please visit our website at https://urjp.psych.ucla.edu/publications/. We look forward to reviewing your submissions!
