➢ Spring 2019 L&S Major Events

![Spring 2019 L&S Majors Events Calendar]

➢ College of Education Research Day, 3/8/19

We are the graduate student organizers of the UC Berkeley Graduate School of Education’s, Annual Research Day, and we would like to invite students and faculty to apply to UC Berkeley Graduate School of Education Research Day Conference. Research Day is an annual conference hosted by the UC Berkeley Graduate School of Education that offers an opportunity for students to share work with their peers, faculty, and community members, and engage in fruitful discussion about a range of issues in education research. Our Research Day is a space for students to gain meaningful conference experience, learn from other young scholars, and
network. The 19th annual conference will take place on Friday April 19, 2019 and include an opening keynote, faculty-moderated paper and poster presentations, and interactive sessions. All students and faculty are encouraged to submit work, such as finished and in-progress research or non-empirical texts, through this website (GseResearchday.berkeley.edu).

The submission deadline is March 8th, 2019! Submission can be made through GseResearchday.berkeley.edu

Please let us know if you have any questions and thank you in advance for your support!

“Our Monologues,” 3/8-10/19

You are invited to the upcoming Annual Benefit Performances of "Our Monologues" on March 8, 9, 10, 2019, 7pm at Wheeler Auditorium. Through this production, we raise awareness about the realities of sexual violence and sexual harassment, and this year's theme is "The Nature of Power." Please support the beneficiaries and student narratives by attending this wonderful production. The Our Monologues production team, cast & crew have been working very hard since last semester to bring you these powerful stories!

“Our Monologues” is a production featuring the real stories of students at UC Berkeley. The show centers the voices of femme, non-binary, and students of color and their relationships to gender, race, sexuality, and other intersections of their identity. Our mission is to end gender-based violence and promote gender equity on our campus and in our world. All proceeds of the show go to organizations around the Bay Area that align with our values.

GENERAL ADMISSION TICKETS: $12  
VIP TICKETS: $20 (online only, includes front row seats, goodie bags, and special gifts from the show)

Mario Savio Memorial Lecture, feat. Robert Reich and March for Our Lives, 3/13/19

Date: March 13 8-10pm
Location: Martin Luther King Jr. Student Union, Pauley Ballroom
Featured Speaker: Robert Reich, Chancellor's Professor of Public Policy, UC Berkeley
Speaker: March for Our Lives
Sponsors: College of Letters & Science, Goldman School of Public Policy, Library

Lecture Description
The Mario Savio Memorial Lecture and Young Activist Award are presented annually to honor the memory of Mario Savio (1942-1996), a spokesperson for Berkeley’s Free Speech Movement of 1964, and the spirit of moral courage and vision which he and countless other activists of his generation exemplified; to promote the ideas and values he struggled to advance throughout his life; and to recognize and encourage young activists striving to build a more humane and just society.

About the Speaker
Robert B. Reich is Chancellor's Professor of Public Policy at UC Berkeley and senior fellow at the Blum Center for Developing Economies. He served as Secretary of Labor in the Clinton administration, for which Time Magazine named him one of the ten most effective cabinet secretaries of the twentieth century. He has written fifteen books, including the best sellers "Aftershock," "The Work of Nations," "Beyond Outrage," and, his most recent, "The Common Good," which is available in bookstores now. He is also a founding editor of the American Prospect magazine, chairman of Common Cause, a member of the American Academy of Arts and Sciences, and co-creator of the award-winning documentary, "Inequality For All." Professor Reich is the co-creator of the Netflix original documentary "Saving Capitalism," which is streaming now.

Target audience: All Audiences
Open to audience: All Audiences
Attendance restrictions: Free admission. Open to the public; first come, first served.

IRLE Speaker Series: Hilary Hoynes, 3/14/19

Lecture: Is the Social Safety Net a Long-Term Investment? Large-Scale Evidence from the Food Stamps Program
Speaker: Hilary Hoynes, UC Berkeley
Date: Thursday, March 14 4-6pm
Location: 2521 Channing Way

Description
After Social Security, the Food Stamp Program touches the lives of more American families than any other element of the social safety net. What is the impact of this program on the long-term outcomes of children who receive these resources early in life?

Hoynes uses the rollout of the Food Stamp Program between 1961 and 1975 to examine the impact of an increase in economic resources during childhood on human capital, labor market outcomes, neighborhood, and mortality. Using novel large-scale data from the 2000 Census, American Community Survey, and Social Security Administration NUMIDENT, this research analyzes data on 43 million individuals. She finds that access to food stamps in childhood leads to long-term improvements in human capital, quality of life, and mortality. As more families come to rely on the social safety net, cultivating a better understanding of the long-term effects of food stamps is critical.

This event is co-sponsored by the Haas Institute for a Fair and Inclusive Society and the Goldman School of Public Policy.

About the Speaker

Hilary Hoynes is a Professor of Public Policy and Economics at the University of California Berkeley. She holds the Haas Distinguished Chair in Economic Disparities and also co-directs the Berkeley Opportunity Lab. Her research focuses on poverty, inequality, food and nutrition programs, and the impacts of government tax and transfer programs on low income families.

➢ Study Innovation and Entrepreneurship in Portugal This Summer, 3/15/19

Study innovation and entrepreneurship in Portugal this summer!

Program Dates: July 7th – August 4th, 2019

➤ **2019 American Cultures Student Prize, 3/15/19**

The American Cultures (AC) Center is now accepting submissions and inviting nominations for the 2019 American Cultures Student Prize. This prize is open to current UC Berkeley undergraduates who have completed or are completing a final project as part of their lower- or upper-division American Cultures course.

Recipients will receive a $1,000 prize, publication on the AC Center's E-Scholarship website, and be honored at a public ceremony on Wednesday, May 8. Application information is available on the AC Center website.

We encourage faculty members to recommend students for the Student Prize if you have recently taught a student in your AC course, whose paper, poetry, short story, or any creative work reflects an exemplary understanding of race, culture, ethnicity, and the diversity of the American experience.

Inquiries about the AC Student Prize can be sent to americancultures@berkeley.edu.

Submissions will be accepted until **Friday, March 15, 2019**.

➤ **Join UC Berkeley Psi Chi, 3/15/19**

Are you interested in getting more involved with the Department of Psychology? Psi Chi at Berkeley is accepting membership applications until **March 15th**. Psi Chi offers opportunities to network and get involved in the field by hosting faculty dinners, student mixers, and socials. Additionally, our chapter connects members with scholarship and research opportunities.

**What is Psi Chi?**
Psi Chi is the National Honor Society in Psychology for undergraduate and graduate students who have registered for major or minor standing in psychology (or for a program psychological in nature). Membership in Psi Chi is an earned honor which is for life. A permanent record of your membership is preserved at the Psi Chi National Office and may be used for reference purposes such as applications for graduate school and jobs. Our Psi Chi chapter at Berkeley is dedicated to providing members the means necessary to advance in the field of psychology at Berkeley and beyond. Membership is open to qualified candidates of any age, sex, sexual orientation, race, handicap or disability, color, religion and national and ethnic origin.

What are the Membership Requirements?

We have recently altered our membership requirements!

To be eligible to join Psi Chi, you must:

1. Either have completed or be currently enrolled in nine units of upper-division psychology courses at UC Berkeley
   a. At least three units must be completed by the time of application
2. Have a minimum GPA of 3.3 (on a 4.0 scale) in both psychology classes and in cumulative grades at Berkeley
   a. Transfer students may contact us for more information
3. Apply by March 15th at 11:59pm
4. Pay the one-time initiation fee of $85
   a. You will receive more information about this once your application is reviewed and accepted by Psi Chi

Note: Graduate students may join Psi Chi with a minimum cumulative GPA of 3.0.

How do I apply?

Fill out the short application here. Turn in 1) the completed form along with 2) your unofficial transcript(s) via email to berkeley.psichi@gmail.com. You may also drop off your application materials in our mailbox by visiting Psychology Student Services on the second floor of Berkeley Way West.

- Designing Your First Portfolio Workshop at Jacobs, 3/4–3/18/19

Designing Your First Portfolio
Mondays 3/4, 3/11, 3/18 6-8pm in the Design Lounge (10C Jacobs)

Having a great portfolio is key to landing a job in the design profession. This intensive, three-part workshop aims to help get a student's portfolio off the ground by showing good and bad examples, strategies on creating impressions for reviewers, and a step-by-step guide on how to put one's first portfolio together. We'll review/critique student portfolios together as a way to
learn and build upon each other's work. Students will receive 1:1 feedback on how to refine and push their portfolios past the first finish line.

Interested students must submit a brief application, which will be reviewed on a rolling basis. The workshop is free and open to students from all majors who are interested in creating a portfolio; students enrolled in the Berkeley Certificate in Design Innovation are particularly encouraged to apply.

Human Behavior Research Conference (HBRC 2019), 4/4/19
USF's Psi Chi Chapter would like to formally invite students to please attend their 11th annual Human Behavioral Research Conference (HBRC) to be held on April 4th, 2019 from 4:00pm - 7:00pm in McLaren 252 at the University of San Francisco. Located at 2130 Fulton St, San Francisco, CA 94117.

This conference was created to provide students with the opportunity to present their research to members of the Bay Area research community while gaining valuable experience, exchanging ideas, and making valuable contacts.

**How do students submit?**
Here is the link to the submission form to this e-mail. E-mail a completed submission form and abstract to USF’s Psi Chi, at psichiusf@gmail.com by Sunday, March 10th. When submitting your application, please title the email "HBRC Abstract" in the subject line, followed by one submitter’s last name and the university. (For example: HBRC Abstract – Jones -- USF)

The Keynote Speaker is Adam Kleinhenz (USF Class of 2003) and he will be speaking about his time as a Psychology major at USF and how he has accomplished his career. There will be brief pitches from each student at the conference explaining their research to the crowd, but each student will be presenting posters throughout the event.

➤ **The Green Initiative Fund (TGIF) Now Accepting Proposals, 4/5/19**

THE GREEN INITIATIVE FUND (TGIF)
- Students, faculty members, and/or staff members of the University of California, Berkeley are encouraged to submit a proposal for consideration by The Green Initiative Fund (TGIF) Committee. TGIF funds projects that focus on environmental sustainability and environmental justice. Along with a grant application, individuals or groups of applicants must submit necessary project approvals and estimated metrics for their proposed project's sustainability impact on campus. TGIF hosts a fall mini-grant cycle for projects up to $5,000 and a larger spring grant cycle for projects $5,000 or above. The spring grant cycle has an optional early abstract deadline to receive feedback on your project idea, then a required final abstract deadline, upon which TGIF’s Committee will invite applicants to submit a final application for review. Check out our Facebook page for more updates on TGIF grant-writing workshops and informational sessions that will help you develop your ideas into strong grant proposals!
- Spring Grant Deadlines:
  - Early Abstracts: Friday, February 1st, 2019 by 5PM
  - Final Abstracts: Friday, March 1st, 2019 by 5PM
  - Final Applications: Friday, April 5th, 2019 by 5PM (Note: by invitation only)

➤ **GGSC Research Fellowship, 4/5/19**
Got students looking for research funding? The 2019-2020 Greater Good Science Center Research Fellowship application window OPENS Monday Feb 11! This program offers support for studies that examine how well-being relates to social relationships and pro-social states and behaviors at individual, social, or organizational/societal levels. Supporting UCB student research is core to the GGSC’s mission, so please encourage your students to apply, and share this announcement widely!

GREATER GOOD SCIENCE CENTER CALL FOR RESEARCH FELLOWSHIP APPLICATIONS

We welcome researchers from a broad spectrum of academic disciplines at UC Berkeley, with an emphasis on the social-behavioral sciences

The Greater Good Science Center (GGSC) at UC Berkeley announces new 1 year fellowship opportunities for UC Berkeley undergraduate and graduate students whose work relates to our mission: championing research into how social connection, kindness, belonging, and community support the happy, meaningful lives of individuals and society.

Based at UC Berkeley and led by social psychology professor Dacher Keltner, the GGSC is unique in its commitment to both science and practice: not only do we sponsor groundbreaking scientific research into social and emotional well-being, we help people apply insights from research to their personal and professional lives.

Previous GGSC fellows have secured top positions at universities nationwide, providing a significant boost to the science of a meaningful life, including topics like: awe, compassion, resilience, reconciliation, altruism, and happiness. Check out this recent article from GGSC fellow Jia Wei Zheng, which describes his studies showing that self-compassion promotes personal improvement.

Timeline:
• Application Window: Feb. 11 – April 5, 2019
• Winners Announced: May 10, 2019
• Funding Window: September 1, 2019 - August 31, 2020

Funding:
• Two fellowships will be awarded to undergraduates: One GGSC Fellowship (up to $2,500), One Goldberg Fellowship (up to $5,000)
• Four fellowships will be awarded to graduate students: Three GGSC Fellowships (up to $10,000), One Hornaday Fellowship (up to $15,000)

GGSC research fellows have come from departments of psychology, integrative biology, sociology, neuroscience, urban studies, and other departments; the school of public health, education, social welfare, and Haas business; and the UC Berkeley-UCSF Joint Medical Program. Students can apply using our online application starting Feb 11, 2019. The application deadline is Friday, April 5, 2019.
Applicants may contact GGSC science director Emiliana Simon-Thomas for more information at ggscfellowships@berkeley.edu. More information about the GGSC can be found at http://greatergood.berkeley.edu/about

**Center for Race and Gender Student Grant DEADLINES**

The Center for Race & Gender welcomes proposals from undergraduate students to support research or creative projects. Project topics should be consonant with CRG’s mandate to support critical student research on race, gender, and their intersections in a wide variety of social, cultural, and institutional contexts, especially on the Berkeley campus and its neighboring communities, but also in California, the nation, or the world. Proposals that address both race and gender will be prioritized, and proposals that do not address race at all will be de-prioritized. Projects may be oriented toward academic research or may approach race and gender issues from the perspectives of the media, fine arts, and performing arts.

For more information regarding the grants, please see the Center for Race & Gender's [website](http://www.berkeley.edu).

**APPLICATION DEADLINE:** Monday, March 4, 2019, by 3:00 p.m.

**Mellon Mays Undergraduate Fellowship EXTENDED DEADLINE**

If you are a sophomore majoring in the arts and humanities or humanistic social sciences and if you want to eventually become a professor, please consider applying for the Mellon Mays Undergraduate Fellowship Program. We will continue accepting applications until all our slots are filled. If interested, please visit [mellonmays.berkeley.edu](http://mellonmays.berkeley.edu) or email Alberto Ledesma at aledesma@berkeley.edu.
**Red Sea Summer Program**
KAUST’s Marine Science program will be hosting a three-week summer course from July 21 to August 8, 2019. The course will highlight a range of topics relevant to the Red Sea Research Center's work, including genomics, microbiology, ecology, environmental science, and biological oceanography. Several KAUST faculty will be participating. The course will consist of a combination of lectures, fieldwork, labwork, and data analysis workshops, with an emphasis on hands-on experiences. The course is open to undergraduate or Master’s students, or people who have recently graduated from these degrees.

KAUST will cover all costs for the program, including travel and housing, and is even providing a small stipend. A flyer for the summer program is attached. **The application deadline is March 15, 2019.** For more information, please visit: [http://rssc.kaust.edu.sa](http://rssc.kaust.edu.sa)

**Research Opportunities at UCSF**
**THE JAIN LAB**
The Jain Lab at University of California, San Francisco ([https://ishajainlab.com/](https://ishajainlab.com/)) is looking for motivated, hard-working and curious undergraduate students, interested in systems/computational biology research. We recently discovered that chronic hypoxia (equivalent to living in the mountains of Peru or Nepal) can serve as a therapy for mitochondrial disease in mouse models ([https://jainlabblog.files.wordpress.com/2017/12/hypoxiatherapy_science_2016.pdf](https://jainlabblog.files.wordpress.com/2017/12/hypoxiatherapy_science_2016.pdf)). This approach is currently in clinical trials. We are now interested in studying the effects of low and high oxygen on additional disorders and age-associated processes, as well as understanding the fundamentals of how organisms sense and adapt to varying oxygen tensions. We are using a combination of systems-level approaches (CRISPR screens, metabolomics, etc.) and animal physiology to tackle these questions.

We are looking for undergraduate students with a minimum of 2 semesters of computer science or computational/systems biology coursework. Research assistants will be asked to analyze high-throughput datasets such as metabolomics, RNASeq, etc. Students should be interested in starting this March/April with a possibility of continuing into summer 2019. A minimum 10 hour commitment per week is requested during the semester (and full-time during the summer). Students will be encouraged to contribute to projects resulting in high impact publications and will receive extensive career/research mentorship.

**If you are interested in working on exciting problems related to oxygen/aging/metabolism, email Dr. Jain at Isha.Jain@ucsf.edu with a short description of your research experiences and a resume/CV.**

**INSTITUTE FOR REGENERATION MEDICINE**
I am hiring for full time position to work at UCSF in the Stem Cell building (Institute for Regeneration Medicine). I am a physician-scientist studying newborn brain injury and I am looking to hire a research assistant. We use tissue culture systems and transgenic mouse models to understand how inflammation alters progenitor cells in the brain. You must have experience doing undergraduate research (1+ years), but the exact topic is not critical, as long as it is some aspect of cell biology, molecular biology, neuroscience, genetics, or immunology. This is a perfect position for someone looking to go to graduate school or an MD/PhD program in 2-3 years.
We are looking to fill the position between now and June 2019. Duties will include technical support for myself and other lab members, potential for an independent project, and supporting lab management. Salary is dependent on experience and will follow a set UCSF salary scale. Experience with sterile tissue culture, microscopy, mouse handling, molecular biology (PCR, western, cloning), histology, in situ, and flow cytometry would be highly favorable.

Please email me if you wish to apply. Include the department from which you are graduating, your GPA, and the name/dates/contact info of the lab in which you worked. Please include a cover letter and resume/CV in PDF format that includes 2 references, and your hobbies. Put “SRA” in the subject line when you email me.

Introduction to Diversity in Doctoral Education and Scholarship (IDDEAS), 5/16-17/19
Introduction to Diversity in Doctoral Education and Scholarship (IDDEAS) May 16-17, 2019

Greetings from the PhD programs at Berkeley Haas and Stanford Graduate School of Business! We would like to share a special opportunity for students from diverse backgrounds interested in research and academia. The IDDEAS program is a two-day conference for undergraduate students held on May 16-17, 2019 at Berkeley Haas. The program seeks to attract a diverse group of promising undergraduate students and introduce them to business research at the doctoral level.

Participants will have the opportunity to:

Learn about doctoral-level research.
Gain advice about graduate school opportunities and insights on the application process.
And discuss academic careers in research and teaching.

Ideal candidates for IDDEAS Scholars are current college sophomores, juniors, or seniors with strong quantitative skills and academic records. Candidates must provide academic recommendation from an advisor or faculty member knowledgeable about their experience or interest in research and/or teaching.

Apply now to join us in May! Application deadline: April 5, 2019.

https://www.gsb.stanford.edu/programs/phd/admission/events/introduction-diversity-doctoral-education-scholarship-iddeas

Because of their strong beliefs in the value of diversity (broadly defined) in the pursuit of its educational mission, Berkeley Haas and Stanford GSB strongly encourage applications from women and under-represented minorities, as well as from others whose backgrounds and experience would bring additional dimensions to the educational experience.
Undergraduate and Graduate Gown Lending Project
Application Now Open, 4/19/19

We are pleased to announce that the EOP Graduation Gown Lending Project Spring 2019 application is now open! Graduation can be an exciting moment for students, however the cost of purchasing a cap and gown can be a burden that impede students from fully enjoying their academic achievement. GGLP’s mission focuses on alleviating the financial burden graduation expenses have on students. We are excited to continue extending our resources to Master and PhD students!

Gowns are distributed on a first come, first serve basis so students are encouraged to apply early. In order to qualify, a student must either be: 1) Low-income and/or 2) First Generation and/or 3) Historically Underrepresented, OR a Graduate Student. Two separate applications will be available and will be closing on Friday, April 19, 2019 at 11:59pm. Unsure of EOP status? Stop by the EOP office in 119 Cesar Chavez to be verified or apply to be EOP here.

For any questions or concerns, please do not hesitate to email us at eop.gglp@gmail.com!

11th Annual California Cognitive Science Conference,
4/27/19

The UC Berkeley Cognitive Science Student Association asks you to save the date for The Eleventh Annual California Cognitive Science Conference on Saturday, April 27, 2019, held on the beautiful UC Berkeley campus in Hearst Memorial Mining Building. This year, the theme is CCSC19: Constructing Happiness. We are excited to explore this topic from the perspectives of Computer Science, Psychology, Neuroscience, Linguistics, Anthropology, and Philosophy.

You can look forward to a full day of thought-provoking talks, research poster presentations, intriguing exhibits, and professional catering. The California Cognitive Science Conference sells out every year, so keep an eye out for a link to register in the coming weeks!

Call for Abstracts
Application Deadline: March 31st, 2019 at 11:59 PM

The California Cognitive Science Conference is an opportunity for researchers (especially undergraduates) to exhibit their original work in the Cognitive Sciences. This year’s conference will take place on April 27th. Poster Presenters at the conference will be able to mingle with and receive feedback from professional scientists and our broader conference audience. Submitted abstracts will be evaluated based on interest and appeal to a wide audience; scientific and professional merit; clarity; and contribution to knowledge, practices, and policies. As in previous
years, we will be awarding a prize to the top poster, as selected by a popular vote by our attendees.

Submit your 300 word or less abstract here by March 31st to be considered

You will be notified about the status of your submission no later than April 14th, 2019. If your submission is accepted, you will be able to purchase a discounted poster presenter ticket to Conference.

You can find more information at cssa.berkeley.edu/ccsc19. Please extend this invitation to friends, students, and colleagues.
