Dream Summer 2021 Fellowship, 2/19

What is Dream Summer?
Dream Summer is an annual fellowship of the UCLA Labor Center’s Dream Resource Center (DRC) that empowers immigrant youth and allies to be the next generation of social justice leaders through leadership and professional development, movement building, and on-the-ground experience in social justice organizations. During the summer, fellows are placed within social justice-based host organizations and work closely with their host organization to incorporate and strengthen the role of immigrant rights issues alongside the organization’s social justice work.

Are you interested in becoming a Dream Summer 2021 fellow?
Dream Summer 2021 is open to both experienced social justice leaders and those who wish to begin or strengthen their involvement in social justice. Dream Summer fellows receive a $5,000 fellowship award, leadership and professional development training, and become part of a national alumni network of over 750 immigrant rights leaders.

Are you interested in becoming a Dream Summer 2021 host organization?
For Dream Summer 2021, the DRC is seeking to partner with organizations that address issues intersecting with the experiences of immigrant youth including: educational access; health; labor; mass incarceration and deportation; and the unique experiences of Asian and Pacific Islander, Black, Muslim, and LGBTQ+ undocumented communities.

What is the deadline to apply?
The deadline for fellows to apply is February 19, 2021 at 12 PM PST.
The deadline for host organizations to apply is February 5, 2021 at 12 PM PST.

Will Dream Summer 2021 be a virtual experience due to COVID-19?
Yes, as of now Dream Summer will happen virtually in 2021 due to the COVID-19 pandemic. Staff will notify participants immediately of any changes.

Casa de Esperanza Internship Program, year-round apps

Casa de Esperanza, a non-profit in Houston, Texas, provides residential care to children birth through six who are in crisis due to abuse, neglect, or the effects of HIV. Care is provided in our neighborhood by our Hands of Hope interns. Our interns, most of whom are recent college graduates, join us for a year of service (a twelve-month full-time post-graduation internship). Applicants wishing to complete shorter internships are considered on a case by case basis. We provide on-site housing (interns live with the children they are caring for) and interns join us from all over the United States to be part of our internship program.

Information about our internship may be found here:  
https://www.casahope.org/hands-of-hope-internship  
The application for our internship may be found here:  
https://www.casahope.org/application-part-one  
Interns in our program gain valuable experience that is relevant to a number of fields and future career goals while simultaneously making a meaningful difference in the lives of a vulnerable. We will have groups joining us in January, June, and August of 2021.

Want to make a difference in the lives of young children?
Casa de Esperanza seeks applicants for the Hands of Hope Service Year Program. Casa de Esperanza provides residential foster care to children ages birth through six who are in crisis due to abuse, neglect or the effects of HIV. For a complete description visit:

ACCEPTING APPLICATIONS YEAR-ROUND
CASAHOPE.ORG/HANDSOFHOPE
Volunteer RA Position: Emotion, Health, and Psychophysiology Lab at UCSF

The Emotion, Health, and Psychophysiology Lab at UCSF is accepting applications for volunteer research assistant positions.

Our research focuses on embodiment -- how the mind influences the body, and the reciprocal, how bodily changes influence thoughts, emotions, and intentions. Research assistants working in the lab are exposed to a variety of studies at the intersection of social psychology, emotion, and psychophysiology. RAs learn how to conduct studies, collect physiological data, and edit and score autonomic data. Our RAs work at least 10-12 hours a week for two school semesters.

This volunteer opportunity is ideal for undergraduate students or recent graduates looking to gain research experience for graduate school or medical school. Please note that while we welcome international applicants, we cannot help with the visa process.

If you are interested in applying, please fill out this application form (https://forms.gle/b2qs7eP7kjZwyPfS9).

Any questions can be directed to the lab manager, Julia Moore, at julia.moore2@ucsf.edu.

**STEM Mentors Needed Now for Berkeley Middle Schools**

"Be A Scientist" is Going Virtual! Inspire 7th graders to discover their inner scientist

[https://crscience.org/outreach/beascientist/](https://crscience.org/outreach/beascientist/)

We invite UC Berkeley graduate students, post-docs, and motivated 3rd/4th year undergrads to take part in Be A Scientist, an exciting award-winning science outreach program for Berkeley middle schools. We have made modifications to run our program fully online to accommodate distance-learning and we need you - we will be running a year's worth of programming in a single semester, so join us as we ensure that no 7th grader misses out this year!

Spring 2021 Session 1 for King Middle School: February 1st - March 19th (with gap days for President's Day). Registration is currently open!

Spring 2021 Session 2 for Willard Middle School and Longfellow Middle Schools: March 29th - May 14th (with gap weeks for BUSD and UCB Spring Breaks)). Registration is currently open!

As a volunteer scientist mentor, you will guide a small group of 7th graders through the process of designing and conducting their own scientific investigations during distance-learning lab periods over a 6-week period. This is a wonderful opportunity for you to serve as a STEM role model while developing your communication skills and gaining hands-on experience in important science outreach.

Details:

- Mentors must commit to one mandatory 2-hr Training Session: All trainings will be held on Zoom beginning two weeks prior to the start of each session
- Commit to attend at least one school lab period each week for the 6-week program (schedule program dates here). We encourage mentors to sign up for multiple lab periods if possible!
- Guide 4-6 student mentees through the process of developing a testable question, designing an appropriate experiment, and gathering and analyzing data. Each student in your group will have the opportunity to choose an independent scientific question based on their own interests and will be provided the materials they need to run these hands-on investigations at home during distance-learning school hours.

Please carefully read over the details provided here: [https://crscience.org/outreach/basdetails/](https://crscience.org/outreach/basdetails/)

Social Origins Lab Summer Internship

The Social Origins Lab at UC Berkeley is now accepting applications for their summer research internship. The goal of this internship is to provide highly motivated and curious-minded students with the opportunity to gain hands-on research experience in the field of developmental psychology.

Under the direction of Dr. Jan Engelmann, the lab explores how social and cognitive abilities arise and interact with one another in human development and across species and cultures. In doing so, our research studies primarily involve working with children of various age ranges. The summer intern will work closely with graduate students and the lab manager to facilitate the research process. Responsibilities for the intern will include running research studies with young children, helping to recruit participants, collecting and coding video data, and assisting with administrative tasks.

Tentative dates for the internship are June 1 - July 23, with an expected commitment of 30 hours/week.

For more information, and to apply, please visit https://socialorigins.berkeley.edu/opportunities/

Please direct any questions to Alissa Gomez at socialoriginsmanager@berkeley.edu.
