ULab Research Mentor, 9/3

Apply to be an undergraduate research mentor for the Cognitive Science and Psychology division of the Undergraduate Lab @Berkeley!

We are a student-run organization on campus dedicated to providing access to research opportunities for undergraduate students. By being a ULAB mentor, you will bond with a small group of students interested in research by mentoring them through a year long research project in the field of cognitive science, psychology, and neuroscience. Through this mentorship, not only would you be able to discover and hone your leadership skills, you will also gain hands on experience in scientific writing, data analysis, and experiment design. In addition to being a mentor for your group, you will work with and receive guidance from our graduate student advisors. All project groups will present at our symposium at the end of the year and be published through eScholarship. (See past publications from us: https://escholarship.org/uc/cogscipsych_uLab)

Applications are being reviewed on a rolling basis: https://forms.gle/rkPKmMzYx9AonZFCA.
Queer Alliance Resource Center (QARC), 9/4

The Queer Alliance Resource Center (QARC) wishes you well. QARC is a student-run LGBTQ+ resource, community, and advocacy center at Cal. We are looking for aspring trans and queer changemakers and leaders on campus to take part in our internship program. During the program, interns will be paired with QARC Board members and will work on a project that will benefit the LGBTQ+ community.

This year, we have turned the internship program into a Decal class so students can be compensated for their participation this semester with 2 units and that intern meeting can be at a consistent time. Interns can still be QARC interns if they can't participate in the Decal class. We will have our second infosession on the program on Wednesday, September 2 @ 6:00pm, students can join at that time using this Zoom link. The intern application is due on Friday, Sept. 4 @ 11:59pm and can be found at https://tinyurl.com/QARCinternapp2021.

Would you be willing to spread the word using the attached flyer, forwarding this email to your students, and/or another form of communication? Thank you so much.

If you have any questions or concerns, please don't hesitate to reach out to us board@ucbqarc.org.

Perennial: The Berkeley Undergraduate Environmental Journal, 9/10

Interested in environmental policy and action? Consider joining Perennial, UC Berkeley's premier undergraduate environmental journal! Our publication combines long-form journalistic articles and academic content at the local, national, and global levels. Through Perennial, students can share their insights and educate their peers on a wide variety of important topics, including climate change, environmental justice, and natural resources management.

What can you gain from joining us?
- The opportunity to write on a wide range of environmental topics
- Contribute to the design and content of our semesterly issue and our website
- Close one-on-one support from Senior Editors
- Workshops that improve your writing, research, and editing skills
- A close community of friends who share the same passion!

We're recruiting for roles in editorial, design, finance, and tech. Check out our first issue here, and view department descriptions here! To learn more, come to one of our info sessions on 9/3
Internship and Volunteering Opportunities: Week of August 31, 2020

from 8-9 pm and 9/6 from 5-6 pm. The Facebook event for our info sessions and tabling events are here. Apply by Thursday 9/10 11:59PM PDT: tinyurl.com/perennial2020. Interviews will be conducted the following weekend. Feel free to contact us at calperennial@gmail.com or check us out on Facebook, Instagram (@calperennial), or LinkedIn.

California Health Professional Student Alliance (CaHPSA), 9/13

Want to learn more about America’s healthcare system? Interested in joining the fight to achieve comprehensive, affordable health care for all! Then come join the California Health Professional Student Alliance (CaHPSA)! Through our committees, we offer a number of opportunities for students to explore their interest in the healthcare system, from serving as certified health insurance enrollment counselors to petitioning lawmakers to change defunct health care policy. Applications are open on our website now, and no experience is necessary!
Internship and Volunteering Opportunities: Week of August 31, 2020

Join CAHPSA

Pre-Health?
Interested in advocacy?
Want to change our health care system?

The California Health Professional Student Alliance seeks to cultivate leadership and advocacy skills among students to effect change in the health care system.

Project White Coat
Become trained as a certified enrollment counselor and help enroll community members in Medi-Cal and Covered California health plans.

Health Alerts
Advocate for healthcare justice by informing the community about current healthcare policies and push for reform by reaching out to policymakers.

Apply now! cahpsa.berkeley.edu
Institute of International Studies Fellowship, 9/15

How it Works:
The Undergraduate Fellows Program is a year-long fellowship and joint initiative offered by IIS and CPD. The program presents a unique opportunity for a highly selective group of undergraduate students to work side-by-side with IIS/CPD affiliated faculty and graduate-level research associates on conducting original research.

What You Will Get:
- Key skills such as statistical programming, map-making, and knowledge necessary to study the analysis of international affairs and/or the politics of developing countries.
- Access to various seminars and workshops where scholars from UC Berkeley and other top universities present their projects providing unique insight into the theories and methods used by experts, and exposure to the larger interdisciplinary research community. Workshops and seminar series include MIRTH, Global History, Global Security Policy and Comparative Politics Colloquium.
- A $1000 stipend awarded in two increments at the end of each semester, contingent upon completion of assignments.

Requirements:
Applicants must currently be enrolled at UC Berkeley and have completed at least one semester of study in residence. All majors are eligible and encouraged to apply. For more detail on specific research projects and related required qualifications, please visit cpd.berkeley.edu.

To Apply:
Please send an email to cpd@berkeley.edu or iis@berkeley.edu with “Undergraduate Fellows Program” in the subject line and you will be contacted with instructions on how to apply.

Application Deadline: Tuesday, September 15th, 2020
UCDC Remote Program Spring 2021, 9/17

Did you know that the UCDC Remote Program for Spring 2021 will offer exciting virtual internship opportunities, challenging online courses taught by DC experts, a mentorship network made up of UC alums working in DC, a speaker series featuring established DC professionals, career development workshops, and a chance to build community with students from across the UC? Plus, there’s even a Giant Panda cam at the National Zoo so you can keep tabs on the new panda cub!

Applications for the SP21 UCDC Remote Program are due on Thursday, September 17th. If you have any questions about the program or application process, come to an info session or sign up for a zoom appointment. More information at https://ucdc.berkeley.edu/.

Casa de Esperanza Internship Program

I am with Casa de Esperanza, a non-profit in Houston, Texas. Casa de Esperanza provides residential care to children birth through six who are in crisis due to abuse, neglect, or the effects of HIV. Care is provided in our neighborhood by our Hands of Hope interns. Our interns, most of whom are recent college graduates, join us for a year of service (a twelve-month full-time post-graduation internship). Applicants wishing to complete shorter internships are considered on a case by case basis. We provide on-site housing (interns live with the children they are caring for) and interns join us from all over the United States to be part of our internship program.

Information about our internship may be found here: https://www.casahope.org/hands-of-hope-internship

The application for our internship may be found here: https://www.casahope.org/application-part-one

Interns in our program gain valuable experience that is relevant to a number of fields and future career goals while simultaneously making a meaningful difference in the lives of a vulnerable. We will have groups joining us in January, June, and August of 2021.
Pandemic professors seeking empathetic tutors

Want to help your community recover from COVID-19?
Are you interested in Psychology, Empathy, or Working with Kids?

VOLUNTEER WITH PANDEMIC PROFESSORS

Pandemic Professors is a 503(c)(3) non-profit organization that facilitates free tutoring to children in low-income communities.

Visit our website to sign up as a tutor:
https://pandemicprofessor.org

As a tutor, you will hold virtual tutoring sessions with students to provide the academic and emotional support students need to stay on track.
VOLUNTEERING BENEFITS

- Help our nation’s youth stay on course with their education.
- Get officially recognized on our website (unless you prefer otherwise)
  - Check out our current tutors on our website.
- Showcase your leadership potential for future employers and graduate schools.
- A letter of recommendation for graduate school or employment.
- Learn by teaching! Teaching others is a great way to improve your skills.
- Engage in internal leadership opportunities, both current and upcoming.
- Flexible schedule with variable hours.

Become a Pandemic Professor!

If you are unable to attend the webinar for your home UC campus, you may register & join a webinar for another campus.

MOTIVATE Mentoring Program

Hello,

I hope this email finds you safe and well.

My name is Destiny Hernandez. I recently graduated from UCLA with a Bachelor's Degree in Neuroscience and I am working on the start of a virtual mentoring program, MOTIVATE, in the Montebello Unified School District. I am currently requesting those interested in the potential mentor role to fill out this form to provide a number of prospective mentors to the school district as we work together. If you could please send this out to your students, faculty, and alumni, I would greatly appreciate it. Here is a brief description of the program:

MOTIVATE is a mentoring program that aids to provide the students of the Montebello Unified School district resources that would aid their path to their career goal. The program aims to close the education gap by pairing students with mentors who have reached/are on their way to a career goal similar to the students' goals to share their experiences, their knowledge, and their guidance.

I hope you consider giving back to the community with a little bit of your time. Once again, here is the interest form. I look forward to hearing from you all. If you have any questions, please reach out to dphernandez1224@gmail.com

Thank you,
Destiny Hernandez
