

ARE YOU OR A FAMILY MEMBER AFFECTED BY DEMENTIA, STROKE, BRAIN INJURY OR LATE-LIFE DEPRESSION?

The UC Berkeley Psychology Clinic is operating a **Specialty Clinic** providing therapy for those who are affected by a neurological illness, or, who are caring for someone with a neurological diagnosis. These conditions can often lead to depression, anxiety, or other coping challenges for both patients and caregivers. If you are experiencing such issues, this clinic may be able to assist you. This clinic operates on an income-based sliding scale.

To inquire about services call **510-642-4459**.
*Please leave a voicemail specifying your interest in the
Specialty Clinic.*
