Independent U.S. Summer Internship Credit Option, 5/7

Now in its 8th year, the Career Center and Summer Sessions are excited to once again offer a summer internship credit option for undergrads. The Independent U.S. Summer Internship Credit Option is intended to offer a solution to enrolled undergraduate students needing to get academic credit for their domestic internships during the summer.

This option may appeal to students who have already secured a summer internship and:

- need or want to receive academic credit for their internships (especially undeclared students)
- want to reflect upon their internship experiences in a structured manner through assignments and readings

Students who are approved by the Career Center will receive the course control number for the 3-unit online course offered during summer session. Remote internships based in the US are eligible for consideration.

Application deadline: May 7, 2021

For more details and to apply, visit: <https://career.berkeley.edu/Internships/AcadCreditSummer>

Teaching and Leadership Opportunities with Connect-In-Place, 5/10

Connect-In-Place is growing our teaching team!

- Sign up for an interview slot. Interviews end May 10

Questions?

- Email us at connectinplace@gmail.com
- Visit our website at <http://connectinplace.org>

Casa de Esperanza Internship Program, year-round apps

Casa de Esperanza, a non-profit in Houston, Texas, provides residential care to children birth through six who are in crisis due to abuse, neglect, or the effects of HIV. Care is provided in our neighborhood by our Hands of Hope interns. Our interns, most of whom are recent college graduates, join us for a year of service (a twelve-month full-time post-graduation internship). Applicants wishing to complete shorter internships are considered on a case by case basis. We provide on-site housing (interns live with the children they are caring for) and interns join us from all over the United States to be part of our internship program.

Information about our internship may be found here:

<https://www.casahope.org/hands-of-hope-internship>

The application for our internship may be found here:

<https://www.casahope.org/application-part-one>

Interns in our program gain valuable experience that is relevant to a number of fields and future career goals while simultaneously making a meaningful difference in the lives of a vulnerable. We will have groups joining us in January, June, and August of 2021.

Want to make a difference in the lives of young children?

Internship and Volunteering Opportunities: Week of May 3, 2021

Casa de Esperanza seeks applicants for the Hands of Hope Service Year Program. Casa de Esperanza provides residential foster care to children ages birth through six who are in crisis due to abuse, neglect or the effects of HIV. For a complete description visit:

<https://www.casahope.org/hands-of-hope-service-year-1>. Our application can be found at:
<https://www.casahope.org/application-part-one>

TA-DA! Language Productions Internship

A hardworking, creative, outside-the-box thinker with an infectious POSITIVE ATTITUDE and smile - and seeking a unique internship experience with lots of real-world experience and networking ops?

We are TA-DA! Language Productions - a Silicon Valley/Luxembourg startup on the heels of greatness!

We innovate 'paper tech' - allowing the touch of a little finger to render normal paper responsive - like an iPad, yet with no screen! This in particular allows young children to learn (no matter what they may have access to at home) at the optimal age for language learning - which so happens to be the age most dangerous for screen usage.

TA-DA! Is brought to you by the very best in their fields, including industry execs, teachers/professors, and Oscar and Grammy winners. (One of the TA-DA! Co-founders was just nominated for both Classical Music Producer of the Year AND best Classical Album of the Year by the Grammys.) One of our Advisors is the #1 Children's Educational App maker of codeSpark, which has more than 30 million users. Our other key advisor is a legend in Publishing - the individual who took the publishing industry digital, worldwide.

We currently seek interns in the following domains:

- native speakers of world languages, particularly (but not limited to):

French

Mandarin

Spanish (various dialects)

German

Hebrew

Hindi

Internship and Volunteering Opportunities: Week of May 3, 2021

Japanese

Korean

Portuguese

- students of language
- students of education
- students of cognitive psych
- students of marketing/PR
- Graphic Design
- Web Design web
- Animation/illustration
- Sound engineering

Time commitment:

We require as little as 5 hours per week - unless your school requires specific conditions, which we of course adhere to.

Compensation:

We are bootstrapping, and currently fundraising, so like every TA-DA! core team member, no one is paid just yet, but we aspire for that to change very soon! Our first products go to market in February.

Please email our CEO Michelle Glorieux directly at Michelle@tadalp.com.

There is no specific deadline to apply.

Creative Research Challenge: Volunteer Mentors in Psychology Needed

Creative Research Challenge (CRC) is a program for community college students to conduct independent social sciences research around an annual theme--Covid-19 for 2021. We are looking for experienced student researchers at Cal from Psychology, Sociology, Political Science, and Economics to be mentors for community college researchers in the Spring semester. As a mentor, you can set up office hours based on your schedule (min 2 hours/wk) for 3 weeks in the spring quarter (Late-March to Mid-April) to help them with their research.

If you are interested in this opportunity, please contact UC Berkeley student Jay Zhao at: jay.zhao@berkeley.edu

Volunteer Summer Research Opportunity at UCB

A Doctoral Student at UC Berkeley's Clinical Science Psychology PhD program is looking for undergraduate research assistants to work with on a new exciting project this summer. The study is titled Personalized Detection of Distress States, and the goal of study is to identify and predict when an individual will go through distressful episodes.

If you are interested in learning more about the study and joining Dr. Fisher's lab:

<https://www.dynamicpsychlab.com>

Any interested students, please email Jiyoung your resume/CV: jiyoungsong@berkeley.edu
