SFVA Medical Center Research Assistant position, 6/12/2020

Position Definition:
Researchers from the San Francisco VA Medical Center; Northern California Institute for Research and Education (NCIRE); and University of California, San Francisco are conducting several research studies in trauma survivors with posttraumatic stress disorder (PTSD) and insomnia involving psychophysiological and sleep measurement. The incumbent will assist in study coordination and recruitment for these multiple research projects related to PTSD. The lab is seeking at least a 2-year commitment for this position. This is a full-time position with potential to work on collaborative projects within subject areas of sleep disorders and PTSD. Salary will be commensurate with education and relevant experience.

Essential Functions:
- Manage subject recruitment, screening, enrollment, subject tracking, scheduling, correspondence, appointment reminders as well as coordinate subject payments
- Conduct telephone screening interviews on psychiatric and medical symptomatology with participants to pre-assess for study eligibility
- Act as liaison with the multidisciplinary study team (e.g., clinical interviewer, physician, laboratory) in determining study eligibility, coordinating study procedures, and ensuring adherence to study protocol
- Coordinate all aspects of data management, including entry and verification
- Program and maintain psychology/psychophysiology experiments and related hardware and software
- Prepare and manage Institutional Review Board Documentation and other Regulatory Documents
- Manage shipment of biological samples to offsite laboratory, sample tracking, correspondence with laboratories
- Perform other duties as assigned

Job Requirements:
- BA or BS in psychology or related field
- 1-2 years previous experience in human subjects research
- Ability and experience in conducting and coordinating psychological research studies, including recruitment and tracking of participants, data entry and management using
database software (e.g., Excel, Access), analyzing and interpreting patient medical and psychiatric records

- Ability to communicate with individuals of varying educational and social backgrounds about potentially sensitive issues. Prior experience in a mental health setting is preferred
- Prior experience in psychophysiology measurement, experience using Biopac or similar equipment is strongly preferred but not necessary
- Computer literacy with emphasis on Windows operating systems and psychology software applications (e.g., AcqKnowledge, Inquisit, SuperLab, Qualtrics)
- Experience preparing and managing Institutional Review Board (IRB) submissions and other regulatory documentation is preferred but not necessary
- Prior experience collecting, organizing, and shipping biological samples is preferred. Familiarity with Freezerworks or other biological sample software is not necessary but would confer an advantage
- Excellent interpersonal, written and oral communication skills
- Must be highly organized and detail oriented
- Ability to work under minimal supervision and problem solve

Job Type: Contract & Job Type: Full-time

Casa de Esperanza Internship Program

I am with Casa de Esperanza, a non-profit in Houston, Texas. Casa de Esperanza provides residential care to children birth through six who are in crisis due to abuse, neglect, or the effects of HIV. Care is provided in our neighborhood by our Hands of Hope interns. Our interns, most of whom are recent college graduates, join us for a year of service (a twelve-month full-time post-graduation internship). Applicants wishing to complete shorter internships are considered on a case by case basis. We provide on-site housing (interns live with the children they are caring for) and interns join us from all over the United States to be part of our internship program.

Information about our internship may be found here:
https://www.casahope.org/hands-of-hope-internship
The application for our internship may be found here:
https://www.casahope.org/application-part-one
Interns in our program gain valuable experience that is relevant to a number of fields and future career goals while simultaneously making a meaningful difference in the lives of a vulnerable. We will have groups joining us in January, June, and August of 2021.
Wright Institute Student Transcribers Needed

Hello, my name is Clare Farrington and I am a psychology doctoral student at the Wright Institute. I am completing my dissertation on social media and friendship and am looking for two students to help me transcribe my focus groups. There may also be an opportunity to participate in the data analysis and validation. The focus groups were approximately two hours in length and recorded on Zoom. Please email me at cfarrington@wi.edu if you are interested!
Camp Akeela Summer Camp Internship

Psychology Internships at Vermont and Wisconsin Summer Camps

A Perfect Summer of Fun and Professional Development!

WHAT IS CAMP AKEEAL?
Camp Akeela is a traditional overnight summer camp in Vermont and Wisconsin. Our VT camp is on 400 acres in the Green Mountains. Our WI camp and Beyond Akeela (a college readiness program) are set on a beautiful college campus. Many of our campers have been diagnosed with Asperger’s or have a related ASD profile. All are bright, kind and “quirky” kids looking to develop a deeper connection with peers.

WHY WORK AT CAMP AKEEAL?
• Unparalleled hands-on, real world experience with neurodiverse youth
• Build your resume and make professional connections
• Hone your leadership, communication, collaboration and critical thinking skills
• Competitive salary package, including room & board
• Play an integral role in a vibrant & diverse community that changes kids’ lives!

HEAR WHAT OUR STAFF HAS TO SAY ABOUT CAMP:
https://campakeela.com/staff/why-work-at-akeela/

Camp Dates 2020
Vermont
June 18 - August 16
Wisconsin
June 22 - July 24
Beyond Akeela (WI)
June 22 - August 7

“Working at Akeela was definitely one of the most meaningful and fulfilling jobs I’ve had and I loved every minute I was there.”

University of Maryland RA Positions

We are offering virtual fall RA positions at the University of Maryland Family Involvement lab, please let your students know if they are looking for research experience and credits! Bilingual students are highly encouraged to apply!

Interested in gaining research experience this fall helping on a project with families and young children from diverse backgrounds?

The Family Involvement Laboratory is looking for bilingual (Spanish and English) research assistants for FALL 2020! Virtual research assistants are able to work from home while gaining valuable research experience helping with Baby Books 2.

Baby Books 2 is an NIH-funded experiment led by Dr. Natasha Cabrera, which embeds educational information into baby books as a way to educate low-income first-time parents about child development, injury prevention and optimal parenting. Phone visits are conducted with the families.

What to expect from being a research assistant?

- Data collection and entry
- Transcribe and code videos
- Conduct phone interviews with parents
- Attend online team meetings

What are the internship requirements?

- Must be able to commit to 6-9 hours per week
- Must be incoming sophomores, juniors or seniors
- Research assistants can earn course credit! 1 credit for every 3 hours

How can I apply?

Please send an email to Marina Kerlow (marina.kerlow@gmail.com and babybooks2@gmail.com) describing your interest in this position. Please attach your resume/CV, unofficial transcript, & contact information for two references.
