2021 CASE Internship, 3/4

The 2021 CASE Advancement Internship Program is Recruiting!

Program Overview: The CASE Advancement Internship Program is an eight-week summer internship in which advancement interns work, 32 hours per week, within areas of UC Berkeley's advancement office, University Development and Alumni Relations (UDAR). The remaining 8 hours per week will be dedicated to working on a CASE assigned project with other CASE interns across the nation. Interns gain a hands-on learning experience and develop skills in the five professional areas of advancement — alumni relations, advancement services, communications and marketing, fundraising and development.

Internship Dates: 6/7/21 - 7/30/21
Apps are due March 4th, 2021. Apply via Handshake!

Position Description:
This year we are looking to hire one intern.
Our CASE Advancement Intern will focus on projects within our Annual Programs Team, particularly with our Pipeline Development and Next Generation Philanthropy teams. Projects will include alumni outreach, communications, student philanthropy programming, strategic planning support, data analysis, and digital philanthropy projects. This intern will report to a supervisor in Annual Programs, and will have the opportunity to shadow other teams within UDAR.

Qualifications:
● Any major is encouraged to apply!
● Undergraduate Sophomore, Junior, or Senior
● Interest in learning about advancement, analyzing data, and/or marketing communications / branding
● Desire to help advance UC Berkeley’s mission

Benefits:
● $5000 Stipend
● A mentor is provided for each intern to provide guidance, weekly check-ins, and networking
● All-expenses paid trip & three-day CASE Conference for Student Advancement in Washington, DC (Public health circumstances permitting)
Internship and Volunteering Opportunities: Week of March 1, 2021

- Weekly eLearning and resources through CASE’s webinars, CASE library, & Career Central
- Regular communication post-internship on entry-level job postings in advancement
- Hands-on educational advancement experience at a premier institution

If you have any questions or concerns, feel free to reach out to Clara Dellenbach, Assistant Director of Next Generation Philanthropy at cpdellenbach@berkeley.edu.

EYH Conference Volunteers, 3/6

Hello!
We are currently looking for volunteers to assist with the Expanding Your Horizons (EYH) conference on the day of. This conference, which will be held virtually Saturday, March 6th 2021 on Zoom, serves to introduce 5th through 8th grade girls to career opportunities in science, computer science, technology, engineering, and mathematics (STEM) through diverse online workshops and interacting with womxn mentors. Undergraduate student volunteers will be working directly with the attendees during virtual lessons on Conference day! If that sounds interesting to you, please sign up to volunteer [here]. More detailed information about the EYH can be found on our [website]. Feel free to email me [surya.parker@berkeley.edu] or eyh.ucb.volunteer@gmail.com with any questions.

“Be a Scientist” Volunteer, 3/8

"Be A Scientist" is Going Virtual! Inspire 7th graders to discover their inner scientist

https://crscience.org/outreach/beascientist/
We invite UC Berkeley graduate students, post-docs, and motivated 3rd/4th year undergrads to take part in Be A Scientist, an exciting award-winning science outreach program for Berkeley middle schools. We have made modifications to run our program fully online to accommodate distance-learning and we need you - we will be running a year's worth of programming in a single semester, so join us as we ensure that no 7th grader misses out this year!

Space is limited and registration will close on Monday March 8th. Trainings will be held online beginning next week, and the program will launch on March 29th. Our final session at Willard/Longfellow will launch at the end of this month (March 29th - May 14th, with gap weeks for BUSD and UCB Spring Breaks) and we still need more mentor volunteers, especially those fluent in Spanish. We have two lab periods specifically dedicated to the BUSD dual-immersion program where science experiments will be run completely in Spanish, so we are looking for Spanish-fluent mentors only for those time slots.

As a volunteer scientist mentor, you will guide a small group of 7th graders through the process of designing and conducting their own scientific investigations during distance-learning lab periods over a 6-week period. This is a wonderful opportunity for you to serve as a STEM role model while developing your communication skills and gaining hands-on experience in important science outreach.

Details:
- Mentors must commit to one mandatory 2-hr Training Session: All trainings will be held on Zoom beginning two weeks prior to the start of each session
- Commit to attend at least one school lab period each week for the 6-week program (schedule program dates [here](#)). We encourage mentors to sign up for multiple lab periods if possible!
- Guide 4-6 student mentees through the process of developing a testable question, designing an appropriate experiment, and gathering and analyzing data. Each student in your group will have the opportunity to choose an independent scientific question based on their own interests and will be provided the materials they need to run these hands-on investigations at home during distance-learning school hours.

Please carefully read over the details provided [here](#). Ready to participate? [Sign up](#) as a mentor to make an impact on future scientists, engineers, and critical thinkers!

To learn more, visit: [https://crscience.org/outreach/beascientist/](https://crscience.org/outreach/beascientist/)

USP Communications and Marketing Intern, 3/12

THE UNDOCUMENTED STUDENT PROGRAM IS ACCEPTING APPLICATIONS FOR:

USP PAID COMMUNICATIONS AND MARKETING INTERN

BEGINNS SPRING 2021
2021-2022 ACADEMIC YEAR!

Apply by March 12: tinyurl.com/apa1dk8i

Berkeley Summer Abroad Applications Open, 3/15

Berkeley Global Internships and Berkeley Summer Abroad programs will be virtual for Summer 2021.

Applications for both programs open February 1, 2021. These programs are open to Berkeley students and visitors.

Berkeley Summer Abroad

Berkeley Summer Abroad offers virtual intensive summer programs built around Berkeley courses and led by Berkeley faculty.

Earn Berkeley credit (or UC credit for visiting students) while diving deep into a topic with an international focus.

Experience other cultures through sustained and interactive engagement with on the ground communities, virtual excursions, and virtual cultural activities.

Courses can satisfy Breadth Requirements and/or Major/Minor Requirements. See individual program pages for info session dates and more details.

2021 Virtual Summer Abroad programs include:

- Global Entrepreneurship and Innovation in Europe
- Venice and Trieste, Italy: Italian Language and Culture
- Mexico City, Mexico: Education, Gender, and Transfeminist Activism in Mexico City
- Manila, Philippines: Narratives of Tradition and Resistance
- Barcelona, Spain: The Other Side/El Otro Lado: A comparative look at migration and refugees along the Mediterranean and US-Mexico borderlands
- Madrid, Spain: Spanish Language and Culture

The deadline to apply for the Berkeley Summer Abroad: Global Entrepreneurship and Innovation program is March 15, 2021.

The deadline to apply for all other Berkeley Summer Abroad programs is May 2, 2021.

1,200 scholarships are available to UC Berkeley students for Berkeley Global Internships and the Entrepreneurship and Innovation Berkeley Summer Abroad program!
Internship and Volunteering Opportunities: Week of March 1, 2021

The Berkeley Study Abroad Scholarship is available to eligible Berkeley students. Qualified students will receive awards of $1,200 for a summer 2021 program. No application is necessary.

To qualify, you must:

- Be a current UC Berkeley student (Expected Graduation Date of summer 2021 or later)
- Be a current Berkeley student eligible for financial aid
- Be a participant in a 2021 Berkeley Virtual Global Internships program (all locations), or the 2021 Berkeley Summer Abroad Virtual Global Entrepreneurship and Innovation program.
- Have an Expected Family Contribution (EFC) of $50,000 or less
- Have completed a Free Application for Federal Student Aid (FAFSA) for the term of participation
- Have remaining financial need after all other eligible gift aid and scholarships have been calculated towards your program's cost of attendance
- Enrolled in a minimum of 6 semester units in summer 2021

Learn more under "Scholarships for Berkeley Study Abroad Programs" on our Scholarships page.

Berkeley Global Internships Applications Open, 3/15

Berkeley Global Internships and Berkeley Summer Abroad programs will be virtual for Summer 2021.

Applications for both programs open February 1, 2021. These programs are open to Berkeley students and visitors.

Berkeley Global Internships
Gain first-hand knowledge, connections, and work experience through an academic internship this summer. This virtual internships allows you to work from anywhere in the world! Develop global competencies and skills such as collaboration, communication, and problem-solving that will prepare students to thrive in a diverse and interconnected world.

DreamSF Fellowship, 4/14

Good evening friends and community partners,

We’re proud to announce that the DreamSF Fellowship is now recruiting for our 2021-2022 cohort! Please visit dreamsffellows.org to apply!

WHAT YOU NEED TO KNOW

The DreamSF Fellowship is a six month or year-long leadership and professional development opportunity for immigrant students and aspiring professionals (ages 18+) who seek to be social justice change-makers in the San Francisco Bay Area. Fellows are paired with local
Internship and Volunteering Opportunities: Week of March 1, 2021

immigrant-serving community organizations and gain hands-on experience in direct services, advocacy, and immigration law careers, all while growing a network of mentors.

All qualified applicants are encouraged to apply! For program and application details visit dreamsffellows.org

APPLICATION DEADLINE IS APRIL 14TH, 2021

Apply here

Casa de Esperanza Internship Program, year-round apps

Casa de Esperanza, a non-profit in Houston, Texas, provides residential care to children birth through six who are in crisis due to abuse, neglect, or the effects of HIV. Care is provided in our neighborhood by our Hands of Hope interns. Our interns, most of whom are recent college graduates, join us for a year of service (a twelve-month full-time post-graduation internship). Applicants wishing to complete shorter internships are considered on a case by case basis. We provide on-site housing (interns live with the children they are caring for) and interns join us from all over the United States to be part of our internship program.

Information about our internship may be found here: https://www.casahope.org/hands-of-hope-internship
The application for our internship may be found here: https://www.casahope.org/application-part-one
Interns in our program gain valuable experience that is relevant to a number of fields and future career goals while simultaneously making a meaningful difference in the lives of a vulnerable. We will have groups joining us in January, June, and August of 2021.

Want to make a difference in the lives of young children?
Casa de Esperanza seeks applicants for the Hands of Hope Service Year Program. Casa de Esperanza provides residential foster care to children ages birth through six who are in crisis due to abuse, neglect or the effects of HIV. For a complete description visit: https://www.casahope.org/hands-of-hope-service-year-1. Our application can be found at: https://www.casahope.org/application-part-one

For more information, please contact Darean Talmadge 713-529-0639

SERVICE YEAR OPPORTUNITY FOR GRADUATING SENIORS

Are you or someone you know looking for a service-year opportunity working directly with young children? Apply today!

ACCEPTING APPLICATIONS YEAR-ROUND
CASAHOPE.ORG/HANDSOFHOPE
Pandemic Professors: Volunteer Tutors needed!

We envision a world with no barriers, where every child can have access to a quality education and pursue their dreams.

Pandemic Professors provides free online 1-on-1 tutoring to help students in underserved communities strengthen subject comprehension, build important skills and increase their academic confidence.

From the moment they met, it was a positive connection.
- Happy mom of a middle school student

I had never been a tutor before but the supportive community along with the many resources, have allowed me to create exciting lessons.
- Alyssa Wong
Pandemic Professors Tutor

Flexible schedule: tutor any day of the week, any time of day.

While tutoring any student can be a fun and flexible way to give back, we offer a unique opportunity to partner with families in underserved communities.

**ACE Coaches Volunteer Tutoring**

ACE Coaches is a tutoring club that serves elementary students in San Francisco Chinatown, and we're looking for new members to help us teach our weekly classes over Zoom this semester! This is a unique opportunity for more experience in education, community service, and virtual classrooms, and we're open to all students! Please visit [our Facebook page](#), email us, or fill out [our Google form](#) to get in contact. Hope to serve with you soon!
We partner with the SF Chinatown YMCA to tutor elementary students living in Single Room Occupancies (SROs).

In addition to tutoring math, English, and science, we teach them about Chinese culture.

During weekly classes, our volunteers are teachers to the students, and we create curriculum to teach and support them!

UcSF THRIVE Lab Volunteer Opportunities

UcSF Lab Seeking Volunteer Research Assistants

Looking for an exciting research experience before medical or graduate school? The THRIVE (Trauma and Health Research on Immunity, Vitality and Emotions) Lab is hiring. We’re focused on revealing how psychological stress drives the development of mental and physical disorders like PTSD.

Volunteer Research Assistants will work for one year assisting with any research studies (e.g., screening or running patients), conducting literature reviews, developing protocols, and more!

Please check out our website to learn more about our research at odonovanlab.ucsf.edu

LAB DIRECTOR
Adept O’Donovan, Ph.D.

LOCATIONS
UCSF
San Francisco VA Medical Center

REQUISITE QUALIFICATIONS
- Strong academic performance, ideally in psychology, biology, immunology, computer science
- Ability to work two full days (or four half days) each week (9am-5pm PST, M-F)
- One-year commitment
- Understanding of basic research methods (previous exposure to a Research Methods course)
- Ability to function effectively in a dynamic workplace (tasks vary frequently)
- Excellent interpersonal skills
- Ability to work independently
- Interest in learning more about traumatic stress and/or psychoneuroimmunology

DESIRED QUALIFICATIONS
- Knowledge of computer languages or analytic programs (e.g., Python, R, SPSS, STATA)

REQUIRED APPLICATION MATERIALS
- Cover letter
- CV/Resume
- Most recent academic transcript (unofficial copies are accepted)

For a more complete job description or to submit materials, email ucestthrivelab@gmail.com.
Applications are reviewed on a rolling basis.

Trauma and Health Research on Immunity, Vitality and Emotions
Adept O’Donovan, Ph.D. | UCSF
Photoshop Tutor Opportunity

Tech support needed!

Looking for an individual that is familiar with Mac and is proficient in Adobe Creative Cloud programs like Photoshop. Flexible schedule (fits to whatever works best for your schedule), virtual help that is compensated ($20/hour). Low time commitment weekly (2-3 hours). Experience working with neurodiverse population preferred, but not required! If interested, please contact aliciageng@berkeley.edu. Thank you!

Social Origins Lab Summer Internship

The Social Origins Lab at UC Berkeley is now accepting applications for their summer research internship. The goal of this internship is to provide highly motivated and curious-minded students with the opportunity to gain hands-on research experience in the field of developmental psychology.

Under the direction of Dr. Jan Engelmann, the lab explores how social and cognitive abilities arise and interact with one another in human development and across species and cultures. In doing so, our research studies primarily involve working with children of various age ranges. The summer intern will work closely with graduate students and the lab manager to facilitate the research process. Responsibilities for the intern will include running research studies with young children, helping to recruit participants, collecting and coding video data, and assisting with administrative tasks.

Tentative dates for the internship are June 1 - July 23, with an expected commitment of 30 hours/week.

For more information, and to apply, please visit https://socialorigins.berkeley.edu/opportunities/

Please direct any questions to Alissa Gomez at socialoriginsmanager@berkeley.edu.
UCSF Substance Abuse Volunteer RA

Volunteer Research / Office Assistant Positions
University of California, San Francisco
at Zuckerberg San Francisco General Hospital

We at the UCSF Substance Abuse Research Program are seeking highly motivated volunteers to help out with administrative and research-related assignments in the area of substance use disorders and addictions treatment and services. This is an excellent opportunity for those seeking experience in a research setting. Volunteers may have an opportunity to work with research investigators, postdoctoral fellows, other research personnel, and potentially research participants.

Volunteer Research Assistants will assist with the following various projects depending on their level of experience and aptitude:

1. Observation and assistance of research protocol implementation
2. Observation/learn the development, revision, & management of research participant databases
3. Assist with program and participant recruitment materials
4. Potential to assist with screening and recruitment of research subjects
5. Potential interface and primary data collection with research participants
6. Assist with filing and completion of research paperwork
7. “Closing out” completed research projects
8. Tracking publications and generating references
9. Creating and formatting presentations, letters, tables, charts, graphs, etc.
10. Participating in ad hoc projects as assigned

Volunteers must possess the following attributes:

(a) Team oriented and enthusiastic
(b) Empathic and good interpersonal skills
(c) Proactive and able to work independently
(d) Commited to following up with research responsibilities
(e) Proficient in the use of Excel, Word, and PowerPoint
(f) Excellent oral and written communication
(g) Attentive to detail

We are looking for seniors, recent college graduates, and post-bacs considering future careers in clinical research. This would be the perfect opportunity for those planning on taking a year or two off between graduation and medical or graduate school.

For more information, please visit the website below:
https://psych.ucsf.edu/research/programs/substanceabuse

If interested, please send your resume and cover letter to Jaime Smith at as24r@ucsf.edu
Additionally, please indicate your weekly availability and provide an estimate of how long of a commitment you would be willing to make.

Revised 2/11/2021
TA-DA! Language Productions Internship

A hardworking, creative, outside-the-box thinker with an infectious POSITIVE ATTITUDE and smile - and seeking a unique internship experience with lots of real-world experience and networking ops?

We are TA-DA! Language Productions - a Silicon Valley/Luxembourg startup on the heels of greatness!

We innovate ‘paper tech’ - allowing the touch of a little finger to render normal paper responsive - like an iPad, yet with no screen! This in particular allows young children to learn (no matter what they may have access to at home) at the optimal age for language learning - which so happens to be the age most dangerous for screen usage.

TA-DA! Is brought to you by the very best in their fields, including industry execs, teachers/professors, and Oscar and Grammy winners. (One of the TA-DA! Co-founders was just nominated for both Classical Music Producer of the Year AND best Classical Album of the Year by the Grammys.) One of our Advisors is the #1 Children’s Educational App maker of codeSpark, which has more than 30 million users. Our other key advisor is a legend in Publishing - the individual who took the publishing industry digital, worldwide.

We currently seek interns in the following domains:
- native speakers of world languages, particularly (but not limited to):
  - French
  - Mandarin
  - Spanish (various dialects)
  - German
  - Hebrew
  - Hindi
  - Japanese
  - Korean
  - Portuguese
- students of language
- students of education
- students of cognitive psych
- students of marketing/PR
- Graphic Design
Internship and Volunteering Opportunities: Week of March 1, 2021

- Web Design web
- Animation/illustration
- Sound engineering

Time commitment:
We require as little as 5 hours per week - unless your school requires specific conditions, which we of curse adhere to.

Compensation:
We are bootstrapping, and currently fundraising, so like every TA-DA! core team member, no one is paid just yet, but we aspire for that to change very soon! Our first products go to market in February.

Please email our CEO Michelle Glorieux directly at Michelle@tadalp.com.

There is no specific deadline to apply.

Camp Baker Training Opportunity

Camp Baker at Judge Baker Children’s Center currently has undergraduate-level summer training positions available. Camp Baker is a therapeutic summer program based off of the Summer Treatment Program (STP) and is specifically designed for 6-12 year old children with ADHD. The STP has positive effects on the serious behavioral, social, and academic difficulties exhibited by children diagnosed with ADHD.

Summer trainees at Camp Baker will implement the treatment program in a camp setting for children with ADHD. They will receive extensive training and experience implementing the research-based intervention. Students with STP experience are often highly sought-after in graduate training programs in clinical psychology, social work, medicine, and education. Previous trainees within Camp Baker have gone in to successful careers in all of these fields.

Camp Baker is currently accepting applications for two roles: 1) Undergraduate Counselor and 2) Teaching Assistant. Please visit our website for a detailed description of roles and responsibilities for each position: https://campbaker.org/training-opportunities/

All aspects of the training program are supervised by a licensed clinical psychologist. Trainees typically gain over 200 hours of experience providing treatment directly to children. Opportunities for participating in behavioral parent training groups are also available.
Trainees complete a week-long training prior to the start of treatment and receive ongoing supervision. Training begins **Thursday, July 1, 2021 with the July 4th holiday off.** Camp Baker runs from **Monday, July 12th and continues through Friday, August 20th, 2021.** Trainees typically work from 7:30am until 4:30pm and stay from 7:30am-6pm one evening per week. The stipend for undergraduate-level positions this summer is $1,000.

Interested applicants should apply on the website under the training tab. Mandatory materials that must be uploaded are listed below:

- A cover letter describing your professional development goals and how Camp Baker might fit with those goals
- A current CV
- A de-identified assessment report, treatment report, or other psychology-related writing sample
- The name and contact information for your practicum coordinator (for applicants looking to gain practicum or academic credit)
- Three letters of recommendation (sent to Dr. Tannenbaum from the recommender directly through the website)

**Creative Research Challenge: Volunteer Mentors in Psychology Needed**

Creative Research Challenge (CRC) is a program for community college students to conduct independent social sciences research around an annual theme--Covid-19 for 2021. We are looking for experienced student researchers at Cal from Psychology, Sociology, Political Science, and Economics to be mentors for community college researchers in the Spring semester. As a mentor, you can set up office hours based on your schedule (min 2 hours/wk) for 3 weeks in the spring quarter (Late-March to Mid-April) to help them with their research.

If you are interested in this opportunity, please contact UC Berkeley student Jay Zhao at: jay.zhao@berkeley.edu

**Stanford Pre-Renal Initiative: Funded Summer Research Experience**

10 Week NIH-sponsored undergraduate training program
Internship and Volunteering Opportunities: Week of March 1, 2021

- Come learn about all the great work of the kidneys
- Do clinical and basic research under the mentorship of some of the top nephrologists and urologists in the US

We are funded to support 6-8 students for a summer research and didactic experience. Students will participate in a basic or clinical research project in nephrology, urology, or stem cell biology for 10 weeks and then join the larger network of funded trainees across the country for a symposium to present their work. We are funded at least for the next five summers, and will likely pivot to a virtual experience for summer 2021. We are also committed to support trainees underrepresented in medicine.

Now accepting applications for Summer 2021: http://prerenal.stanford.edu
