SLV.Global Volunteers Needed

SLV.Global is accepting volunteers for 2019! To apply and speak with a member of the team about their Mental Health Placements abroad, click here: http://slv.global/apply-now

SLV.Global is a mental health organization providing degree-specific volunteer placements in Sri Lanka and Bali, Indonesia. Their placements offer participants the chance to gain psychology-focused work experience in a multitude of professional environments from classrooms to a psychiatric facility.

Volunteers work with diverse client groups, including children and adults with specific needs and mental health concerns, with the aim to bolster the countries' existing resources and to promote positive mental health.

SLV.Global offers comprehensive training and encourages volunteers to contribute to the continued growth and development of the team and its projects. The SLV.Global team strives to make a positive, responsible, and sustainable impact in the communities where they work.

Research Assistant position available at Weill Cornell

Position Title: Research Assistant
Department: Psychiatry
Division: Institute of Geriatric Psychiatry

Position Summary
Under general supervision, assists in performance of NIMH-funded research studies of depression treatment among underserved older adults being served by elder abuse and case management agencies in New York City and Westchester County.

Position Activities

- Screens and recruits potential study subjects in the community.
- Performs on-site and in-home structured clinical assessments to assist in determination of patient diagnosis.
- Administers research battery of additional measures on depression severity, suicidal ideation, cognitive functioning, medical comorbidity, physical functioning, social support, etc.
- Develops and prepares data collection sheets according to protocol requirements.
- Reviews data for accuracy, maintains records of study data, and assists in data entry.
- Tracks patients over time for follow-up assessments.
- Attends team meetings to gather and present information.
- Assists in preparation of research documentation including IRB protocols.
- Performs other related duties as assigned.
Requirements

**Minimum Requirements**
* College degree
* Public transportation between appointments (or own car)

**Highly Desired Requirements**
* Prior research experience
* Prior experience with clinical populations

**Skills and Abilities**
* Superior interpersonal, organizational, and communication skills.
* Familiarity with software including MS Word, Access, PowerPoint, Endnote, and SPSS. SAS, Stat, Medline, PsychInfo, and other library resources a plus.

**Note:** This position involved time both in NYC and in White Plains (Westchester County) NY. No relocation assistance is provided for this position. Visa sponsorship is not available for this position. Weill Cornell Medical College is an employer and educator recognized for valuing AA/EOE/M/F/Protected Veterans, and Individuals with Disabilities.

Please send cover letters and resumes to chm2072@med.cornell.edu

➤ **Stanford Home Sleep Center is looking for research assistants**

There are research assistant positions for undergraduate students at our research group, the Stanford Home Sleep Center. We are looking for energetic, ambitious students in psychology programs who are interested in joining us to work on a research project focusing on sleep and affective neuroscience. The Stanford Home Sleep Center seeks to support the development of evidence-based treatments for individuals with sleep disorders and a better understanding of sleep in general.

Our research group investigates how different kinds of emotion regulation impairments may contribute to the formation of sleep disorders. We collect data through online platforms, behavioral and physiological in-lab assessments, functional magnetic resonance imaging of brain activation, and home-based sleep studies using polysomnography, actigraphy, and ecological momentary assessments. Data collection for this project has been ongoing since June 2017 and will continue throughout the academic year. In addition to this main line of work, our research group conducts basic research on affective processes (coping, mood, emotion, emotion regulation) with a strong interest in quantitative methods.

At your convenience, please visit our website:

https://homesleep.stanford.edu/
Internship and Volunteering Opportunities: Week of April 1, 2019

Stanford Lab Coordinator Position Available

The Stanford Neurodevelopment, Affect, and Psychopathology lab is seeking a lab coordinator to manage an NIMH-funded longitudinal study assessing stress, inflammation, and brain connectivity in clinically depressed adolescents. Tasks include scheduling and running behavioral sessions, assisting with clinical interviews, data management (REDCap, R, SPSS), training and supervising undergraduate RAs, and finance management. Because this study works with a sensitive patient population, there are rich opportunities to develop clinical skills in the context of a top-tier research environment. Required qualifications include an undergraduate degree in Psychology, Cognitive Science, Neuroscience, or a related field, excellent organization, flexible hours (i.e., working on weekends), and exceptional interpersonal skills. Preferred qualifications include a basic knowledge of the DSM, programming experience (e.g., R, MATLAB, Python), experience working with adolescents and parents, and prior research lab experience. A 3-month trial period is required, with a full-time position subject to funding.

For those interested in this position, please contact Johanna Walker at snaplab@stanford.edu with a copy of your CV.

Summer Internship Credit Option, 5/10/2019

SUMMER INTERNSHIP CREDIT OPTION FOR UNDERGRADS

Now in its 6th year, the Career Center and Summer Sessions are excited to once again offer a summer internship credit option for undergrads. The Independent U.S. Summer Internship Credit Option is intended to offer a solution to all enrolled undergraduate students needing to get academic credit for their domestic internships during the summer.

This option may appeal to students who have already secured a summer internship and:

- need or want to receive academic credit for their internships (especially undeclared students)
- want to reflect upon their internship experiences in a structured manner through assignments and readings

Students who are approved by the Career Center will receive the course control number for the 3-unit online course offered during summer sessions.

For more details and to apply, visit:
https://career.berkeley.edu/Internships/AcadCreditSummer

Clinical research opportunity in dementia for URM undergrad
The UCSF Memory and Aging Center seeks to support the work of an undergraduate student who identifies as a member of a group that is underrepresented in the health sciences. This position would provide an enriching experience in dementia care and research, as well as opportunities for direct interaction with patients and their caregivers.

Primary responsibilities will include data management, collaboration with various research groups within the Memory and Aging Center to coordinate participant recruitment and data collection, conducting literature reviews, and performing administrative tasks as needed. Students will receive hands-on training and mentorship from researchers, but are expected to take initiative on projects and have the ability to work independently as well.

We aim to utilize a National Institutes of Health Diversity Supplement, which requires that applicants identify with one (or more) of the groups the NIH considers underrepresented in health-related sciences. (Please refer to Part 2, Section 1 to see if you qualify). Please note that the funding for this position is not yet guaranteed, though we have engaged with NIH program staff in designing the role, and we are committed to working with the prospective candidate to apply for the supplement.

Highly motivated college sophomores and juniors who are interested in clinical research and dementia care are encouraged to apply, aiming to begin in the summer of 2019. The ideal candidate should be comfortable with standard productivity software (e.g., Excel, Word, Google Docs) and be able to manage data in an organized and conscientious manner. We are particularly interested in students who are fluent in Spanish, though this is not a strict requirement.

Interested candidates should send an up-to-date CV along with a cover letter detailing your interests and pertinent experiences to Madhu Manivannan (madhumitha.manivannan@ucsf.edu). Please also feel free to reach out if you have any questions about the position or would like more guidance regarding the process.

—he UCB Social Psychology Lab Recruiting Research Assistants

We are currently recruiting volunteer research assistants for help on a project on Political Conflict. Specifically, we are looking for detail-oriented RAs who are interested in social psychology and have about 9 hours per week to dedicate to helping transcribe real political conversations. Except for a few in-person training meetings, the work can be done remotely. If the work is done well, this volunteer position could lead to a URAP or Independent Study Position in the Fall semester.

If interested in applying, please contact Stephanie Millot at smillot@berkeley.edu with your resume and some times that you'd be able to meet for a brief interview.
Research Assistant Openings at UCSF Memory and Aging Center

The Memory and Aging Center (MAC) at UCSF is a multidisciplinary research program investigating neurodegenerative disease across a broad spectrum of clinical and translational research settings. We are currently looking for up to 12 UC Berkeley student volunteers to join labs focused on topics ranging from socioemotional processes to prion diseases to healthy aging. Students will have the opportunity to work with patients in a clinical setting, perform literature reviews, attend grand round lectures, analyze research data, and engage in various other educational and practical activities.

Interested students should expect to commit 8-16 hours per week to this position. Funding may be possible for underrepresented students through NIH Diversity Supplements; please check for eligibility here. As well, this position may qualify for UC Berkeley course credit and/or thesis work.

Please review the complete list of labs with openings here, and submit applications through this Qualtrics survey: Qualtrics survey. Contact Patrick Callahan with general questions, or contact individual lab coordinators directly with questions about their lab’s work.

Hinshaw Lab RA Opening

Announcement – Recruiting Computer Science, Cognitive Science, or Psychology Research Assistant

The Hinshaw Lab is currently seeking a part-time (~5 hrs/week) volunteer research assistant for the remainder of the semester to assist in the conduct of an EEG study investigating attention, distraction, and mind wandering processes in adults with ADHD - starting immediately. The position primarily entails assisting in the coding of EEG experiments; opportunities to assist with EEG data collection, analysis, and presentation are available for those interested. Additional responsibilities may include data and IRB management, as well as subject recruitment and screening. Ideally, candidates will have experience with Matlab and Psychtoolbox, and an interest in developmental psychopathology.

If interested, please email emarcelle@berkeley.edu with a resume and brief statement of interest.

Senior Weekend Greeters & Senders, 4/3/19

Volunteer Roles: -- On Thursday, April 11th, "Greeters" will carpool or take BART from campus to Oakland Airport or Emeryville Amtrak, greet new students as they disembark, ensure luggage is recovered at baggage claim, and accompany students to campus via charter bus.
Internship and Volunteering Opportunities: Week of April 1, 2019

-- On Sunday, April 14th, "Senders" will meet new students on campus, accompany them to Oakland Airport or Emeryville Amtrak via charter bus, assist with check-in, and carpool or BART back to campus.

-- We are also seeking volunteers to drive these carpools to and from either Oakland Airport or Emeryville Amtrak on Thursday (4/11) and Sunday (4/14).

Volunteer Compensation:
All volunteers will receive a $25 Amazon voucher code (up to two, one per each day you volunteer!) in appreciation of their time. Carpool drivers using their personal cars will also be reimbursed for mileage.

Sign me up!
If interested, complete the [Greeters & Senders Volunteer Form](#) by Wednesday, April 3rd at 5pm.

If you have any questions, please contact either:
Erica Sanchez at (510) 642-1537 or edica@berkeley.edu
Stephanie Eto at (510) 664-7841 or s.eto@berkeley.edu

➤ Kaiser Permanente Intern Position

Analytic Intern (Part-time, Oakland, CA):

Kaiser Permanente is seeking interns in the TPMG Consulting Services department.

In this position, you will work with healthcare data as part of the Member Patient Satisfaction Reporting Team. This position allows you to better understand how a large healthcare organization uses data to drive improvements in patient care. You will learn what types of questions and hypotheses health care professionals have regarding patient satisfaction and how those questions can be answered using data analytics.

Your internship will culminate with a presentation on a research project you will conduct with your fellow interns throughout the year. This position is ideal for a senior in college or a recent graduate who aspires to become a successful health care analytic consultant.

Job Description:
- Prepares and verifies quarterly reports for accuracy before publication
- Reads and processes patient comments
- Creates graphs and tables
- Performs quality control on surveys
- Conducts data exploration and analysis on healthcare data
- Provides client service to healthcare providers

Job Qualifications:
- An interest in data analysis, health care, or research
- Strong problem-solving skills, attention to detail, and communication skills
- Interest in learning SAS, SQL, Excel, Tableau

Details:
- This is a 12-month position starting in Summer 2019
- A commitment of 12+ hours/week minimum is required
- This is a paid non-clinical position
- We are located within walking distance to the 19th St. BART station

To Apply: Please email your cover letter, resume, and unofficial college transcript(s) to: MPS-Team-Hiring@kp.org. Thank you for your interest in this position.
