Mental Health Support
Scheduled appointments
- During this reduction in services, ALL appointments will be held over the phone and will be shorter than usual, given reduced service hours. If you already have a scheduled appointment with Dr. Barrios or Dr. Peña, they will be reaching out for a phone session at the time of your appointment. We understand that it may be difficult to access a private space with short notice, so please let us know if you need to reschedule or cancel based on travel/transition needs.
  - Dr. Bianca Barrios (510) 664-5342
  - Dr. Diana Peña (510) 664-7483
- Those new to mental health counseling (and not in crisis) may also call to access phone support, case management, referral support, etc. As our hours will be limited, calling our voicemail is NOT the best resource if you are in crisis or need urgent support. See below for info on urgent emotional support***.

Communication
- Given the fluidity of this situation, please check emails from the eTang secure messaging system, as this is a primary way counselors will update you with last minute changes to services. They will also call your cell phone number for updates and scheduled phone
appointments, so please make sure your Cal Central Mobile number has a voicemail box that is set up and can accept new messages.

Additional Services

- As of Monday, March 16th, all counseling groups, including the UndocuWellness in Action Group have been suspended until further notice. If you’re an existing member of USP’s skills group, please check your eTang messages and/or phone messages for additional details.
- Drop in hours (aka Let's Talk) are cancelled until further notice. In lieu of drop-in, additional phone appointment slots will be opened.
- ***For ANY urgent concerns or crisis mental health needs, please call CAPS at the Tang center (510) 664-7483 to speak with a counselor. For after-hours crisis support, please call 855.817.5667. For up to date info on CAPS services, please go to https://uhs.berkeley.edu/caps. The more we care about each other, the more vulnerable we are to shame. Intentionally or unintentionally, we poke each other in the tender spots. In this workshop we will explore the blame/shame game people who care about each other can fall into and learn how to help them stop shaming each other and work together to create a secure base and heal the wounds of the past. We will:

- Look at some of the many subtle ways shame can be triggered.  
- Explore shaming moments with great care so we can teach our clients how to avoid shame-based reactivity.  
- Learn the gentle art of counter-shaming and how to avoid triggering feelings of inadequacy in yourself or in another person.  
- Talk about, have compassion for and heal past shaming incidents within the relationship.  
- Help each person to understand, have compassion, and be there for each other—to learn to face the shame dragon together, to avoid shaming in the present and heal shame from the past.

There is no prerequisite for this course. It can be taken by itself or as part of a sequence.

TO REGISTER, please visit the Schedule page at www.HealingShame.com.

**The United States Public Interest Research Group Fellowship**

Our mission is to advocate for the public interest—to speak out for a healthier, safer world in which we’re freer to pursue our own individual well-being and the common good.

Whether it’s working to stop the overuse of antibiotics in agriculture, addressing our country’s plastic waste crisis, or alerting people to threats in the marketplace, the problems we work on aren’t progressive or conservative. They’re just problems that our country shouldn’t tolerate any longer.

If you are ready to roll up your sleeves and win more results for the public, we’d love to hear from you.

You won’t just sit behind a desk. You’ll be out in the real world, working to protect consumers and enable citizens to lead healthier, safer, more secure lives. You’ll be recruiting new groups to join a coalition, speaking in a church basement or town hall to win a new endorsement, organizing a news event or rally, meeting with an editorial board, or doing whatever else it takes to get results. You’ll run a grassroots campaign office each summer during your fellowship.
where you’ll hire and manage a staff of 20 canvassers to raise money, build our organization and membership, and help win one of our key campaigns. This is a one-year program, expressly designed to prepare future leaders with U.S. PIRG. We look for smarts, leadership experience, top-notch written and verbal skills, and an eagerness to learn. We value organizing experience, including building campus groups.

The target annual compensation for this position is $28,000 in the first year. U.S. PIRG offers a competitive benefits package. We also offer an excellent training program and opportunities for advancement.

We’re currently hiring for positions in multiple locations across the country, including Boston, Chicago, Washington DC, Los Angeles, Philadelphia and Portland, ME. If you’re flexible, you can apply for multiple locations. We accept applications on a rolling basis.

Positions start in August 2020. Immediate positions also available.

University of Colorado Survey Responses Requested

I am a student at the University of Colorado Denver and I am conducting research in air pollution. Many studies have addressed its detrimental effects on cancer, low birth weights, and other physical health concerns, but there is little literature focused on mental health concerns. I suspect there is a relationship between high levels of air pollution and anxiety rates. I have data on the air pollution (compiled EPA data bases). I need data on anxiety rates.

If I can get perhaps 30 responses, this will give me a good representation of anxiety rates among students in the Berkeley area. It would also contribute greatly to reducing global pollution as we plan on developing this research into a plan of action. If you are not able to help us out, I completely understand.

Here is a link to the survey: https://www.surveymonkey.com/r/G2SJQVJ

If you have any questions, please feel free to contact me or my research adviser Larry Erbert at Larry.Erbert@ucdenver.edu

Thank you for your time, I will appreciate any help at all!

Processing Transfer Credit at this Time

At this time, students should be advised to request that transcripts be sent electronically (if the transfer institution needs an email address, they should use busops@berkeley.edu). We are continuing to post transfer credit via this method.

A reminder that we cannot receive transcripts from students via email, they must come directly from the transfer institution. Alternatively, if an advisor receives an official transcript, they could send a pdf to busops@berkeley.edu.

If an electronic option is not available, we suggest that students postpone the request to send until after Shelter in Place (right now, April 7th). At this time, there is no one available to scan hard copy transcripts in Sproul due to Shelter in Place. And it might not be advisable for documents to linger with mail services. My hope is that as we know more about the extent of our time away from campus, and how in person services will be handled, we'll have better guidance on when to send so that action can be taken closer to receipt of the documents.

L&S Virtual Front Desk

Virtual Front Desk is a resource for students, staffed by the L&S Peer Advisers.

Students will now be able to access the L&S Advising Office's front desk services virtually by logging on to Virtual Front Desk Google Hangouts. The peers will be able to assist students with quick questions, help identify petitions and forms (and how to submit), support navigating which campus office to contact with questions, and explain how to make an L&S college advising appointment if students have difficulty.
Topics you can get help with through L&S Advising's Virtual Front Desk:

- Clarification on L&S College policies and procedures
- Help choosing petitions and forms (and guidance in submission)
- Support navigating which campus office to contact with questions
- Guidance in whether to make an L&S College Advising appointment or to use a different resource

Please note that this service is an open format, which allows students to join in and leave at their convenience. Students, therefore, will be able to hear questions posed by other students.

On the Virtual Front Desk webpage, you will find a calendar that indicates the hours. The calendar will be updated daily, depending on changes in peer availability.

This Virtual Front Desk service is in addition to the Google Hangout services that the peers are already providing in the evenings. For more information about those services, please review Virtual Office Hours w/ Peer Advisers.
Student to Student Peer Counseling is a group of student counselors providing free, one-on-one, confidential, walk-in services to UC Berkeley students. As peer counselors, we provide a supportive atmosphere where students can openly talk about their feelings. All of us are extensively trained to cover a broad spectrum of topics, ranging anywhere from stress to suicidal thoughts, and are here to offer nonjudgmental, empathetic ears for whatever you're going through. We know that COVID-19 related events are stressful and anxiety-inducing, and want to be there for the UC Berkeley community should anyone need a space to talk openly about how they're doing and to develop their own solutions to problems and uncertainties. Please note that all our services are completely free and confidential.

Recently we have shifted to taking appointments via Zoom. You can make an appointment at https://sspc.berkeley.edu/appointments/, and we'll send you an email with the meeting link once you're scheduled. For more information, visit our website at sspc.berkeley.edu or send us an email at sspcemail@gmail.com. Hope everyone's taking reasonable precautions and staying safe during these challenging times.
UHS - Teladoc and UC Berkeley CAPS

Did you know?

→ If you have SHIP, you may still have access to medical services via Teladoc?

Teladoc is a virtual platform where you can talk to a doctor, therapist, or medical expert anywhere you are by phone or video.

Students living in Berkeley or residing within the United States with SHIP (student health insurance) are eligible.

With Teladoc you can:

- Access mental health clinicians for counseling and psychiatry
- Access services 24 hours a day, including weekends and campus holidays
- See board-certified medical professionals for things like the flu, common colds, and more through your phone, tablet or computer with internet access

(There is $15 copay per visit for SHIP members to use Teladoc)

For more info, visit: uhs.berkeley.edu/teladoc-online-telemedicine

→ UC Berkeley CAPS @ Tang is still open!

Tang remains open for urgent drop-in at the Tang Center: M-F, 10am-5pm

CAPS (Counseling and Psychological Services) is figuring out virtual options for counseling outside of the office, for that reason, they are limiting services to phone consultations and offering support for alternative ways to connect for counseling. Students can call CAPS and speak with a counselor over the phone for a consultation during business hours: (510) 642-9494.
