Adobe Creative Jam, 2/25/20

Please join us on **Tuesday, February 25** in the ASUC Pauley Ballroom for the Adobe Creative Jam, an epic evening of inspiration, collaboration and creation, brought to you by the student technology fund. Learn Adobe XD in less than an hour, then collaborate with other students to turn that knowledge into an app that helps your community.

All majors welcome, no previous design experience necessary. Participants will receive feedback from industry experts, including professionals from Lyft, Facebook, VMWare and Adobe, and compete for a chance to win a $200 gift card and a once-in-a-lifetime chance to see Post Malone at the Chase Center in Adobe’s private box seats. All that, and we’ll throw in dinner and eye-opening presentations from Michelle Rial, author of Am I Overthinking This?, and Emiliana
Simon-Thomas from Greater Good Science Center.

➢ **Upcoming Lecture of Interest: Professor Hazel Carby, 2/26/20**

**Professor Hazel Carby, African American Studies at Yale University**
Description: The lecture is drawn from a section of *Imperial Intimacies: A Tale of Two Islands*, a history of the British Empire told through one woman’s search through her family’s story. The book is an intimate personal history and a sweeping summation of the violent entanglement of two islands charting the imperial interweaving of capital and bodies, public language, and private feeling. In this talk, I will describe how, having found the slave register for a plantation in Portland Jamaica, I traced the Carby owner and the women, enslaved and free, who labored on the land.

Location: **Morrison Library (101 Doe Library)**.
Co-sponsored by African American Studies, Gender and Women’s Studies, Center for the Study of Sexual Cultures.

Date & Time: Wednesday, February 26 from 5:00 – 6:30 pm

➢ Cal Energy Corps Opportunity, 2/29/20
The Cal Energy Corps is a paid undergraduate summer internship program engaging top UC Berkeley students in the design, development, and delivery of sustainable energy and climate solutions.

The program provides students with professional, hands-on experience to enhance their academic work, offering them a chance to use their talents for implementing cutting-edge innovations in the field. Students chosen for the program participate in full-time 8+ week internships over the summer at selected host organizations, receiving a $680 weekly living stipend. Following the program, students present their research projects to the Cal Energy Corps community at a poster session and reception.

This year, internships are available seeking support in areas such as environmental policy, machine learning, materials science, and more. Placements are currently offered at Carbon 180, Cypris Materials, Energy Solutions, Imprint Energy, Integral Group, Lawrence Berkeley National Lab, and PingThings, with more host organizations to be announced.

For more information, including how to apply, please visit our website at calenergycorps.berkeley.edu.

Applications are due February 29th, 2020

➤ Judith Lee Stronach Baccalaureate Prize, 3/2/20

Started in 2006, the Judith Lee Stronach Baccalaureate Prize is awarded to UC Berkeley graduates to undertake a service, creative, or community-based research project in the year following graduation. In the finest Berkeley tradition, the program supports projects that serve the public good and heighten awareness of issues of social consciousness. Recipients are awarded up to $25,000 to pursue their projects.
You can learn more and read about past winning projects on the program [website](#). You can contact the program advisor at stronachbaccprize@berkeley.edu.

**Berkeley Food Institute Events with Bettina Elias Siegel, 3/2/2020**

Please join the Berkeley Food Institute on March 2 for two events with Bettina Elias Siegel, author of Kid Food: The Challenge of Feeding Children in a Highly Processed World.

**Student Session With Bettina Elias Siegel**
**March 2, 3 – 4pm**
338 Koshland Hall, UC Berkeley
See details here: [https://www.facebook.com/events/482137419132849/](https://www.facebook.com/events/482137419132849/)

Come meet Bettina Elias Siegel, author of Kid Food: The Challenge of Feeding Children in a Highly Processed World. A graduate of Yale College and Harvard Law School, Bettina practiced intellectual property, advertising, and food law in New York City for almost a decade before turning to a career in freelance writing. In early 2010, she became interested in improving the food in her children’s school district, Houston ISD, and soon after launched The Lunch Tray, a blog about all things related to “kids and food, in school and out.” Bettina will be speaking at a public event on March 2, 2020 from 5:30 – 7:30pm. Students have a special opportunity to meet with Bettina from 3 – 4pm in 338 Koshland Hall to discuss her path to activism, areas of research and advocacy for her, and the topic of food policy in general. Bring your questions and ideas!

**Public Event: Fixing Our Children’s Food Environment**
**March 2, 5:30 – 7:30pm**
David Brower Center Tamalpais Room, 2150 Allston Way, Berkeley

_An evening to inspire solutions and raise funds for the Berkeley Food Institute, featuring Bettina Elias Siegel._

Please join the Berkeley Food Institute in welcoming Bettina Elias Siegel to discuss her new book Kid Food: The Challenge of Feeding Children in a Highly Processed World. What are the roles of parents and non-parents in ensuring that all of our community’s children have access to safe, affordable, and nourishing food? How have some junk food companies sought to leverage every possible opportunity to sell their products to impressionable young future customers—and what can we do to push back? How can research and practice inform public policy on children’s
food issues? We will explore these and other questions in a lively interactive forum where your questions and ideas are welcome.

Bettina is a mother of two and a nationally recognized writer and advocate on issues relating to children and food policy. A graduate of Yale College and Harvard Law School, Bettina practiced intellectual property, advertising, and food law in New York City before she became interested in improving the food in her children’s school district, Houston ISD. Soon after she launched The Lunch Tray, a blog about all things related to “kids and food, in school and out.” Bettina spearheaded three victorious Change.org petition campaigns relating to school children and food, making her one of the most successful petitioners in the organization’s history. She’s the author of the free 50-page e-book, The Lunch Tray’s Guide to Getting Junk Food Out of Your Child’s Classroom, which has been downloaded free by thousands of parents and is now in its second edition.

Join us for a book signing and reception with Bettina Elias Siegel after the event.

The event is co-sponsored by Berkeley Food Institute (BFI), the UCANR Nutrition Policy Institute (NPI), and Be Well at Work Faculty and Staff Health Programs.

This event is a fundraiser, with no one turned away for lack of funds. Suggested donation: $5 – $500, please make your donation here to support the Berkeley Food Institute. Registration is highly recommended.

Shadow Day brings together over 600 participants which consists of 300 high school students from neighboring communities to be matched with current UC Berkeley students in one-on-one pairs for a day of shadowing classes, attending workshops, and providing high school students with the opportunity to learn how to pay and apply for college. Shadow Day aims to increase access, equity, and representation, and to support local high school youth who are underrepresented in the University System to pursue higher education.

Teach for Splash at Berkeley, 3/8/20

Instill your passion about any subject to high schoolers around the Bay Area! Splash a student organization that brings over 400 high school students to Berkeley’s campus for a day of unlimited learning through classes taught by Berkeley students (YOU)! This year, Splash will be on Sunday, March 8th.

Splash is a low-commitment, high impact educational outreach opportunity that also gives you agency on your course. You choose the topic, how many students can enroll in your class, and how many sessions you teach throughout the day. If you would like to teach with others, you can also have co-facilitator(s) in a course.

Also, all teachers get a free t-shirt and lunch!

If you or your friend(s) are interested in teaching a course to high school students, sign up to register as a teacher here.

The tentative deadline to sign up to teach a class is February 11th! The day of Splash is March 8th.

Don’t know what exactly to teach? Know what you want to teach but want some feedback? This year, we are also hosting two optional teacher training sessions for those who are interested on Saturday, February 8th and Saturday from 2-3pm, February 22nd from 2-3:30pm. You can RSVP here at bit.ly/SPLASHTEACHERWS.

If you have any questions, feel free to reach out to us at splash.berkeley@gmail.com.

20th Annual Night of Cultural Resistance, 3/13/20
We wanted to bring to your attention our Master’s Degree Program in Clinical Research at the University of California, San Francisco (UCSF). Founded in 2002, our program provides comprehensive theoretical instruction and practical training in a variety of methods of observational and experimental health-related research with human subjects. Graduates are prepared to work in the field of clinical and epidemiologic research in either academia, industry, or public health. Many graduates have used our program as a stepping stone for PhD training or professional school (medical, dental, or nursing). Application deadline is March 16, 2020, but we will begin reviewing applications on January 1, 2020.

Shame and Aging - ONLINE
Healing the Shame of Aging in a Society that Worships Youth

A Workshop for Therapists and Helping Professionals
with Sheila Rubin, LMFT, RDT/BCT and Bret Lyon, PhD, SEP

Online using Zoom – Live and Recorded
4 Fridays: March 20, 27, April 3 and 17 (No class April 10)
10am–1:30pm Pacific Time

$375 full price / $350 with full payment by February 14, 2020
Special price for interns

13 CE credits available (See website for details) - CAMFT CE provider #134393

We all go through it. No one is immune. And nothing produces more universal shame in our society than aging. Whereas many societies have deep respect for people as they age and see a vital role for elders, our society still worships youth.

In this workshop, we will explore and learn to be more comfortable with our own aging process. And we will explore ways to help clients talk about, explore and heal their own shame around aging. We will:

• Discover ways to help clients become aware of the many messages they received and continue to receive about aging and body image from family and society.
• Learn ways to help clients cope with the shame of not being able to do all that they once did.
• Understand counter-shaming techniques to help ourselves and our clients find pride and joy in the new reality—seeing that there are real gains as well as losses in this new stage of life.
• Work with the shame that can cause and result from sicknesses and injuries.
• Identify challenges in being looked at as unimportant and “not up to par” by a youth-oriented society and the layers of shame that can occur.
• Discover how to make the necessary adjustments so we can regain access to the life force and creativity that we still have in a grounded and embodied way.
• Begin to shift and transform cultural stereotypes about aging by finding a reservoir of vitality, inner vision and clear action for the next phase of life, that may be hidden under shame!

There is no prerequisite for this course. It can be taken by itself or as part of a sequence.

TO REGISTER, please visit the Schedule page at www.HealingShame.com.

For more information, call Sheila at 415-820-3974 or email Sheila@HealingShame.com.

Anne H. Scott Memorial Undergraduate Scholarship in Chinese Studies, 3/29/20

The Anne H. Scott Memorial Undergraduate Scholarship in Chinese Studies is funded through the Anne H. Scott Endowment in Chinese Studies at IEAS, a gift of Hugh A. Scott in memory of his late wife, Anne H. Scott (née Anne Hanrahan), and her dedication to Chinese historical studies. The Scholarship supports an undergraduate student emphasizing Chinese studies at UC Berkeley. It is intended to assist students who have studied the Chinese language and who wish to use their language training to study Chinese history or culture, or to translate historical texts. This year one award of $2,500 is available.

Deadline: Wednesday, April 1, 2020, 5:00 p.m.

Follow this link for the full announcement and application procedures.

Summer 2020 Undergraduate Research & Study Awards, 3/30/20

All majors are welcome to apply.

UNDERGRADUATE AWARDS
FOR CLASSICS RESEARCH & STUDY ABROAD

J. K. Anderson Travel Award
Intended to support undergraduate summer study and travel in classical lands. Preference given to undergraduate students of Classics attending summer programs offered by the American School of Classical Studies: Summer Session and the American Academy in Rome: Summer Program in Archaeology. The term "students of Classics" is meant to include not only declared majors, but also students of Greek, Latin, or Classics who have not (or not yet) declared a major in one of those fields.

Classics Summer Study Abroad Award
The CSSA Award supports students pursuing an aspect of Classics while abroad during the summer. This could be travel, study, excavation, or a combination of these activities. The award is restricted to declared majors in the Department.

Dimitrios Vlahos Memorial Travel Award
Awarded to support summer study in Greece for an undergraduate student enrolled in the Department of Classics in the College of Letters and Science.

In order to apply, please submit a Letter of Application and Budget to the Classics Undergraduate Faculty Advisors, Professor Shelton (shelton@berkeley.edu) and Professor MacRae (duncanmacrae@berkeley.edu) via email by Monday, March 30, 2020.

For application information see:

Undergraduate Poster Session- Black Doctoral Western Regional Conference, 4/4/20
The Black Doctoral Network welcomes undergraduate, graduate and doctoral students to participate in our Western Regional Conference, themed “Breakthrough to Excellence.” If you have a research project, thesis, or dissertation you would like to present as a poster at a professional conference, the poster session is a good opportunity for you to showcase your academic work and receive constructive feedback from scholars in a friendly and engaging environment.

The poster session is part of the Black Doctoral Network Western Regional Conference taking place on Saturday, April 4, 2020 in Los Angeles, California at Loyola Marymount University. Abstracts may be submitted by current undergraduates from all racial backgrounds on any topic.

The abstract must be no more than 300 words in length. Include the title of the poster, issues you address in your work, your methods and theories, and results/conclusions of your research (if available). All undergraduate poster presenters will take part in a poster competition. We will send decision notifications on a weekly basis starting February 3.

For more information on the conference visit: blackphdnetwork.org/regional

⇒ BLAQOUT Conference 2020: Black in Action, 4/24-26/20
This year’s conference celebrates the intrinsic power of the many manifestations of our BlaQness, encompassing all intersections of our complex and diverse identities. Our very existence as Black QTs is a paradox that challenges the systems designed to oppress us, thus the
theme “BlaQ in Action” spotlights the moment when one is able to remove the self-limiting mask they wear to protect their identity from society, regain consciousness of their full capabilities, and mobilize these powers to change the world. This year, our theme celebrates and passes on this legacy of resistance, centering, uplifting, and exploring our long-silenced truths through the powers of connection and collective advocacy and activism.

➢ SLC Writing Program

With midterm season revving up, we can’t wait to support you with your papers! Midterm essays are a great opportunity to showcase the knowledge you’ve gained and present your original arguments about what you are learning in class. One of the best ways to ensure that you’re starting with a solid foundation is by getting a fresh perspective from an experienced peer.

You can meet one-to-one with a tutor in any of our formats! If you’d like to unpack your prompts and brainstorm ideas, stop by for a 30-minute Drop-in! Further along with your writing? Book a 50-minute Appointment for tailored feedback on the structure of your drafts. If you’re working on a long term assignment, like a research or capstone project, check out our Weekly format! RSVP to attend an orientation to find out how you can benefit from consistent support throughout the writing process.
