Summer 2021: UGBA Courses

With Berkeley Summer Sessions enrollment in progress, we want to remind students that enrollment into UGBA classes are on a **first come first served** basis in the summer and as such, Non-Haas majors are encouraged to enroll. Please note that prerequisites are not enforced during the summer. The listed prerequisite(s) that students see affiliated with some of our upper division UGBA courses serve as a guide to alert students that at the very least, an awareness or knowledge of a particular course is needed to achieve a minimum understanding of the course. Therefore, students who wish to take UGBA courses in the summer will need to use their best judgement to determine if they can reasonably handle the course without having completed the listed prerequisite(s).
Course Description: This course is designed to: 1) develop basic skills in financial statement analysis; 2) teach students to identify the relevant financial data used in a variety of decision contexts, such as equity valuation, forecasting firm-level economic variables, distress prediction and credit analysis; 3) help students appreciate the factors that influence the outcome of the financial reporting process, such as the incentives of reporting parties, regulatory rules, and a firm's competitive environment.
