Sigma Xi Scientific Research Honor Society Interest Form

Hello and welcome!

If you are interested in joining a growing community of student and faculty researchers, networking, mentorship, learning about others' research, and more, please consider joining Sigma Xi, the Scientific Research Honor Society! Sigma Xi was a huge part of our lives (Morgan and Mitch!) in undergraduate and it's an organization we're looking forward to growing here at Berkeley and UCSF for grad and undergrad students. Currently it's only a few students and faculty, but our vision is to make it a big and strong chapter full of life again through mentorship, community outreach, and sharing our science passions! If you're interested in learning more about Sigma Xi or possibly joining, please fill out this 2 minute form so we can distribute more information! (This is a non-binding interest form and you can opt out of emails at any time!)

If you have any questions, please don’t hesitate to reach out! (morgan.pfaff@berkeley.edu)

Courses Opportunity

Studying for graduate-level exams like the MCAT, OAT, GRE, etc., is often stressful and unstructured. To get more help and earn a higher score on the exams, consider buying a Kaplan Course Certificate. AMSA is offering limited certificates at a price less than half of their market value! This course certificate is currently being auctioned with the lowest bid starting at only $899, while the original price of the same is $1800. All the collected proceeds from the sales will go towards helping our organization make your lives easier as a pre-health student! If this sounds like something you would be interested in, please visit the link down below: https://linktr.ee/isha29

Study for Prospective Experimental Psych Ph.D. Students

Our names are Zahira Flores and Melanie Montejano, and we are undergraduate students at Heritage University. We are supervised by Dr. Amy Nusbaum. We are conducting a research study to learn about the admissions experience for prospective experimental psychology Ph.D. students, in addition to exploring the factors that contribute to preparation for the admission process. With these findings, we hope to give undergraduate students clarity to know what is
expected of them in the graduate school application process and help graduate programs clarify and improve their admissions procedures.

We are recruiting individuals who meet all of these criteria:

1. Attend a four year college/university
2. At least a junior in standing
3. Psychology majors
4. Are planning on applying to an experimental psychology program for a Ph.D.

If you decide to participate in this study, you will be asked to complete an anonymous survey through SurveyMonkey. The survey will take approximately 15 minutes. You may skip any question you feel uncomfortable answering and all responses will be kept anonymous.

During this activity, you will be asked questions about your demographics (race/ethnicity, gender, year in school, household size, income, citizenship status), academic experiences, knowledge of the graduate application process, and involvement in extracurricular activities. If you are interested in participating in this study, please click this link: www.surveymonkey.com/r/psychgrad. If you have any questions, please contact us at: nusbaum_a@heritage.edu

Applications Now Open: UC Berkeley MNSD

Applications are now open!
The 21-month Master of Nutritional Sciences and Dietetics (MNSD) program at UC Berkeley prepares students for a career as a registered dietitian nutritionist.

Our program is held in-person with all coursework taking place on the UC Berkeley campus, and all supervised practice training rotations take place within the San Francisco Bay Area. Graduates of any bachelor’s program are welcome to apply for admission as long as they have completed the prerequisite coursework. Applications for enrollment in fall 2023 are now open.

Looking for more info?
Join us at an open house this fall.

Upcoming Scholarship Info Sessions and Deadlines

UPCOMING SCHOLARSHIP INFO SESSIONS

* Yenching Scholars:
  Online information session for West Coast U.S. (pre-registration required)
  Tuesday, October 11th, 6:00pm (PDT)
  The Yenching Academy offers a highly customizable Master’s program in China Studies for English speakers with varied levels of Chinese language competency. At the core of the program is an emphasis on interdisciplinarity and thinking about China – past, present and future – from both Chinese and international perspectives. As a college integrated within Peking University, the Yenching Academy prepares a diverse group of exceptional international and Chinese students with the knowledge of China that they need to fulfill their potential as global citizens and leaders. The fellowship covers tuition and fees, accommodation, and living costs. University nomination required. Campus application deadline: November 15, 2022. Students interested in applying must schedule an individual advising appointment with Keila Diehl (ourschol-coordinator@berkeley.edu).

OTHER UPCOMING SCHOLARSHIP DEADLINES

Knight-Hennessy Scholars
Application deadline: October 12, 2022

Luce Scholarship
Application deadline: October 15, 2022

Churchill Scholarship
University nomination required.
Campus application deadline: October 17, 2022
Hi there,

My name is Irice Castro, and I am the Assistant Director of Graduate Affairs at the UCI School of Social Ecology. Starting this October, we will be offering online graduate application workshops where we will be providing feedback on application essays and general support on how to fill out the application. Workshops are free of charge and are open to all prospective applicants to our graduate programs; we just ask that they register below: https://grads.soeco.uci.edu/pages/plan-your-visit#AppWorkshop

We offer the following graduate programs and will begin accepting applications October 3, 2022 for a Fall 2023 start:

**DOCTORAL PROGRAMS**
- Criminology, Law & Society
- Urban & Environmental Planning & Policy
- Psychological Science
- Psychological Science with a concentration in Clinical Psychology

**ON-CAMPUS MASTER'S PROGRAMS**
- Master of Public Policy
- Master of Urban & Regional Planning

**ONLINE MASTER'S PROGRAMS**
- Master of Advanced Study in Criminology, Law & Society
- Master of Legal & Forensic Psychology

For additional information regarding admission to our School, please visit: https://grads.soeco.uci.edu/pages/admissions

**Chicago Booth Research Opportunities**

The University of Chicago Booth School of Business has launched its fall recruiting cycle for pre-docs. Pre-docs (sometimes called Research Professionals or full-time RAs) are two-year
full-time appointments working directly for faculty on their research in the quantitative social sciences (QSS), like economics, business, political science, behavioral science, and others. Students who are interested in graduate study in QSS fields but do not yet feel ready for a PhD program, or who are uncertain whether they want to pursue a PhD, find these positions to be especially useful. These are competitively paid positions with full benefits. Students can sign up to hear about new job opportunities when they are ready to apply (e.g., a freshman could sign up to hear about new postings in three years). The PREDOC Consortium also provides a wealth of programming and information sessions, as well as guides to the pre-doc application process. PREDOC’s offerings are growing rapidly, so students should sign up to receive updates.

Staff at Booth and PREDOC are more than happy to answer any questions you or your students have about pre-doctoral opportunities. Please email us at ResearchProfessional@lists.chicagobooth.edu or info@predoc.org with any questions or to arrange a meeting or information session. Please don’t hesitate to reach out as one of our goals at Booth is to reduce as much as possible the informational frictions surrounding these positions, to help you advise your students effectively.

**Department of Psychology, Montana State University Now Recruiting - Applications Due January 1st, 2023**

*The Department of Psychology at Montana State University in Bozeman invites applications from students to pursue graduate studies leading to a doctoral degree in Psychological Science. We are actively recruiting excellent graduating seniors or graduates with a bachelor’s degree. Please visit our website, [http://www.montana.edu/psychology/](http://www.montana.edu/psychology/). The application deadline for full consideration for **Fall 2022 admission is January 1st**, 2023.*

*The Department is a recognized leader of research in Psychological Science. Faculty collaborate across numerous departments, university centers, and with collaborators worldwide. Many of our faculty members work with rural communities, tribal nations, state agencies and schools through collaborative research partnerships. We offer a research-oriented Doctorate of Philosophy (Ph.D.) degree in Psychological Sciences. Through advanced coursework, thesis and dissertation credits, research colloquia, and individualized mentoring from faculty, our program is designed to train graduate students to conduct psychological research in the following areas: cognitive psychology, social psychology, health psychology, physiological psychology, clinical child psychology, behavioral sleep medicine, and developmental psychology. Our Ph.D. program prepares students for research-oriented careers in academic and applied settings.*

*Please check this document with more information: [https://docs.google.com/document](https://docs.google.com/document)*
CSU, Chico - The Master of Arts in Psychology: Psychological Science - Program Applications Due 01/23/23

California State University, Chico

The Master of Arts in Psychology: Option in Psychological Science

The Psychological Science program at Chico State prepares students who are interested in:
- Preparing for a psychology doctoral program
- Teaching at a community college or four-year institution
- Pursuing a non-academic career (e.g., data science, industry)

Our program offers:
- Content courses and seminars in major areas of psychology
- Hands-on research assistantships and thesis experiences
- Inclusive student cohorts and supportive faculty relationships
- Classroom teaching supervision and mentorship
- Outstanding and diverse program faculty

APPLICATIONS NOW OPEN
Due January 20, 2023
