OURS Peer Advising Survey
The Peer Advisors for the Office of Undergraduate Research & Scholarships are interested in adapting and optimizing student outreach while school is held online. Please take the survey here:
http://cal.prest.scholarships/ours-peer-advising-survey

SURF Info Sessions
The Summer Undergraduate Research Fellowship (SURF) awards undergraduates a $5,000 stipend to conduct research over the summer of 2021. SURF is open to all majors. Attend one of the upcoming info sessions listed below to learn about eligibility, applications, and what to expect from the program. All info sessions will be hosted via Zoom.

Info Sessions (PST, Zoom Meeting ID: 874 028 2986)
Jan 22, Fri 1-2
Jan 28, Thu 2-3
Feb 3, Wed 11-12

Info on Eligibility and Application at http://surf.berkeley.edu

OURS Peer Advising
Want to talk with a peer advisor about getting started in undergraduate research?
OURS Peer Advisors representing a variety of majors and programs will be holding online "office hours" this fall semester via Zoom.

You can check the peer advisor schedule here: https://research.berkeley.edu/peer-advising
You can learn more about the peer advisors here: https://research.berkeley.edu/peer-advisors
Upcoming Deadlines for UC Berkeley Research Programs

Jacobs Institute Innovation Catalysts - 12/30 (est. deadline)

Berkeley Prizes and Honors Program, Fall 2020

Please note the Fabilli-Hoffer contest is the only contest that is open to faculty and staff as well as students. There is up to $7000 in prize money available for winning Fabilli-Hoffer prize submissions. This year’s topic is – Why Now? Please check contest deadlines on the web-site. Most deadlines are November 2020 - March, 2021.

Details for all the Prize contests can be found at:
https://financialaid.berkeley.edu/prizes-and-honors

The Prizes Program at UC Berkeley (prizes@berkeley.edu) is an important forum for rewarding creative expression and scholarly achievement by Berkeley's finest students. Winners receive both recognition and a cash prize, which is coordinated with the winner's financial aid package. Prize competitions are open to students of any major. Prizes are administered under the direction of the Academic Senate Committee on Prizes. Copies of the essays and poetry submissions chosen to receive prizes are archived at the Bancroft Library at the end of each year.

D-Lab January Workshops

R Fundamentals Parts 1-4

Jan 12, 13, 14, 15 | 9:00 AM to 12:00 PM | Register for Zoom Link

The D-Lab's R Fundamentals workshop is a four-part introductory series that will teach you R from scratch with clear introductions, concise examples, and support documents. You will learn how to download and install the open-sourced R Studio software, import, export, manipulate, and visualize data, and learn to write shorthand functions of your code. After completion of this workshop, you will have a foundational understanding to create, organize, and utilize workflows for your personal research.
Python Fundamentals Parts 1-4

Jan 12, 13, 14, 15 | 1:00 PM to 4:00 PM | Register for Zoom Link

This four-part, interactive workshop series is your complete introduction to programming Python for people with little or no previous programming experience. By the end of the series, you will be able to apply your knowledge of the basic principles of programming and data manipulation to a real-world social science application.

Introduction to Qualtrics

Jan 13 | 1:00 PM to 4:00 PM | Register for Zoom Link

This workshop will introduce students to the basics of designing a survey instrument using the Qualtrics platform, such as randomization and survey flow. We will also cover more advanced topics like implementing embedded data and using javascript, as well as tips and tricks on how to use your design to maximize the number of quality responses you get.

Introduction to MAXQDA

Jan 14 | 2:00 PM to 5:00 PM | Register for Zoom Link

This workshop is for qualitative researchers, new and established, interested in learning about MAXQDA, software for which D-Lab provides substantive support (please note that while D-Lab can provide training and support, the software itself is not provided; a two-installation student license costs $95 for 24 months and a one-installation student license costs $47 for 6 months; a 30-day trial is available to new users: trial). Assuming no prior knowledge of MAXQDA, this workshop will introduce participants to the website where the software can be downloaded and numerous training materials can be accessed. Then, participants will learn about the software’s basic features, including how to add data sources, set up a coding scheme, and apply codes. In addition, some of the software’s more advanced functionality, namely several visualization and analysis tools (e.g., the code relations browser and summary grid), will be introduced.

Introduction to Bash + Github

Jan 15 | 10:00 AM to 1:00 PM | Register for Zoom Link

An introduction to programming basics in Bash and GitHub that are often assumed, but that you might have never had good instruction on! The first half of this workshop will introduce you to navigating your computer’s filesystem and basic Bash commands to remove the fear of working with the command line to give you the confidence to use it to increase your
Miscellaneous Opportunities: Week of December 14, 2020

productivity.

The second half of this workshop will introduce you to Git, a powerful tool for keeping track of changes you make to the files in a project. You can use it to synchronize your work across computers, collaborate with others, and even deploy applications to the cloud. In this workshop, you will learn the basics to understand and use Git, including working with the popular "social coding" website, GitHub.

Keep an eye on our January workshop calendar for more workshops in the New Year!

URAP Spring Updates, Spring 2021

SURF - Summer Undergraduate Research and Fellowship Program

The Summer Undergraduate Research Fellowships, known as “SURF”, provides $5,000 stipends to students to carry out indepth research over the summer. There are a variety of program tracks within SURF, and each of them has different eligibility requirements. Some of the tracks are for students completing a senior thesis under faculty supervision (SURF L&S, Rose Hills Independent) while others are for students doing research in support of graduate students (SURF-SMART) or faculty (Rose Hills Experience). If you are interested in SURF, please attend an upcoming info session via Zoom - also listed on Facebook events. The deadline for the program is February 18, 2020 so now is the time to begin developing your application.

Haas Scholars Program--for all majors

Every year, the Haas Scholars Program funds 20 students from ALL MAJORS for up to $13,800 to carry out a capstone project in the summer preceding and during their final year on campus. Haas Scholars also receive guidance from faculty mentors (who also receive a stipend) and from a full-time staff member, membership in a close-knit interdisciplinary community of scholars, and connections to an alumni network of almost 500 members. Eligibility: 3.45+ UCB gpa, Graduating F ’21 or Spr ’22, and financial need (EFC <$26,000); undocumented and international students are eligible if they demonstrate the required level of need. Deadline 2/17/21; interested students should attend an upcoming info session and contact the Program Manager for an appointment.
The Judith Lee Stronach Baccalaureate Prize

The Stronach Baccalaureate Prize supports recent Cal graduates to undertake a public service, creative, or community-based research project in the year following graduation. Recipients are awarded up to $25,000 for projects that serve the public good and heighten awareness of issues of social consciousness. Application deadline: Monday, March 1, 2021. The dates and times of upcoming information sessions will be posted on the website. Interested students are highly encouraged to make an appointment with the program manager to discuss their project ideas.
UCB Newman Hall Holiday Smartphone Drive, 12/15

Used Smartphone Drive for Odobate, Panama

- Benefit students without tech in Odobate, a rural indigenous village in Panama
- We have teamed with a local teacher to distribute phones to families in need and use them in lessons.
- Questions? Email Alden at aldenmoss5@gmail.com

PHONE REQUIREMENTS

- Ability to connect to the internet via WiFi
- Decent battery life
- Charger included.
- Reset, and all sensitive data is erased (we are not responsible for your personal data).

DONATION TIMES

- Newman Hall on Sundays 11/29 and 12/6 at 11:00am
- Email aldenmoss5@gmail.com to schedule another time
UCLA URJP Accepting Research Paper Submissions, 12/15

CALL FOR UNDERGRADUATE RESEARCH PAPERS

Have you completed a research paper in a psychology-related field (i.e. psychology, cognitive science, neuroscience, linguistics)? Are you looking for a platform to publish your work?

If so, The Undergraduate Research Journal of Psychology at UCLA (URJP) WANTS YOU to submit your papers for our annual publication, expected to be released Spring 2021.

URJP is an organization dedicated to informing the community of psychological findings through research run by undergraduates from all universities. Last year, we received submissions ranging from local to international universities. URJP is one of the few established psychology journals that publishes undergraduate psychological research.

To submit, the papers must fulfill the requirements below:

- Original work completed by undergraduates (Includes senior honors theses, independent research, reviews, theoretical papers, and other scholarly writing)
- Never before been published

If you have not completed an independent research project, we still encourage you to apply by submitting a “literature review article” which does not require access to research data.

The deadline to submit papers is December 15, 2020 at 11:59 P.M. Multiple submissions from one author are welcome. If you would like to submit an article for consideration, please complete the following:

- Replace any identifying information (i.e. author name, institution) with empty brackets, to ensure anonymity within the selection process
• Visit our website's submission page, https://urjp.psych.ucla.edu/submissions/

• Once you have filled out the form (https://forms.gle/MLcnVHqnMMPKoRfo7) linked on the submission page, send the following in an email to psychjournal.ucla@gmail.com

  ○ In the body of the email, include the following information: (1) your full name, (2) full article title, (3) article type (i.e., literature review, research article), (4) your email address

More information regarding our submission criteria and types of articles accepted can be found on our website, https://urjp.psych.ucla.edu/. To view our prior publications, please visit our website at https://urjp.psych.ucla.edu/publications/.

If you have any questions or concerns, please contact us at psychjournal.ucla@gmail.com for further information. We look forward to reviewing your submissions!

**RJP Accepting Research Paper Submissions, 12/15**

Want a headstart on your application?

Join us on Thursday, December 17, at 3:00 p.m. ET for a live data demo where data science instructor Michael Cullan will introduce the how and why of data science. Michael will walk through some common tools and techniques for exploring data and demonstrate how to use them to answer meaningful questions. Get the insights you need when doing initial exploration of a data set, and turn broad questions into specific ones.

In this live, 30-minute demo, Micahel will show you the steps you need to take for a data science project, including:

• Starting with an analytical question, then introduce a data set
• Perform initial exploration of the data set
• Form a plan for analysis, turning the question into something we can computer
• Identify checkpoint values we can compute as we work towards a final answer
• Understand code and style readability

Register Now

Career Center, Transfer Career Summit, 1/13/2021

The Career Center has been working on a "Transfer Career Summit" for Wednesday, January 13, 2021 from 10:00am-3:30pm. This event is designed to bring together students, alumni, and industry professionals to discuss the career preparation and success of transfer students. Workshops include:

• Communicating Your Life Experiences in the Job Search and in Your Job Applications
• Effective Internship Search Strategies with Transfer Student Perspectives
• Speed Mentoring w/ Alumni & Professionals

Please see below for more details. Thank you and don't hesitate to let me know if you have any questions.

All the best,
the Transfer Career Summit planning team (Heidi Yu, Irma Moreno, Jeremy Brooks, Kelly Li, & Rachana Vyas)
Becoming Career Ready During Uncertain Times: A Career Summit for Transfer Students

Wednesday, Jan 13, 2021 | 10:00AM-3:30PM

FOR EVENT DETAILS & TO RSVP: HTTPS://BERKELEY JOINHANDSHAKE.COM/EVENTS/634034

Becoming Career Ready During Uncertain Times for Transfer Students:

SCHEDULE OF EVENTS:

10:00 am - 10:30 am
WELCOME: Career Center Introductions

10:15 am - 11:30 am
Transfer Student Alumni Panel: “What I Wish I Had Known When I First Transferred to Cal”

11:30 am - 12:30 pm
Session I (Sessions on the right)

12:30 am - 1:30 pm
Session II (Sessions repeated)

2:00 pm - 3:30 pm
Speed Mentoring w/ Recruiters, Alumni, & Counselors

SESSIONS:

• CRAFTING YOUR UNIQUE NARRATIVE IN PREPARATION FOR LAW SCHOOL (2-3 Admission Deans to participate)

• COMMUNICATING YOUR LIFE EXPERIENCES IN YOUR JOB SEARCH AND JOB APPLICATION (Employer & Counselor Jointly Leading)

• NAVIGATING & STANDING OUT AT A VIRTUAL CAREER FAIR! HOW TO PREP & CRUSH YOUR 1:1 10-MINUTE VCF SESSION (Recruiter & ER Jointly Leading)

• COMPLETING PRE-HEALTH PRE-REGS AND CREATING A COMPETITIVE APPLICATION TO HEALTH PROFESSIONAL SCHOOLS (2-3 Admission Deans to participate)

• EFFECTIVE INTERNSHIP SEARCH TECHNIQUES WITH TRANSFER STUDENT PERSPECTIVES (Transfer Student Alumni & Counselor Jointly Leading)

• HOW TO NETWORK...HOW TO BEGIN AND PREPARE! (Recruiter & Counselor Jointly Leading)
Center for Healing Shame: Melting the Shame Freeze Workshop, 1/23/21 - 1/30/21

Melting the Shame Freeze – Building Resilience, Resources, and a Return to Safety and Connection

A workshop for therapists and other helping professionals
With Sheila Rubin LMFT, RDT/BCT and Bret Lyon PhD, SEP

Saturday, January 23, 10am-6pm & Saturday, January 30, 10am-5:45pm PST
Online via Zoom – Live and Recorded
$395 full price / $375 with full payment by December 18 / Special price for interns

13 CE credits available – $40 fee (See website for details) - CAMFT CE provider #134393

Shame is an extraordinary combination of a primary emotion and a state of freeze. It is an embodied belief that "something is wrong with me." Shame, like trauma, puts the body in a freeze state and lowers the ability to think and act clearly. Because shame exists in the body as well as in the mind, it is important that therapists work with shame somatically.

In this workshop, you will explore how to utilize somatic techniques to connect more quickly with the client and forge a strong therapeutic alliance. You will learn how to prevent somatic counter-transference and avoid taking on the client's physical shame patterns.

You will:
- Focus on using breathing and grounding to resource the client, becoming more aware of your own breathing and expanding it in the process.
- Learn how you can resource yourself so that you don't fall into somatic counter-transference and take on the client's physical shame patterns.
- Explore how to keep your clients more present in the room with you and counter over-verbalization, dissociation, and freezing.
- Learn techniques and theory from Wilhelm Reich (the father of Somatics), Peter Levine (Somatic Experiencing®), Stephen Porges (Polyvagal Theory), Ron Kurtz (Hakomi), and Eugene Gendlin (Focusing).

There is no prerequisite for this course. It can be taken by itself or as part of a sequence.

TO REGISTER, please visit the Schedule page at www.HealingShame.com.

For more information, call Sheila at 415-820-3974 or email Sheila@HealingShame.com.
For details about our complete training program in Healing Shame, visit our website, where you can also check out articles and free Healing Shame webinars.
UCSF Master of Science in Biomedical Imaging, 2/28/21

The UCSF Masters of Science in Biomedical Imaging (MSBI) program would like to announce that we are accepting Fall 2021 applications from November 18, 2020-February 28, 2021.

For those that may be interested, please feel free to visit the website or email (msbi@ucsf.edu). Please forward to those that may be interested.

https://radiology.ucsf.edu/education/graduate-programs/msbi-program
Master of Science in Biomedical Imaging

Admitting for Fall 2021

The Master of Science in Biomedical Imaging (MSBI) program provides theoretical and practical exposure to all aspects of medical imaging technology. The program can be completed in one year of full-time study and allows students to learn the foundations of medical imaging, explore how imaging is applied in medical practice, and perform independent research under the supervision of faculty that are leaders in this exciting field.

The Department of Radiology and Biomedical Imaging at UCSF features an outstanding faculty and is annually ranked amongst the top programs in the country for both research and training. MSBI students interact closely with faculty and have the opportunity to contribute to research activities in a wide array of applications ranging from image processing to the development of new molecular imaging agents. MSBI students commonly go on to MD and PhD programs, or may choose to work in industries that develop imaging related products or apply medical imaging in product development.

Judith Lee Stronach Baccalaureate Prize, 3/1/2021

The Stronach Baccalaureate Prize supports recent Cal graduates to undertake a public service, creative, or community-based research project in the year following graduation. Recipients are awarded up to $25,000 for projects that serve the public good and heighten awareness of issues of social consciousness.

Application deadline: Monday, March 1, 2021.

The dates and times of upcoming information sessions will be posted on the website. Interested students are highly encouraged to make an appointment with the program manager to discuss their project ideas.
Miscellaneous Opportunities: Week of December 14, 2020

Judith Lee Stronach Baccalaureate Prize

Open to Fall 2020 & Spring/Summer 2021 Cal Graduating Seniors

The Stronach Prize provides up to $25,000 in support for projects that raise awareness of social issues and contribute to the public good.

Proposals for service, creative, or community-based research projects for the year after graduation are welcome!

stronach.berkeley.edu

Deadline: March 1, 2021

Information Sessions:
DEC 8, 2020 11AM - noon
JAN 13, 2021 3-4PM
JAN 22, 2021 1-2PM
JAN 28, 2021 2-3PM
FEB 5, 2021 10-11AM
Zoom link on website
Matsui Local Government Fellowship:
The Matsui Local Government Fellowship offers students the opportunity to get firsthand municipal experience in California's political and policy making communities. Matsui Center staff help place students in a local government internship of their choice. The internship involves full-time work during the summer and students receive a $1000 stipend to help with living costs and transportation. Click here to learn more.
Deadline to apply: Monday, February 15, 2020 by 4PM

The John Gardner Public Service Fellowship Program selects three Fellows from the graduating class of UC Berkeley and provides each a $35,000 stipend to work in the governmental or nonprofit organization that most closely fits their public sector interests. Fellows are matched with a senior-level mentor during their 10-month fellowship. Past fellows have been placed at the Department of Justice, UN Global Pulse, and California Governor Newsom's office. The goal of the John Gardner Fellowship is to provide meaningful postgraduate leadership opportunities for UC Berkeley’s best students. Applications can be found here.
Deadline to apply: Friday, January 29, 2021.

To receive information on Matsui Center fellowships and programs, please sign up here.
Questions? Contact IGS and Matsui Center Program Manager Sonia Moctezuma, soniamoctezuma@berkeley.edu.

Come On Out - Japan’s 6th Annual Global English Camp Summer Internship Program

Attention students and recent graduates!

We are launching Come On Out - Japan’s 6th Annual Global English Camp Summer Internship Program and extending our invitation to top Universities and Japanese high school students for a cross-cultural learning experience.

We are currently seeking university students and recent graduates with native level English skills who are passionate about Japanese culture, gaining global experience, and mentoring others. They will be offered the opportunity to come to Japan for five weeks from mid-July to late August, 2021. Although this is an unpaid internship, the sponsor is providing certain expenses for each intern who participates in the six-week program. Airfare, lodging, meal and transportation subsidies will be provided. The program also offers optional Japanese language classes, field trips and an overnight trip. These additional opportunities are all designed to add cultural enrichment to your summer abroad experience.

This program is vastly different from any other traditional teaching position in Japan. Interns will
facilitate English conversations with Japanese high school students on a variety of relevant global topics ranging from discussing the United Nations Sustainable Development Goals to their personal life missions. Interns will be able to extend mentorship to new students each week as well as form lifelong connections with their fellow interns inside and outside the classroom.

We do not have any Japanese fluency requirements. Come On Out - Japan accepts undergraduates, graduates and recently graduated students as well.

Applications are now open at [http://www.comeonoutjapan.com](http://www.comeonoutjapan.com)! If you have additional questions regarding the program, please contact Come on Out - Japan directly at [info@comeonoutjapan.com](mailto:info@comeonoutjapan.com) or via the inquiry tab on our website. For more specific information, please check out the following important links.

**Apply for UC Berkeley’s Master of Development Engineering Program, 2/1/21**

Want to foster innovation solutions to global problems?

Apply now to join UC Berkeley’s new Master of Development Engineering degree in Fall 2021!

The 3-semester Master of Development Engineering program at UC Berkeley integrates training in engineering with entrepreneurship, design, business, and policy—among others—to support students in creating technological interventions in accordance with the needs and wants of individuals living in complex, low-resource settings.

The application deadline is Feb. 1 2021 for the Fall 2021 class.

The following brochure provides more details: [https://drive.google.com/file/d/1QYQDuwUgpvkPBG8XhFBKBehzBUTV8a0Pn/view?usp=sharing](https://drive.google.com/file/d/1QYQDuwUgpvkPBG8XhFBKBehzBUTV8a0Pn/view?usp=sharing)

Berkeley Global Internships Summer 2021

Berkeley Global Internships
Gain first-hand knowledge, connections, and work experience through an academic internship this summer. This virtual internships allows you to work from anywhere in the world! Develop global competencies and skills such as collaboration, communication, and problem-solving that will prepare students to thrive in a diverse and interconnected world.

Learn more one of our Virtual Global Internships Program Information Sessions.

2021 Virtual Global Internship locations include:

International
Beijing, China
Cape Town, South Africa
Dublin, Ireland
Hong Kong
Lisbon, Portugal
London, UK
Mumbai, India
Santiago de Chile, Chile
Singapore
Stockholm, Sweden
Miscellaneous Opportunities: Week of December 14, 2020

Sydney, Australia
Tokyo, Japan
Toronto, Canada

Domestic

Atlanta, Georgia
Boston, Massachusetts
Detroit, Michigan
Los Angeles, California
New York City, New York
San Juan, Puerto Rico
San Francisco, California
Berkeley Summer 2021 Abroad

Berkeley Summer Abroad offers virtual intensive summer programs built around Berkeley courses and led by Berkeley faculty.

- Earn Berkeley credit (or UC credit for visiting students) while diving deep into a topic with an international focus.
- Experience other cultures through sustained and interactive engagement with on the ground communities, virtual excursions, and virtual cultural activities.
- Courses can satisfy Breadth Requirements and/or Major/Minor Requirements. See individual program pages for more details.

2021 Virtual Summer Abroad programs include:

- Global Entrepreneurship and Innovation in Europe
- Venice and Trieste, Italy: Italian Language and Culture
- Mexico City, Mexico: Education, Gender, and Transfeminist Activism in Mexico City
- Manila, Philippines: Narratives of Tradition and Resistance
- Barcelona, Spain: The Other Side/El Otro Lado: A comparative look at migration and refugees along the Mediterranean and US-Mexico borderlands
- Madrid, Spain: Spanish Language and Culture
UC Davis Study Abroad Summer 2021

Dear Psychology students,

Below are some specific programs that may be of interest to you. Visit the program pages for information on Summer Abroad, Summer Abroad Internships, and Virtual Summer Internships. Webpages include details on accommodations, instructor, excursions, courses, fees, enrollment details, and more.

Consider creating a Study Abroad account and select programs of interest (it only takes 1 minute) to receive updates about enrollment, deadlines, etc. Note: all programs open to UCB students many students have taken their summer financial aid with them on programs abroad!

France, Intro to Biological Psychology (NEW)

Courses: Psychology 101 and 198

Apply principles of biology to the study of psychology, learning about the workings of the mind in humans and animals.

Italy, Science of the Mind

Courses: Psychology 135 and 198

Study Cognitive Neuroscience through the internationally known Department of Psychology at the University of Bologna in Italy.

Netherlands, NPB 110A—Molecules to Individuals

Get introduced to the Neurobiology, Physiology, and Behavior curriculum in the Netherlands. We will stay in the college town of Wageningen.

Psychology Summer Abroad Internships

- Ireland—Psychology in Galway and Limerick
- New Zealand—Psychology in Auckland and Wellington
- Spain—Psychology in Valencia (NEW)
- UK—Psychology in London
Psychology internship placements are offered in a variety of areas within community development, support services, mental health, advocacy, research, and more. Students gain hands-on experience aligned with their personal, professional and academic goals. During these 6-8 week programs, students work 20-35 hours per week and receive a total of 6-8 quarter units.

**Virtual – Counseling and Humanitarian Action in Jordan (NEW)**

This virtual internship focuses on the role of community-based and international aid organizations in responding to the refugee crisis in Jordan.

To be notified when enrollment opens or to create a profile of programs that interest you, please visit [https://globallearning.ucdavis.edu/pathways/academics/login](https://globallearning.ucdavis.edu/pathways/academics/login) and sign in to create an account (it only takes 1 minute)!

Best wishes,

Mental Health United Recruiting Members

My name is Ryan Cabote and I am a sophomore Psychology student and I recently started a student-run mental health organization called Mental Health United and we are currently looking for people to become apart of our team!

Given that, are you interested in working on projects to provide mental health resources to underserved communities? Do you want to help eliminate mental health disparities? If so, apply to become a part of the Mental Health United family! We currently have three team positions open that all pertain to different interests (e.g. Web Development and Writing). If you want to learn more, visit linktr.ee/mentalhealthunited.

Indeed, there are many other student-run mental health organizations out there, so what makes Mental Health United different from other student-run mental health organizations?

Integration. Our goal at the moment is to implement Mental Health First Aid into California Community Colleges, California State Universities, and the University of California system, in addition to other schools in California, and make the certification mandatory for all staff and students. Through integration, we are able to provide a tangible resource for the mental health community and essentially make Mental Health First Aid as common as Cardiopulmonary Resuscitation (CPR). After integrating training all throughout California, we aspire to widen our impact throughout the nation and eventually internationally.

Want to become apart of the change? Join today! Please do not hesitate to contact me if you have any questions or concerns at ryan cabote808@gmail.com. Thank you for your time!
Apply to become a part of the team!

Available Positions

- Chief of Web Development (1 person)
- Technician (1 person)
- Chief Editor (1 person)

Simply Neuroscience Action Potential Advising Program

Mentorship

Simply Neuroscience, a student-led non-profit organization works to expand interdisciplinary neuroscience education, outreach, and awareness for students. Over the past year, Simply Neuroscience has expanded to include a broader community of over 20,000 individuals spanning 49 U.S. states and 113 countries.

The recent launch of our Action Potential Advising Program (APAP) works to virtually connect young neuroscience students ("advisees") with older professionals ("advisors") to provide educational guidance and mentorship. The APAP’s mission is to bridge gaps in early neuroscience and psychology education through creating an international, centralized mentorship space that supports both STEM and humanities students.
